Estimate \$500 - 750

*AAMC states that on May 30 "Aviator Max Lillie...flew a sack of mail [from Elmhurst to Cicero] but none has been reported". Three facts support the likelihood that this card was one of those carried on that flight: 1.) The cards flown from Cicero on May 31 (AAMC 30b) were supposedly postmarked at 4:30 p.m. - this one is postmarked at 1:00 p.m. (indicating that perhaps it did not actually enter the mails until the day after its arrival in Cicero); 2.) the message on the card is dated May 30; and 3.) the card pictures an Elmhurst landmark.*

Estimate \$600 - 800

65¢ was the rate for mail from Friedrichshafen to Seville on the Zeppelin's outbound voyage, May 18-19. For some reason, the card was not off-loaded on the 19th but stayed aboard until the second landing in Seville on June 5. The correct postcard rate for the Germany - South America - U.S. - Spain voyage was \$1.95 and the franking normally would have also included a \$1.30 Zeppelin (or two 65¢). Despite being short-paid, the cover made the entire voyage and received all of the proper markings.
