Much of the mint here seems to be never hinged although often the gum has been slightly disturbed by the cellophane mounts. The other problem is tone spots yet only a minority have been affected, with good stamps in tip-top condition for example the mint never hinged 1934 3m zeppelin top value. Other good material includes useful German States including Heligoland and Alsace/Lorraine, all the way through to the Germanias inc. Han number and se-tenant booklet panes, se-tenant blocks used, better inflations inc. 1922 15pf greenish blue x2 used (#163) and 1923 5mlrd marks on 2mil marks used (#311), complete officials on billion mark series, all except the 10mlrd used (#O40/O46), 1924 small pigeon airposts with top three values used (#C20/C26), 1926/27 German eagle airposts complete mint, etc. Other good Third Reich includes the Wagner series complete used with the better 20+10pf type, the 1933 Nothilfe souvenir sheet mint, with creases away from the stamps (#B58), the brown band and Hitler souvenir sheets inc. rouletted mint never hinged (#B104), etc. as well as interesting fieldpost with rouletted brown eagle used, small green eagle used, red Crete 'Inselpost' o/p used, diagonal blue o/p on brown eagle used, etc. Also present are WWI occupations including Roumania and Poland, extensive Danzig with the 1924 2g red violet and black used, post offices in China, colonies, Memel with lots of better Lithuanian occupations, useful Saar inc. 1927 semi-postals complete used and 1928s to 3fr used (#B5/B14) and much more, completely uncataloged. Whatever way you look at this, this is a most impressive viewing with relatively few empty spaces, overwhelmingly complete in many areas and when used, good postmarks of the time, the album being offered intact as received. An opportunity for a dealer.

- 3432 ★○ Germany - Soviet Zone, an extraordinary hoard.** We have never seen anything like this before! 35 pages of this stockbook are crammed with up to 600+ stamps per side, well over 15,000 mint and used stamps, yet at the same time painstakingly displayed, stamp on stamp, showing a little of each, and chronologically organized within the SBzs. The vast majority are in complete series with lots of never hinged and with no unpleasant duplication. This makes a very, very difficult viewing, yet on a quick inspection, clearly there are intense sections of Finsterwalde, 'FM' Hitler head obliterators of Fredersdorf, Glauchau inc. tower obliterators of August 1945 complete mint never hinged, lots of Goerlitz inc. shades on the 12pf red to mint never hinged and used, Grossreschen postmaster signature issues, Lichtenstein segment obliterators series of 19 to 80pf all signed and the 1rm with Hohndorf segment also signed, etc. Then Lobau, Lubbenau, Mecklenburg-Vorpommern, Meissen inc. Other good areas include Schwarzenberg castle obliterators, Spremberg inc. first series on granite paper complete mint never hinged and errors on later issues in se-tenant pairs with normal, Storkow, Strausberg, Thuringen, morse code 'V' obliterators of Westerstede, etc, etc. There are also 'Sovietische Besatzungs Zone' o/postal stationery unchecked for better varieties, as well as Bezirks handstamps inc. Rosslau series to 5mk dove, Crivitz, much Berlin, etc, even courier officials again densely packed, yet we only had to check a fraction of these before finding the scarce 20pf with horizontal posthorn watermark, wing margin mint never hinged, made even scarcer by having '7000' control o/p of Magdeburg, etc, etc. No doubt there will be an enormous reward when re-presented and studied carefully, currently that is not possible. The issues range from the 'freedom breaking chains' forerunners through to 1940, with the main collection in the first two volumes and the third with an exhaustive study of hundreds of postmarks A-Z on covers, postal documents, etc. Highlights include the 1921 Kings Peter/Alexander with a spectacular page of 15 different pre-printing

paper folds including 15p violet margin pair and 2d olive corner strip of 3 with plate number, perf errors including imperf between multiples not listed in Scott to the 4d deep green block of four imperf vertically, followed by the scarce imperfs (without gum as issued), complete in pairs and in corner blocks of four with the top two values signed (see note after Scott #14). Also highly unusual June 1921 Sokol Fair cover with the 6 values to 1d orange issued affixed to special labels in corresponding colors. Then the first semi-postals in imperf blocks of four with gum, followed by the 1922/24 surcharges (#15/21) with an excellent study including the complete regular types mint never hinged with top two signed Schlenger, 9d on 15d error mint with Ercegovic certificate and parcel card with extraordinary franking of 20d on 15p with straight foot on '2' and o/p shade on 1d on 25d, accompanied by Zrinjscak cert, etc. Then the 1923s complete mint never hinged with Zrinjscak cert (#22/26), 1924 20p on 60p double surcharge not listed in Scott mint never hinged (#27 var), rare green 5d on 8d surcharges also unlisted in Scott on used strip of three on large part document with Ercegovic cert (#28 var), the 1924s wing-margin mint never hinged signed Schlenger (#29/38), 1926/27 mint never hinged (#41/52), 1930 FFC Zagreb-Graz, 1926 semi-postal surcharge in mint never hinged pairs again accompanied by Zrinjscak cert (#B5/B16), the 1928 'XXXX' double on 2d black (#54 var), etc. Then a wonderful page of se-tenant pairs on the 1928 postage dues showing the two types of surcharge together, with mint pairs from the 4th and 6th printings on each value, all signed Zrinjscak and the used pairs this with Ercegovic cert. (#J21/J22 vars). Those are just a few of the highlights in the first book alone. The 2nd album has the 1931/34 Alexanders with and without imprint complete mint never hinged (#63/86), 1933 P.E.N. complete on attractive illustrated registered airpost FDC, the 1933 overprints mint never hinged (#87/98), 1933 South America flight zeppelin cover, glider mail, 1934 first airposts FDC, scarce 1935 'Jug 1' rocket mail cover, 1939 ships with engraver's secret marks complete (#B90/B93 vars), the 1940 1d+1d tuberculosis surcharge inverted unlisted in Scott (as much in this collection), mint never hinged and signed twice, as well as a wonderful page of essays for the young King Peter II by Newbury with a 1d design in various multiples printed in blue on one side and brown purple on the other and with 'Yugoslavia' in cyrillic and latin se-tenants. Then similar detail on Koztarsasag, 45 and war aid issues, Japanese character overprints, postage dues, etc, again mainly never hinged and again with lots of signatures. The postal history includes a multiple

franking of first issues and 45 overprints registered from Villany to Basel and a highly unusual Japanese characters postal stationery 150f surcharge on Hungarian 16f registration envelope with additional franking of Baranya stamps, etc. Collections of Baranya are not often on the market of this high standard, an opportunity for the specialist to buy some very elusive material. Worldwide Accumulations

3696 ★○ Worldwide, tremendous entire stamp shop "business in a box" dealers stock, offered here completely intact and as received, carefully assembled and well-identified in over 150 counter books, 6 long red glassine boxes, a large box of worldwide souvenir sheets,

several mint sheet files and about 6 three-ring binders. It is important to note that this lovely stock is not housed in tired old counter books and filled with slushy early issues, and while some classics are included, strength lies in an abundance of British Empire, Western Europe and Scandinavian sets and singles, with other worldwide material present. The vast percentage is "better" material, devoid of quantities of CTO and the like, and virtually items are one of a kind. Three of the boxes marked with a red "X" contain over \$300,000 in catalog value, all in about 40+ counter books. many hundreds of covers are present, just to round out the stock, with many nice items noted. As this stock was last cataloged some years ago, when the owner figured in excess of \$550,000, this figure quite possibly has risen, even discounting the small percentage of problem items. Great opportunity, F-VF, inspection invited.

Estimate \$30,000 - 40,000

3697 ★○ Worldwide, useful dealer's stock, mint & used, mounted in 27 counter books loaded with sets & singles up to \$200, including some never hinged items, and most of the value concentrated in the British Commonwealth & European material. Make sure you do not miss this one. 2005 Scott \$90,000+, which today should be well in excess of \$100,000 in catalogue value.

Estimate \$10,000 - 15,000

3698 ★○ Worldwide, hefty dealer's stock, with value concentrated in the used material, and mounted in two books, better used include Austria 1850 Arms 1kr yellow, 1kr orange & 2kr black (1,1b,2), 1858-59 Franz Josef 2kr yellow (6), 3kr black (7) & 3kr green (8), 1863 Coat of Arms (17-21), Lombardy-Venetia 1859 Arms 5c(1), Belgium 1849 10c & 20c (1-2), Brazil 1843 30r & 60r Bull's eyes (Scott 1-2), Denmark 1851 2rs & 4rs (1-2), Finland 1856-58 5k reprint (3 pair), 10k (2 with pen cancel and signed by Richter), France 1849-50 Ceres 10c, 15c & 20c (1-3), Luxembourg 1852 10c & 1sg Duke (1-2), Modena 1852-57 5c (1), Netherlands 1852 & 1864 sets (1-6), Netherlands Indies 1864 10c (1), Norway 1855 4s (1 x2), 1856-57 2s to 8s (2-5), Parma 1852 5c (1), Poland 1860 10k two distinctive shades (1x2), Portugal 1853 5r (1 accompanied with 1973 APS Certificate), Roman States 1/2b (1 signed H. Bloch), Sardinia 1851 Victor Emmanuel 20c (2), Switzerland 1850 2½r (1 signed A. Estimate \$5,000 - 7,500

3700 ★○ Worldwide, incredible singles and sets dealers "good ole lot", of several thousands worldwide and includes just about every country from A-Z, this stock formed in the 1950s and 1960s, was repriced in the late 1970s and has each item in an individual glassine envelope identified and priced at the time. we noted several better items that catalog into four figures and useful items throughout in the then 1970s price range of \$50 to \$100s, and quite a few that were then priced in the \$1 to \$20 range, some duplication, interesting varieties including inverted centers from Somalia, Nyassa and Iran, there are additional 7 binders containing larger items and Souvenir Sheets, including better, just a plain "good ole lot" to sift through, organize, re-price and sell, the owner put everything into little glassine envelopes and taped them to pages, fortunately those that we examined were not damaged by the tape even though the tape has badly discolored, please allow ample time to view and you will not be disappointed but rewarded, those that we checked were OK, sure to be some faults, but generally F.-V.F. Estimate \$5,000 - 7,500

3701 ★○ Worldwide, an exciting holding of material, sent to us to be liquidated for the beneficiaries, representing the den of a worldwide 'hoarders' estate. A late lot that fills up to the brim 3 substantial boxes, eclectic and somewhat chaotic to view, given to us as we go to print. We have seen plenty of better worldwide here including good postal history, on a very quick overview. This will delight any dealer who likes to sort! This is a lot that requires considerable work to which there will be a huge reward, if fortunate enough to buy it within our valuation range. Estimate \$4,000 - 6,000

3702 ★○ Worldwide, old time dealers stockbooks, A-Z countries, formed over the last five decades, in over 75 binders with stock sheets/pages, a wide array of Countries, this was the basis for a dealers entire business, loaded with many stamps and sets, many less important but also includes some very useful material, Includes British, Europe, Scandinavia, South America, covering the four corners of the globe, the dealer stopped in 1981 and the stock has been in storage since then, completely intact, great potential for breakdown and sales, generally F.-V.F. please allow time for viewing as our estimate is quite conservative. Estimate \$4,000 - 6,000

3703 ★○ Worldwide, utterly chaotic holding including many albums, an eleventh hour, 59th minute entry, literally while at the printers. At the beneficiaries request, we are auctioning this in as one lot, with a must-sell instruction. We have had no time whatsoever to examine properly and do justice to what is here, however we have seen plenty of better collections here on a quick flick, especially Europe. This will delight any generalist dealer, collector, looking for a fantastic sorting job. Not a particularly bulky lot yet filling two very substantial boxes, including the all the contents of a safety deposit, desk and anything remotely philatelic on the shelves including postal history everywhere. This is a lot that requires much work and deserves a careful viewing, definitely an opportunity for a dealer. Estimate \$3,000 - 4,000

3704 ★○ Worldwide, hodge podge, in seven cartons containing stock books, albums, cigar boxes, glassines, collection balances, etc. in which we noted most of the value in the XX Century, worldwide in scope but mostly including British Commonwealth, Europe, Latin America & United States material, usual mixed condition but overall Fine to Very Fine, needs organization but ideal for the on-line retailer. Estimate \$1,500 - 2,000

3705 ★○ Worldwide accumulation, a mish-mash style lot in three cartons containing glassines, albums, binders & shoe boxes, we noted a worldwide collection in three International albums, a virtually complete collection of United Nations to 1970, Israel Collection in Minkus album, U.S. mostly used collection, incl. plate blocks issued in the 1948-59 period, also there is a nice collection of Japanese postal cards issued in the 1960s-90s period, and a John F. Kennedy worldwide memorial stamp album issued by Minkus in 1965, Condition varies but overall Fine to Very Fine. A must view for the dedicated trader. Estimate \$1,000 - 1,500

3706 ★○ Worldwide, diverse mint and used stock, mostly A-P countries housed in 4 boxes of 102 cards, glassines in 2 boxes, 3 stockbooks, 2 large binders and an album. Strength of this well organized stock appears to be Argentina, Austria, Belgium, Brazil, Canada, China, Cuba, Falkland Islands, France, Germany, Great Britain, Ireland, Italy, Philippines and US as well as a small but useful group of covers. Interesting holding with some topical interest, overall F-VF, viewing invited. Estimate \$1,000 - 1,500

3707 ★○ Worldwide, tail end of a large stock formed over many decades, housed in many cartons and contains vast quantities of various items from a large range of Countries, we noted while sifting through sets/singles in quantities, CTOs, included Russia, many topicals, old approval books, items in glassines, the bottom line is that this stock has been lying dormant since the early '80s and needs some attention which will prove very useful to the ardent viewer, there is a bit of weather related storage issues (stuck down) but there is plenty of useful material spanning the globe, one would imagine that this could contain better material- and it well may as the hoarder that put this away was a serious candidate for the reality television series of that same name. Worth viewing as there really is a chance for this one to fly well, generally F.-V.F. appearance or better. Estimate \$1,000 - 1,500

- 3708 ★○ Worldwide hodge podge**, thousands of mint & used globe-spanning stamps in five cartons, predominantly issued in the XX Century, including some covers & picture postcards.
