AUCTION 694

CONDITIONS OF SALE - Public Auction

THE PLACING OF A BID SHALL CONSTITUTE ACCEPTANCE OF THESE CONDITIONS OF SALE BETWEEN BIDDER AND DANIEL F. KELLEHER AUCTIONS, LLC ("KELLEHER")

BIDDING

1. Unless announced otherwise by the auctioneer, all bids are per lot, as numbered in the printed Catalogue. Kelleher, as agent for the consignor or vendor, shall regulate the bidding and shall determine the manner in which the bidding shall be conducted. Kelleher reserves the right to withdraw any lot prior to sale (without liability to any potential purchaser or agent), to re-offer any withdrawn lot, to divide a lot or to group two or more lots belonging to the same consignor or vendor, and to refuse any bid believed not made in good faith. Estimates of sales prices contained in the printed Catalogue reflect the best judgment of Kelleher and are not minimum or upset prices.

2. (a) Bids shall be made in the steps set forth on the bidding page (ii). (b) The highest bid acknowledged by the auctioneer shall prevail. Should a dispute arise between bidders (including a dispute between a floor or internet bidder and the auctioneer acting on behalf of a mail bidder, consignor or vendor), the auctioneer alone shall determine who the successful bidder is and whether to reoffer the lot in dispute. Should a dispute arise after the sale, the auctioneer's sale records shall be conclusive. On all lots sold, a commission of 18% on the hammer price is payable by the buyer to the auctioneer together with any sales and use tax or customs duties.

3. (a) The auctioneer reserves the right to bid on behalf of clients (and consignors or vendors) but shall not be liable for errors and omissions in executing instructions to bid, however received, and whether such errors or omissions be those of the bidder or agent or those of the auctioneer.

(b) Lots are offered subject to a reserve price. The auctioneer will implement such reserve price by bidding on behalf of the consignor vendor. (c) It may also be assumed that all consignors have been advanced monies against the sale of their consigned material and Kelleher therefore has a security interest in the consigned material over and above the normal auction commission.

(d) Purchases made by a consignor or vendor or his agent on his own lots shall be considered as a sale subject to commissions and sales tax as applicable.

(e) Agents are responsible for the payment of the purchase price for all purchases made on behalf of their clients, unless other arrangements with the auctioneer have been confirmed in writing prior to the auction.

PAYMENT FOR PURCHASES

4. Payment for lots, including those on which opinions are desired (Condition of Sale), shall be as follows:

(a) Floor Bidders. Payment of the purchase price, or such part thereof as Kelleher shall require, shall be made by the purchaser in cash or bank or certified check or in such other manner as Kelleher may determine. The name and address of the purchaser of each lot shall be given to the auctioneer immediately following the sale of such lot.

(b) Mail Bidders. A successful mail bidder will be notified of lots purchased. Before Kelleher will send such lots, payment in full must be received by Kelleher within three (3) business days of receipt of the aforesaid notification by the mail bidder. However, a purchaser known to Kelleher at its option may have purchases delivered or forwarded for immediate payment (by a dollar draft on a U.S. bank in the case of overseas purchasers). Mailed delivery will be to the address on the bid sheet and proof by Kelleher of receipt of a sending at the advised address shall constitute delivery. All charges for handling, delivery and insurance obtained by Kelleher on behalf of the purchaser shall be added to the purchase price; a minimum charge of \$10.00 will be made.

5. Title shall not pass to the purchaser until full payment has been received by Kelleher as agents for the consignor or vendor.

6. (a) Purchasers agree to pay for lots as specified in Condition of Sale 4 (or as the same may be modified by Condition of Sale 8), and no credit is extended; a late payment charge of 2% per month or fraction thereof shall be added if payment is not made in accordance with the aforesaid conditions.

(b) In the event that a bidder shall fail to comply with these Conditions of Sale ("Non-Complying Bidder"), then, as to any lot with respect to which such failure to comply occurs, Kelleher, may, in its sole discretion, re-offer such lot during the same auction or at an auction at a later time, or by private treaty at such time as Kelleher Auctions, in its sole discretion, deems appropriate and the Non-Complying Bidder shall be liable for the deficiency, if any, between the hammer price and the net proceeds of a sale to a subsequent purchaser, whether at auction or by private treaty, as well as for all costs and expenses of both sales, all other charges due thereunder, including commissions with respect to both sales, whether payable to Kelleher or to a third party and all incidental damages. It shall be in Kelleher's sole discretion to determine whether to re-offer the lot theretofore hammered-down to a Non-Complying Bidder at the same auction, or by private treaty in due course, or at a subsequent auction conducted by Kelleher. In no event shall any surplus arising from the sale of a re-offered lot be payable to a Non-Complying Bidder.

(c) A defaulting purchaser shall be deemed to have granted Kelleher a security interest in property in Kelleher's possession owned by such purchaser. Kelleher shall have all of the rights afforded a purchase money secured party under the Connecticut or Massachusetts Uniform Commercial Code with respect to such property and may apply against such obligations all monies held or received by it for the account of, or due from Kelleher to such purchaser. Kelleher is authorized to file a Financing Statement in order to perfect its rights as a secured party.

(d) If Kelleher takes any legal steps to secure payment of a delinquent account, the defaulting purchaser shall be liable for all legal and other expenses incurred by Kelleher to secure such payment, including but not limited to a reasonable allowance for attorneys' fees. For purposes of this paragraph, the term legal steps shall be deemed to include any and all consultation by Kelleher with its attorneys with respect to all matters arising out of a delinquent account.

(e) Unless otherwise acceptable to Kelleher, payment is to be made only in the form of cash, bank check or certified check, personal check (which must clear prior to delivery of lots), credit card (AMEX, Visa, MasterCard and Discover), PayPal or a bankwire transfer. Payments made by credit card are accepted as a courtesy without surcharge, if paid within 15 days of sale date. Extended payments which have been pre-approved and payments over 15 days will incur a surcharge of 2%.

EXHIBITION AND INSPECTION OF LOTS; QUALITY AND AUTHENTICITY

7. (a) See viewing schedule for on-premises viewing. Ample opportunity is given for on premises inspection prior to the auction date, and, upon written request and at Kelleher discretion.

(b) Each lot is sold as genuine and correctly described, based on individual description as modified by any specific notations in this Catalogue.

(c) Quality. Any lot which a purchaser considers to be incorrectly described may be returned to Kelleher within two weeks of its receipt by such purchaser ("Returning Purchaser"), provided, however, that the same is received by Kelleher within four weeks of the date of the auction; however, Kelleher may, in its discretion, refuse acceptance of such returned lot. If an opinion of a mutually acceptable authority is desired, the period of time within which a lot must be received by Kelleher will be extended in accordance with Condition of Sale 7(g). In the event that a dispute cannot be resolved by reference to a mutually acceptable authority, and Kelleher thereupon undertakes to re-offer the lot with a description identical to the description disputed, the Returning Purchaser shall be liable for the deficiency, if any, between the proceeds of the sale to the Returning Purchaser and the proceeds of a sale to a subsequent purchaser, as well as for all costs and expenses of the re-sale, including commission, and all incidental damages. Any lot, the description of which is disputed, must be returned intact and in the original packaging and in the condition received (unaltered) by the purchaser. The following lots are not returnable except at the discretion of Kelleher: (i) lots from purchasers who attended the exhibition of the lots; (ii) lots examined by postal viewers; (iii) lots on account of their appearance, if they are illustrated in this Catalogue; or (iv) lots described as having repairs, defects or faults for any reason. (v) lots containing more than ten (10) items. (d) Authenticity. Any lot which is declared otherwise than genuine by a generally recognized authority is returnable, provided such lot is received by Kelleher within four weeks of the date of the auction. Proof that a mutually acceptable authority declines to express an opinion is not grounds for the return of a lot. (e) Expenses incurred a purchaser in the submission and the return of a lot under Conditions of Sale 7 are not subject to refund.

(f) Numerical grading is subjective and is based upon the condition of each issue.

Lots may not be returned if a third party grades a stamp at lower than our grade.

(g) Lots with existing certificates from the Philatelic Foundation (PF) or Professional Stamp Experts (PSE), British Philatelic Association (BPA), Royal Philatelic Society (London) (RPSL) and Australia (RPSA), Vincent Graves Greene Foundation (VGG) or any other expertizing authority as recognized by the International Association of Philatelic Experts (AIEP), for items within their specialty and dated within the last seven (7) years from the date of sale, will be offered and sold on an "as-is" basis and as so stated on the certificate. Such lots may not be returned for any reason, including but not limited to a contrary verbal or written opinion or certificate.

SALES TAX/CUSTOMS DUTIES

8. Unless presentation of satisfactory proof that it is exempted by law, a purchaser shall pay to Kelleher Connecticut, Massachusetts or any compensating use taxes of any other State claiming jurisdiction. Buyers outside the U.S. are responsible for all customs duties. A purchaser shall indemnify Kelleher and hold it harmless of and from any claims of any jurisdiction for sales taxes relating to the purchase of articles at the auction, whenever the same may arise.

APPLICABLE LAW, JURISDICTION, ETC.

9. All matters arising out of this auction shall be governed by the laws of the State of Connecticut without giving effect to the choice of law principles thereof. ARBITRATION

JURISDICTION AND VENUE OF ACTIONS

Collection Lots and Condition

Please note that ALL collection lots are sold on an "as-is" basis and are therefore not returnable for any reason. Every attempt has been made to provide an accurate description and images for most are available on our website. Most collection lots will contain stamp/covers with various degree of imperfections/faults. We strongly suggest that lots of interest be viewed in advance of the sale. Please also note that late payment for purchases, may at Kelleher's option, be considered just cause to revoke all return privileges.

Covers & Cancels

Minor imperfections, including but not limited to: nicks, edge or flap tears or slight reductions are normal conditions for 19th century envelopes that have been postally transmitted. Folded letters would have at least one file fold. Acceptable forms of conservation include light cleaning and edge mending. Covers may have an ordinary stamp with a minor defect. The above exist in most 19th century covers and are not always described and therefore not grounds for return.

Catalogue Values

Unless otherwise noted, the currently available Scott Catalogue values (2016 editions) are quoted in dollars and rounded to the nearest dollar. Other catalogues are often used for foreign countries or specialized areas as provided.

- 603 ★★/★ **Great Britain, The Superb Mint "William John" Collection, 1840-2014.** A wonderful, clean and valuable specialized collection of thousands keenly assembled in 4 pristine Lighthouse hingeless albums, back in our September Flagship Series sale, the "William John" collections highlighted the auction with the exceptional collections offered here within, to produce a "wall of catalog numbers" to emphasize the value would be fruitless, as in its entirety the collection *catalogs over \$125,000*, for those familiar with the Lighthouse pages, they include scores of varieties not provided for on most general printed album pages, the key point here is that nearly every space is filled for the various definitive issues from King Edward VII on, with remarkable overage by shade, type, perf, paper and phosphor types etc, this not to say the Victoria issues are lacking, as many scarce, unused earlies are noted as well, the Queen Elizabeth II is apparently complete, with Machins, booklets and a generally very substantial aggregate face value as well, a remarkable lot not often encountered as such, which should be examined for full appreciation, some earlies are no gum or regummed, later are never hinged, o.g., hinged, never hinged or without gum (some early's), F.-V.F., a great lot (photo on web site). As for condition, it is typical as far as centering and cancellations are concerned, and the Victorian high values often have some kind of flaw(s)— though most appear quite presentable; but otherwise most is sound and Fine, especially the post-Victorian issues. Truly an exceptional collection. Scott \$60,000 (photo on web site). Estimate \$10,000 - 15,000

There are over 15,000 different stamps here, about 75% mint (from 1950s, most appears NH); there are about a dozen very scarce or rare items, several with certificates; there are also about two dozen covers, all of them non-philatelic and very desirable; there are numerous paper (thin, thick, chalk-coated, white, GC), printings, color-shifts, die, overprint, perforation and even watermark varieties, as well as gutter-pairs, imperforates, and many, many identified forgeries (there are many dozens Fournier forgeries); these specialty items are usually not valued; we could easily have taken out the \$10,000-15,000 in better items and sold them individually and then still sold this as a great collection, but we have kept it completely intact! Several of the better French Colonies (such as Polynesia, New Caledonia, New Hebrides, St. Pierre & Miquelon, Wallis and Futuna) extend beyond the late late 1960s and continue into the 1980s or early 1990s (no "wallpaper" countries); there are also several individual colonies that might be considered major collections in their own right, most especially St. Pierre & Miquelon, which has one of the best collection we have seen in many years! Check this beauty out! The stamps will speak for themselves! o.g., hinged or never hinged, generally F.-V.F. 2017 Scott approximately \$45,000. Estimate \$10,000 - 15,000

765 ★★/★/○ French Colonies, Middle East Collection, 1919-74. Very extensive collection of French colonies, mandates and territories on Scott Specialty pages, including; Alaouites (apparently complete by Scott numbers), Alexandretta (also appears complete), Cilicia (two-thirds complete, Latakia (looks complete), Lebanon (looks complete until 1949, many others through 1974, including extensive airmails), Syria (very extensive, about 95% complete through 1957); also contains UAR (Syria and Egypt) mainly complete through 1964; this old-time fresh and crisp collection is a historical window into the rise of ISIS and the Syrian Civil War; you can see how the partitions and mandates effected Syria and the Middle East; virtually all mint, later appear NH; this kind of material and these items are getting very difficult to locate, a great opportunity! generally F.-V.F. (photo on web site). Estimate \$2,000 - 3,000

766 ★/○ French Colonies, Collection, 1850-2010. A strong intermediate collection, neatly organized in #1 glassine envelopes and on Scott International pages, containing over 7,950 different stamps, plus some minor duplication, well represented throughout with a good mix of early issues to modern issues, priced inexpensively for the novice collector to build upon or a great collection to fill in your existing collection, generally F.-V.F. appearance. Scott \$10,000+ (Owner's). Estimate \$1,200 - 1,800

Worldwide General Collections

- 1037** ★★/★ **Worldwide, Collection, 1840-1920.** Schwaneberger Specialized Kosmos (World) Stamp Album in five volumes, 1921 edition (regarded by many experts as the finest printed stamp albums ever made) published in Germany by the makers of the Michel catalogues, and hailed as the first "scientific" stamp albums and catalogues. This set of albums—with descriptions and spaces for every postage stamp known to be released through 1920—puts many catalogues to shame since it includes all major and minor shade, color, paper, watermark and perforation varieties (as in the Michel catalogues). This deluxe edition was printed in a very limited edition of a few hundred copies. It includes almost 1,000 singled-sided double folio-size heavy coated-paper pages, with a hidden springback mechanism in large buckram binders (with dust cases). These albums and pages are in very good condition and are suitable for use today, with some very light pencil marks on some pages. Some better stamps are (or were) in clear mounts. These albums alone are valuable, but they also house many thousands of stamps assembled in a collection almost one century ago. Probably three-quarters of the stamps are in used condition, and they display a startling freshness and brightness, having not seen any light in many decades. After several weeks of study, we have listed the highlights of the collection, counting only sound stamps in generally fine or better condition; stamps with faults, thins, missing perfs, etc., have not been counted. Suspicious items known to be

heavily forged are also not listed or counted. A few beautiful stamps with very minor flaws are listed (and described).

Worldwide Accumulations and Dealers Stocks

- 1060 ★/○ Worldwide, Massive Bourse in Travel Cases, 19th and 20th Century.** Comprehensive dealer's stock representing the entire globe comprising of mint and used singles and sets each presented on 102 cards, residing in 238 red boxes that fill 20 travel cases, each item is identified by Scott catalog and priced by catalog or retail, we didn't see anything below 50¢ on up to the \$20 range per item. Some items have multiples in each card.

Countries represented by at least one box [if more the number is listed in ()], but many other countries present: Australia & States (3); Austria (4); Belgium (2); Brazil; Canada (2½); **China (3)**; Cuba; Cyprus; Czechoslovakia (2); Ecuador (2); Egypt; Finland (2); **France & Colonies (11)**; German Area (13); Great Britain (6); Greece; Ireland (2½); India & States; Israel (3); Italian Area (8); Jamaica; **Japan (2½)**; Liechtenstein (1½); Luxembourg; Malaysia; Malta; Mexico (4); Monaco (3); Netherlands & Colonies (5); New Zealand (2); Nicaragua (2); Norway (3); Paraguay; Philippines; Pitcairn Island; Poland (2½); Portugal & Colonies (5); Romania; **Russia (4)**; St Lucia; St. Vincent; Singapore; Spain & Colonies (5); Sweden (3); Switzerland (2½); Thailand & Turkey, but hundreds of other countries are present.

By estimation, we conservatively feel that there are in excess of **140,000** individual cards/items, and probably closer to 200,000 items if we counted multiples, Ginormous retail value, owner estimated that there was in excess of **\$300,000** and it could definitely be more, should be a bargain at \$200 a box (almost \$50,000), but we strongly recommend viewing so that one can formulate your own estimations, the work has been all done and would likely take many thousands of hours which might exceed the selling price of the lot alone, one of if not the largest intact dealers stock in number of different items listed that we recall having offered.
