Minto Fete stamps

These labels were prepared at the suggestion of Wilmot Corfield by the Survey of India Department in Calcutta. They were issued in connection with a Charitable Fete organized by Lady Minto and held in Calcutta Dec. 1906 and Jan. 1907. They were probably produced with Lord Minto's permission, but caused a furor among the British community in Calcutta because two of the stamps carried the Minto's portrait. Those placed on sale at the fete (? only the red 4 annas) were defaced with a special "Red Cross" postmark. A few passed through the post and the rest were rapidly withdrawn.

Lord Minto was Viceroy of India from 1905 to 1910

Mrs Thompson is acquainted in reply to her letter of the 2d Instant that in order to comply with her request respecting William Thompson it is necessary that the annexed Form of description should be filled up; and as men of similar names FREQUENTLY appear in the East-India Company's service, it is requisite that the several particulars should be *very accurately stated;* otherwise the information transmitted from this House may not relate to the man respecting whom the enquiry is made.

If you possess any letter from the Soldier to his friends after his entry into the Company's service countersigned by his Commanding Officer, or the duplicate of his attestation paper, or any other document which may tend to identify him in case of doubt, the same should be sent, with this form.

As numerous letters are received at the East-India House from persons making enquiry relative to the existence or non-existence of Non-commissioned Officers and Soldiers in the East-India Company's Army, and as these enquiries are too frequently made by persons in no degree of relationship to the parties, nor having any adequate cause for such enquiry, and sometimes with a view of discovering what money may be due to the deceased Soldiers, in order to institute claims for fraudulently receiving the same,—Notice is given, that no attention will be paid nor answers sent to any letters from persons making enquiries after Soldiers, unless those enquiries are accompanied by a Certificate from the Minister, Elder, or Churchwardens of the parish in which such persons reside, stating, either that they are related to the party in one of the following degrees:—

MOWAI MARKET PEACOCK FUND

On the back of this envelope you will find a Christmas seal that has has just been introduced into India by Dr. Sherwood Hall, of the Madar Tuberculosis Sanatorium. The drawing is by a young artist in our Woodstock School for Missionary children, and pictures Indian children at play with toy animals, as is their custom. Dr. Hall was in Korea in this same kind of work, and when refused permission to remain in that land by the Japanese Government, he came to India and is helping us out in this most needy work. Like in all other branches of our activities he is greatly handicapped for finances, and has issued this first seal to be used in India, so far as we know, for the purpose with which you in America are familiar. The Sanatorium under Dr. Hall at Madar, in Rajputana, is the only institution of that nature we have in India, and if you know of any one at all interested in this kind of medical activity, will you kindly commend the doctor and his work to their good offices. Funds sent through the New York Board will of course reach him, but if any one would like to secure further information as to the work and the possibilities of the Sanatorium, he may write direct to Dr. Sherwood Hall, Madar, Ajmer, India. A half century ago it was confidently asserted by even the educated people of the land that consumption was unknown here save as it followed the incoming of the missionaries. Then the Government appointed an expert, Dr. Lancaster, to investigate, and he found the country reeking with it. The diagnosis had not been clear, their doctors simply recognizing it as "tap-i-diqq," "the troublesome fever." Remember Dr. Hall in your prayers, for he is undertaking a much-needed work with meagre support and facilities.

NAZAR BAGH PALACE,
TONK.

THE 29th June 1935.

My dear Major Burnett,

Will you please refer to your letter of the 26th June 1935 about the return of the Tonk boys to the Mayo College. As suggested by you I am sending the boys back to the College. The only things that I want to be done in this connection are :-

(1) that the present Motamid should be removed at once.

(2) that the appointment of the Motamid should always lie at our disposal and that we should appoint the Motamid and send him to the College.

As soon as these two things are done, I shall not have any complaint against the Mayo College affairs. You may please write to Mr. Stow about them and you may also go to Ajmer after the 11th July to see Mr. Stow, if you think it necessary. I think there is no need for me to go to Ajmer.

Thanks. I have duly received your telegraphic message in connection with my proposed visit to Mount Abu. I have now cancelled the visit as Colonel Ogilvie is himself coming to Tonk in the rains.

It has rained here about 58 cents on the 26th June
