CONDITIONS OF SALE - Public Auction

THE PLACING OF A BID SHALL CONSTITUTE ACCEPTANCE OF THESE CONDITIONS OF SALE BETWEEN BIDDER AND DANIEL F. KELLEHER AUCTIONS, LLC ("KELLEHER")

BIDDING

1. Unless announced otherwise by the auctioneer, all bids are per lot, as numbered in the printed Catalogue. Kelleher, as agent for the consignor or vendor, shall regulate the bidding and shall determine the manner in which the bidding shall be conducted. Kelleher reserves the right to withdraw any lot prior to sale (without liability to any potential purchaser or agent), to re-offer any withdrawn lot, to divide a lot or to group two or more lots belonging to the same consignor or vendor, and to refuse any bid believed not made in good faith. Estimates of sales prices contained in the printed Catalogue reflect the best judgment of Kelleher and are not minimum or upset prices.

2. (a) Bids shall be made in the steps set forth on the bidding page (ii). (b) The highest bid acknowledged by the auctioneer shall prevail. Should a dispute arise between bidders (including a dispute between a floor or internet bidder and the auctioneer acting on behalf of a mail bidder, consignor or vendor), the auctioneer alone shall determine who the successful bidder is and whether to reoffer the lot in dispute. Should a dispute arise after the sale, the auctioneer's sale records shall be conclusive. On all lots sold, a commission of **20%*** on the hammer price is payable by the buyer to the auctioneer together with any sales and use tax or customs duties.

3. (a) The auctioneer reserves the right to bid on behalf of clients (and consignors or vendors) but shall not be liable for errors and omissions in executing instructions to bid, however received, and whether such errors or omissions be those of the bidder or agent or those of the auctioneer.

(b) Lots are offered subject to a reserve price. The auctioneer will implement such reserve price by bidding on behalf of the consignor vendor. (c) It may also be assumed that all consignors have been advanced monies against the sale of their consigned material and Kelleher therefore has a security interest in the consigned material over and above the normal auction commission.

(d) Purchases made by a consignor or vendor or his agent on his own lots shall be considered as a sale subject to commissions and sales tax as applicable.

(e) Agents are responsible for the payment of the purchase price for all purchases made on behalf of their clients, unless other arrangements with the auctioneer have been confirmed in writing prior to the auction.

PAYMENT FOR PURCHASES

4. (a) Payment for lots, including those on which opinions are desired (Condition of Sale), shall be as follows:

(b) Floor Bidders. Payment of the purchase price, or such part there of as Kelleher shall require, shall be made by the purchaser in cash or bank or certified check or in such other manner as Kelleher may determine. The name and address of the purchaser of each lot shall be given to the auctioneer immediately following the sale of such lot.

(c) Mail Bidders. A successful mail bidder will be notified of lots purchased. Before Kelleher will send such lots, payment in full must be received by Kelleher within three (3) business days of receipt of the aforesaid notification by the mail bidder. However, a purchaser known to Kelleher at its option may have purchases delivered or forwarded for immediate payment (by a dollar draft on a U.S. bank in the case of overseas purchasers). Mailed delivery will be to the address on the bid sheet and proof by Kelleher of receipt of a sending at the advised address shall constitute delivery. All charges for handling, delivery and insurance obtained by Kelleher on behalf of the purchaser shall be added to the purchase price; a minimum charge of \$20.00 will be made.

(d) **Prompt Payment Discount** - Successful bidders whose payment is received within 15 calendar days from the date of the auction, shall be entitled to a 2% prompt payment discount of the hammer price of each lot, regardless of the method of payment.

5. Title shall not pass to the purchaser until full payment has been received by Kelleher as agents for the consignor or vendor.

6. (a) Purchasers agree to pay for lots as specified in Condition of Sale 4 (or as the same may be modified by Condition of Sale 8), and no credit is extended; a late payment charge of 2% per month or fraction thereof shall be added if payment is not made in accordance with the aforesaid conditions.

(b) In the event that a bidder shall fail to comply with these Conditions of Sale ("Non-Complying Bidder"), then, as to any lot with respect to which such failure to comply occurs, Kelleher, may, in its sole discretion, re-offer such lot during the same auction or at an auction at a later time, or by private treaty at such time as Kelleher Auctions, in its sole discretion, deems appropriate and the Non-Complying Bidder shall be liable for the deficiency, if any, between the hammer price and the net proceeds of a sale to a subsequent purchaser, whether at auction or by private treaty, as well as for all costs and expenses of both sales, all other charges due thereunder, including commissions with respect to both sales, whether payable to Kelleher or to a third party and all incidental damages. It shall be in Kelleher's sole discretion to determine whether to re-offer the lot theretofore hammered-down to a Non-Complying Bidder at the same auction, or by private treaty in due course, or at a subsequent auction conducted by Kelleher. In no event shall any surplus arising from the sale of a re-offered lot be payable to a Non-Complying Bidder.

(c) A defaulting purchaser shall be deemed to have granted Kelleher a security interest in property in Kelleher's possession owned by such purchaser. Kelleher shall have all of the rights afforded a purchase money secured party under the Connecticut or Massachusetts Uniform Commercial Code with respect to such property and may apply against such obligations all monies held or received by it for the account of, or due from Kelleher to such purchaser. Kelleher is authorized to file a Financing Statement in order to perfect its rights as a secured party.

(d) If Kelleher takes any legal steps to secure payment of a delinquent account, the defaulting purchaser shall be liable for all legal and other expenses incurred by Kelleher to secure such payment, including but not limited to a reasonable allowance for attorneys' fees. For purposes of this paragraph, the term legal steps shall be deemed to include any and all consultation by Kelleher with its attorneys with respect to all matters arising out of a delinquent account.

(e) Unless otherwise acceptable to Kelleher, payment is to be made only in the form of cash, bank check or certified check, personal check (which must clear prior to delivery of lots), credit card (AMEX, Visa, MasterCard and Discover), PayPal or a bank wire transfer. Payments made by credit card are accepted as a courtesy without surcharge, if paid within 15 days of sale date.

WIRING INSTRUCTIONS:

Please contact us for our wiring instructions.

EXHIBITION AND INSPECTION OF LOTS; QUALITY AND AUTHENTICITY

7. (a) See viewing schedule for on-premises viewing. Ample opportunity is given for on premises inspection prior to the auction date, and, upon written request and at Kelleher discretion. Live video viewing is also available, please contact our offices to arrange same.

(b) Each lot is sold as genuine and correctly described, based on individual description as modified by any specific notations in this Catalogue.

(c) Quality. Any lot which a purchaser considers to be incorrectly described may be returned to Kelleher within two weeks of its receipt by such purchaser ("Returning Purchaser"), provided, however, that the same is received by Kelleher within four weeks of the date of the auction; however, Kelleher may, in its discretion, refuse acceptance of such returned lot. If an opinion of a mutually acceptable authority is desired, the period of time within which a lot must be received by Kelleher will be extended in accordance with Condition of Sale 7(g). In the event that a dispute cannot be resolved by reference to a mutually acceptable authority, and Kelleher thereupon undertakes to re-offer the lot with a description identical to the description disputed, the Returning Purchaser shall be liable for the deficiency, if any, between the proceeds of the sale to the Returning Purchaser and the proceeds of a sale to a subsequent purchaser, as well as for all costs and expenses of the re-sale, including commission, and all incidental damages. Any lot, the description of which is disputed, must be returned intact and in the original packaging and in the condition received (unaltered) by the purchaser. The following lots are not returnable except at the discretion of Kelleher: (i) lots from purchasers who attended the exhibition of the lots; (ii) lots examined by postal viewers; (iii) lots on account of their appearance, if they are illustrated in this Catalogue or online; or (iv) lots described as having repairs, defects or faults for any reason. (v) lots containing more than ten (10) items. (d) Authenticity. Any lot which is declared otherwise than genuine by a mutually recognized authority is returnable, provided such lot is received by Kelleher within four weeks of the date of the auction. Proof that a mutually acceptable authority declines to express an opinion is not grounds for the return of a lot.

(e) Expenses incurred a purchaser in the submission and the return of a lot under Conditions of Sale 7 is not subject to refund.

(f) Numerical grading is subjective and is based upon the condition of each issue. Lots may not be returned if a third party grades a stamp at lower than our grade.

(g) Lots with existing certificates from the Philatelic Foundation (PF) or Professional Stamp Experts (PSE), British Philatelic Association (BPA), Royal Philatelic Society (London) (RPSL) and Australia (RPSA), Vincent Graves Greene Foundation (VGG) or any other expertizing authority as recognized by the International Association of Philatelic Experts (AIPEP), for items within their specialty and dated within the last seven (7) years from the date of sale, will be offered and sold on an "as-is" basis and as so stated on the certificate. Such lots may not be returned for any reason, including but not limited to a contrary verbal or written opinion or certificate.

SALES TAX/CUSTOMS DUTIES

8. Unless presentation of satisfactory proof that it is exempted by law, a purchaser shall pay to Kelleher the Connecticut, Massachusetts or any compensating use taxes of any other State claiming jurisdiction. Buyers outside the U.S. are responsible for all customs duties. A purchaser shall indemnify Kelleher and hold it harmless of and from any claims of any jurisdiction for sales taxes relating to the purchase of articles at the auction, whenever the same may arise.

Extremely Fine	Outstanding and exceptional Quality
Fine-Very Fine (F-VF)	Stamp and or cover in sound condition; if a stamp, it is less well-centered than Very Fine but better centered than Fine.
Fine	Sound in all aspects. Perforated stamps will have the designs clear of the perforations; the designs of imperforate stamps will not be cut in to any significant degree.
Very Good (VG)	Imperfect centering (stamps) or poor general appearance.

Covers & Cancels

Minor imperfections, including but not limited to: nicks, edge or flap tears or slight reductions are normal conditions for 19th century envelopes that have been postally transmitted. Folded letters would have at least one file fold. Acceptable forms of conservation include light cleaning and edge mending. Covers may have an ordinary stamp with a minor defect. The above exist in most 19th century covers and are not always described and therefore not grounds for return.

Catalogue Values

Unless otherwise noted, the currently available Scott Catalogue values (2017 editions) are quoted in dollars and rounded to the nearest dollar. Other catalogues are often used for foreign countries or specialized areas as provided.

Machin trials discovered after 20 years

- 19 ★★田 **Great Britain, 1997, Queen Elizabeth II, deep green (as used for 2p), light grey (as used for the 29p), flame (as used for 1st class, undenominated trials,** full panes of 100, a limited supply of these were discovered and this is the discovery set that was on display at STAMPEX Spring 2017, o.g., never hinged, Very Fine; each with 2017 R.P.S.L. certificate. Estimate \$15,000 - 20,000

Sheets of three trials of the Machin head, produced in 1997, have come to light in this the 50th anniversary of the introduction of Arnold Machin's iconic portrait of Queen Elizabeth II.

The Machin definitives were first printed in lithography in 1980 as Royal Mail expanded its range of suppliers. However, by the mid-1990s it had decided that all the standard definitives should be printed in gravure. At the time The House of Questa, based in south London, did not have gravure capability.

As the company wished to participate in all future tenders for Royal Mail stamps, whether printed by litho or gravure, in gummed or self-adhesive versions in sheets or stamp booklets, it decided to make a major investment in a gravure press and an automated booklet maker. To achieve the best, Questa partnered with a number of highly qualified and renowned organisations to deliver the skills, processes and technology required to ensure it would be ready for production in less than 18 months.

Courvoisier, based in Switzerland, was at that time arguably the finest gravure stamp printer in Europe. The company agreed to assist Questa with technical advice and cylinder making. As part of this process Royal Mail gave permission for a print trial at Courvoisier using the Machin head: the original material to enable the trial to take place was supplied by Questa. Part of the thinking at the time was that Courvoisier might undertake the production of the cylinders needed for final stamp printing on behalf of Questa, but this did not materialise.

The undenominated trials were produced in October 1997 in sheets of 100 (from larger sheets of 200 guillotined in two) with the Courvoisier imprint along the vertical margins. They exist in three colours: deep green (as used for the 2p), light grey (as used at the time for the 29p), and flame (as used for 1st class). Courvoisier had printed the then current Kenya definitives, these being of the same overall size as the Machin definitives. As a consequence, the trials were printed on coated paper without phosphor bands, and have perforation 15 x 14. However, the stamp image is slightly smaller than that used on Machin definitives.

Barry Robinson, then Design Director of Royal Mail, visited Courvoisier to see the preparations. It is believed the trial sheets were printed on one of the small gravure printing presses at Courvoisier, some being printed during the visit.

The gravure press and the automated booklet line were produced by ATN in France. The new machinery would not fit within Questa's original base in Camberwell: the move to Byfleet was part of the development.

Courvoisier was founded in 1880 and started printing stamps in 1937. It was noted for the high quality of its photogravure work, but sadly it ran into financial difficulties and ceased trading in 2001.

500 sheets of the 50c were had a silver foil fern leaf printed over the black fern leaf that was already part of the normal stamp design. The initial printing utilized a large solid fern leaf, unlike the smaller, segmented leaf of the original design. The large overprint was deemed unsatisfactory and was replaced with a smaller, segmented leaf, but not until a few sheets with the larger overprint had been sent out. New Zealand Post attempted to recall the first sheets and most were returned. It is not know how many sheets actually remained in public hands—but it is a very small number.

- 484 ☒ **France, 1870-71, Siege of Paris: Boule de Moulins**, folded letter to Paris endorsed "Paris par Moulins (Allier)", postmarked (and datelined) Potrieux, 31 Dec; postage (apparently a strip of five 20c stamps) has been washed off, as has the postage on a majority of these letters, Very Fine. Estimate \$250 - 350

As an alternative to the pigeon post, the "Boules de Moulins" were zinc spheres, 20cm (about 8") in diameter, which were to be filled with mail and floated down the Seine into Paris. The charge for this service was 1fr, representing 20c postage and 80c to be paid by postal authorities to creators of the system, 40c upon departure and 40c upon arrival. The system was a resounding failure. Between January 4-28, 1871, more than 40, 000 letters were sent by this method—none made it to Paris during the siege. They were found later, one "bottle" being recovered as recently as 1988.

Estimate \$300,000 - 400,000

This incredible hoard was purchased by the father of the current owner directly from the Mexican Post Office. In fact, a photocopy of the original purchase order, dated August 17, 1935, is included in the lot. Since the time it was issued, the National University set has become the iconic 20th Century set that every beginning Mexican collector dreams of owning, much like the Graf Zeppelin set for United States collectors or the Falkland Tercentenary set is for collectors of the British Commonwealth. Imagine finding one hundred sets of either of these two aforementioned sets in pristine sheets and large multiples! That would be ultimate show-stopper. What makes this holding even more remarkable is the very low printing number of the National University set. Only 1,500 of the 20P Airmail stamp were issued, meaning the lot offered here represents 6.7% of all sets possible. Putting that in perspective, to obtain the same percentage of U.S. Graf Zeppelin sets possible, one would have to acquire 4,088 sets which carry a current catalog value of \$9,504,600.00. We feel safe in saying this is the largest current holding of this set, as well as being the largest ever offered at public auction. An unbelievable and never-to-be-repeated opportunity to obtain one hundred sets of one of the most desirable and recognizable 20th Century sets of the World in immaculate never hinged condition - just as they came from the Post Office.

- 2164 ★** 1919, 2¢ carmine rose, type II, rotary coil waste, perf 11 x 10 (539), this fascinating stamp is a true Frankenstein of philately, using any device around the BEP to produce this odd issue. The stamp was printed using a Rotary press intended for coils, but at the end of the print run, there were left over sheets. The stamps were already perforated vertically perforation 10 using rotary machines, but were imperforate horizontally. In an effort to reduce waste, these sheets were run through a perforation 11 machine that was intended for flat plate stamps. Flat plate perforation machines did not compensate for the larger rotary printed designs, so due to the mis-matching of machines, most stamps of this issue are notoriously off center. To honor stamp collecting, on September 22, 2013 the United States Postal Service issued a souvenir sheet showing six examples of the stamp denominated \$2 each rather than the original 24 cents. The issue was sold at face value, although various special packagings for collectors were also offered for a premium.

The Postal Service announced it has also printed 100 sheets of "corrected Jenny sheets" ? the plane flying right side up. All sheets of the stamp are individually wrapped in a sealed envelope to recreate the excitement of finding an Inverted Jenny when opening the envelope and to avoid the possibility of discovering a corrected Jenny prior to purchase. Individuals purchasing "corrected Jenny sheets" will find a congratulatory note inside the wrapping asking them to call a phone number to receive a certificate of acknowledgment signed by Postmaster General Patrick Donahoe.
