AUCTION 700

CONDITIONS OF SALE - Public Auction

THE PLACING OF A BID SHALL CONSTITUTE ACCEPTANCE OF THESE CONDITIONS OF SALE BETWEEN BIDDER AND DANIEL F. KELLEHER AUCTIONS, LLC ("KELLEHER")

BIDDING

1. Unless announced otherwise by the auctioneer, all bids are per lot, as numbered in the printed Catalogue. Kelleher, as agent for the consignor or vendor, shall regulate the bidding and shall determine the manner in which the bidding shall be conducted. Kelleher reserves the right to withdraw any lot prior to sale (without liability to any potential purchaser or agent), to re-offer any withdrawn lot, to divide a lot or to group two or more lots belonging to the same consignor or vendor, and to refuse any bid believed not made in good faith. Estimates of sales prices contained in the printed Catalogue reflect the best judgment of Kelleher and are not minimum or upset prices.

2. (a) Bids shall be made in the steps set forth on the bidding page (ii). (b) The highest bid acknowledged by the auctioneer shall prevail. Should a dispute arise between bidders (including a dispute between a floor or internet bidder and the auctioneer acting on behalf of a mail bidder, consignor or vendor), the auctioneer alone shall determine who the successful bidder is and whether to reoffer the lot in dispute. Should a dispute arise after the sale, the auctioneer's sale records shall be conclusive. On all lots sold, a commission of **20%*** on the hammer price is payable by the buyer to the auctioneer together with any sales and use tax or customs duties.

3. (a) The auctioneer reserves the right to bid on behalf of clients (and consignors or vendors) but shall not be liable for errors and omissions in executing instructions to bid, however received, and whether such errors or omissions be those of the bidder or agent or those of the auctioneer.

(b) Lots are offered subject to a reserve price. The auctioneer will implement such reserve price by bidding on behalf of the consignor vendor. (c) It may also be assumed that all consignors have been advanced monies against the sale of their consigned material and Kelleher therefore has a security interest in the consigned material over and above the normal auction commission.

(d) Purchases made by a consignor or vendor or his agent on his own lots shall be considered as a sale subject to commissions and sales tax as applicable.

(e) Agents are responsible for the payment of the purchase price for all purchases made on behalf of their clients, unless other arrangements with the auctioneer have been confirmed in writing prior to the auction.

PAYMENT FOR PURCHASES

4. (a) Payment for lots, including those on which opinions are desired (Condition of Sale), shall be as follows:

(b) Floor Bidders. Payment of the purchase price, or such part thereof as Kelleher shall require, shall be made by the purchaser in cash or bank or certified check or in such other manner as Kelleher may determine. The name and address of the purchaser of each lot shall be given to the auctioneer immediately following the sale of such lot.

(c) Mail Bidders. A successful mail bidder will be notified of lots purchased. Before Kelleher will send such lots, payment in full must be received by Kelleher within three (3) business days of receipt of the aforesaid notification by the mail bidder. However, a purchaser known to Kelleher at its option may have purchases delivered or forwarded for immediate payment (by a dollar draft on a U.S. bank in the case of overseas purchasers). Mailed delivery will be to the address on the bid sheet and proof by Kelleher of receipt of a sending at the advised address shall constitute delivery. All charges for handling, delivery and insurance obtained by Kelleher on behalf of the purchaser shall be added to the purchase price; a minimum charge of \$20.00 will be made.

(d) **Prompt Payment Discount** - Successful bidders whose payment is received within 15 calendar days from the date of the auction, shall be entitled to a 2% prompt payment discount of the hammer price of each lot, regardless of the method of payment.

5. Title shall not pass to the purchaser until full payment has been received by Kelleher as agents for the consignor or vendor.

6. (a) Purchasers agree to pay for lots as specified in Condition of Sale 4 (or as the same may be modified by Condition of Sale 8), and no credit is extended; a late payment charge of 2% per month or fraction thereof shall be added if payment is not made in accordance with the aforesaid conditions.

(b) In the event that a bidder shall fail to comply with these Conditions of Sale ("Non-Complying Bidder"), then, as to any lot with respect to which such failure to comply occurs, Kelleher, may, in its sole discretion, re-offer such lot during the same auction or at an auction at a later time, or by private treaty at such time as Kelleher Auctions, in its sole discretion, deems appropriate and the Non-Complying Bidder shall be liable for the deficiency, if any, between the hammer price and the net proceeds of a sale to a subsequent purchaser, whether at auction or by private treaty, as well as for all costs and expenses of both sales, all other charges due thereunder, including commissions with respect to both sales, whether payable to Kelleher or to a third party and all incidental damages. It shall be in Kelleher's sole discretion to determine whether to re-offer the lot theretofore hammered-down to a Non-Complying Bidder at the same auction, or by private treaty in due course, or at a subsequent auction conducted by Kelleher. In no event shall any surplus arising from the sale of a re-offered lot be payable to a Non-Complying Bidder.

(c) A defaulting purchaser shall be deemed to have granted Kelleher a security interest in property in Kelleher's possession owned by such purchaser. Kelleher shall have all of the rights afforded a purchase money secured party under the Connecticut or Massachusetts Uniform Commercial Code with respect to such property and may apply against such obligations all monies held or received by it for the account of, or due from Kelleher to such purchaser. Kelleher is authorized to file a Financing Statement in order to perfect its rights as a secured party.

(d) If Kelleher takes any legal steps to secure payment of a delinquent account, the defaulting purchaser shall be liable for all legal and other expenses incurred by Kelleher to secure such payment, including but not limited to a reasonable allowance for attorneys' fees. For purposes of this paragraph, the term legal steps shall be deemed to include any and all consultation by Kelleher with its attorneys with respect to all matters arising out of a delinquent account.

(e) Unless otherwise acceptable to Kelleher, payment is to be made only in the form of cash, bank check or certified check, personal check (which must clear prior to delivery of lots), credit card (AMEX, Visa, MasterCard and Discover), PayPal or a bank wire transfer. Payments made by credit card are accepted as a courtesy without surcharge, if paid within 15 days of sale date.

WIRING INSTRUCTIONS:

Please contact us for our wiring instructions.

EXHIBITION AND INSPECTION OF LOTS; QUALITY AND AUTHENTICITY

7. (a) See viewing schedule for on-premises viewing. Ample opportunity is given for on premises inspection prior to the auction date, and, upon written request and at Kelleher discretion. Live video viewing is also available, please contact our offices to arrange same.

(b) Each lot is sold as genuine and correctly described, based on individual description as modified by any specific notations in this Catalogue.

(c) Quality. Any lot which a purchaser considers to be incorrectly described may be returned to Kelleher within two weeks of its receipt by such purchaser ("Returning Purchaser"), provided, however, that the same is received by Kelleher within four weeks of the date of the auction; however, Kelleher may, in its discretion, refuse acceptance of such returned lot. If an opinion of a mutually acceptable authority is desired, the period of time within which a lot must be received by Kelleher will be extended in accordance with Condition of Sale 7(g). In the event that a dispute cannot be resolved by reference to a mutually acceptable authority, and Kelleher thereupon undertakes to re-offer the lot with a description identical to the description disputed, the Returning Purchaser shall be liable for the deficiency, if any, between the proceeds of the sale to the Returning Purchaser and the proceeds of a sale to a subsequent purchaser, as well as for all costs and expenses of the re-sale, including commission, and all incidental damages. Any lot, the description of which is disputed, must be returned intact and in the original packaging and in the condition received (unaltered) by the purchaser. The following lots are not returnable except at the discretion of Kelleher: (i) lots from purchasers who attended the exhibition of the lots; (ii) lots examined by postal viewers; (iii) lots on account of their appearance, if they are illustrated in this Catalogue or online; or (iv) lots described as having repairs, defects or faults for any reason. (v) lots containing more than ten (10) items. (d) Authenticity. Any lot which is declared otherwise than genuine by a mutually recognized authority is returnable, provided such lot is received by Kelleher within four weeks of the date of the auction. Proof that a mutually acceptable authority declines to express an opinion is not grounds for the return of a lot.

(e) Expenses incurred a purchaser in the submission and the return of a lot under Conditions of Sale 7 is not subject to refund.

(f) Numerical grading is subjective and is based upon the condition of each issue. Lots may not be returned if a third party grades a stamp at lower than our grade.

(g) Lots with existing certificates from the Philatelic Foundation (PF) or Professional Stamp Experts (PSE), British Philatelic Association (BPA), Royal Philatelic Society (London) (RPSL) and Australia (RPSA), Vincent Graves Greene Foundation (VGG) or any other expertizing authority as recognized by the International Association of Philatelic Experts (AIPEP), for items within their specialty and dated within the last seven (7) years from the date of sale, will be offered and sold on an "as-is" basis and as so stated on the certificate. Such lots may not be returned for any reason, including but not limited to a contrary verbal or written opinion or certificate.

SALES TAX/CUSTOMS DUTIES

8. Unless presentation of satisfactory proof that it is exempted by law, a purchaser shall pay to Kelleher the Connecticut, Massachusetts or any compensating use taxes of any other State claiming jurisdiction. Buyers outside the U.S. are responsible for all customs duties. JAMES E. LEWIS

1936 - 2016

My father, James Lewis, passed away on November 7th, 2016. He was always passionate about the history of Third Reich Postal History. As a little girl I would go with him to stamp shows and then later to see his award winning exhibits of Third Reich Postal History. He was very proud of being the editor of the Third Reich Study Group Bulletin for many years. He enjoyed hearing from members and loved working on the Bulletin, as well as a number of publications by the Third Reich Study Group.

My Dad taught me to enjoy books and history. He was always a gentleman and enjoyed life. He also taught me a love of animals. He was a US Army Veteran of the Korean War. He was employed as engineer by Becton Dickinson before retiring. He volunteered at Hackensack Medical Center before moving to Cream Ridge. He is now with my mother, Mary Teresa, who predeceased him in 2009.

My hope is that his collection can now be enjoyed by others who shared his passion for Third Reich Postal History. This was a labor of love and he dedicated countless hours doing research and creating exhibits for which he received may 1st place ribbons and medals from shows like NOJEX, Bloom-pex, BEPEX to name just a few.

Sincerely,
 Kelly Stefanacci

Collection Lots and Condition

Please note that ALL collection lots are sold on an "as-is" basis and are therefore not returnable for any reason. Every attempt has been made to provide an accurate description and images for most are available on our website. Most collection lots will contain stamp/covers with various degree of imperfections/faults. We strongly suggest that lots of interest be viewed in advance of the sale. Please also note that late payment for purchases, may at Kelleher's option, be considered just cause to revoke all return privileges.

Covers & Cancels

Minor imperfections, including but not limited to: nicks, edge or flap tears or slight reductions are normal conditions for 19th century envelopes that have been postally transmitted. Folded letters would have at least one file fold. Acceptable forms of conservation include light cleaning and edge mending. Covers may have an ordinary stamp with a minor defect. The above exist in most 19th century covers and are not always described and therefore not grounds for return.

Catalogue Values

Unless otherwise noted, the currently available Scott Catalogue values (2016/17 editions) are quoted in dollars and rounded to the nearest dollar. Other catalogues are often used for foreign countries or specialized areas as provided.

Overall condition appears better than most collections, with a decent amount of the better, more expensive, items with clean certificates, but this collector too had his limits, so expect a few faults among the classics and better values. As usual, we recommend viewing to fully appreciate., generally F.-V.F. appearance. Estimate \$15,000 - 20,000
- 8 ★/○ U.S., Useful Collection / Accumulation.** Loose stamps on dealer tear sheets and approval cards that were intended to be put into an album, but unfortunately, before the collection could be mounted, the collector was no longer able to work on his collection. The collection has many better sets and singles, but it is largely unorganized, so it is very hard to describe the highlights, so we will describe better areas with the hope that a knowledgeable philatelist will take some time to view and fill in the missing pieces that cannot be described. The first thing we notice as opening the box is the large amount of auction lot cards, with many from Nutmeg and other east coast firms, some black Vario cards of better singles, 261, 262, 275, 277, 500, 523, early Washington / Franklin coils, 20th century plate blocks, strong officials with O1-O9, O10, O14, O22-O24, O25, O26, O29-O31, O35, O36, O38, O39, O40, O42, O44, O45, O51, O54, O57, O59-O66, O77, O78, O83, O90, O93, O106, O107, O119, nearly complete set of Shanghai issues, only missing a few middle values, better Newspapers PR16, PR72, PR74, PR75, PR79, PR81, PR86, PR90, PR122, PR123, PR125, some good proofs and essays, mostly India and card proofs with a few small die proofs with some pictorials including. 122P4, banknotes, 1890 issues, Columbians, some nice Revenue proofs, some Private Die Proprietary (Match and Medicine), a decent selection of Confederates including 1 with PF certificate, 2, 3, 4, 5 and other possessions with some good Hawaii and some good Spanish American War overprints. Condition is a little mixed. Overall a solid collection, that has the benefit of already being broken down if you are a dealer looking for a good lot for individual sale or if you are a collector looking to fill in a few holes, generally F.-V.F. appearance. Scott \$70,000+ (Owner's). Estimate \$10,000 - 15,000
- 9 ★/○ U.S., High Catalog Collection of Regular Issues and Commemoratives, 1847-1970.** A virtually intact, highly complete collection on Scott National pages that have been trimmed to fit into *Lighthouse* two-sided one-pocket stocksheets in a leather-bound *Lighthouse* binder with slipcase; highlights include (used unless noted) #1 (3), 2, 8, 13, 16, 23 (2), 25A (2), 27, 28, 29-38, 39 (unused), 63-79, 84, 85, 85B & E (with certificates), 86-100, 112-121, 139, 141 and, 143, then just about complete from #145 minus the Special Printings including (mint unless noted "o") 350, 351 (MNH pair, average), 354, 355, 449^o (certificate), 461, 491^o (certificate), 500^o, 456, 467, 505, 578-591, 595, 599A, Kans.-Nebr.^o; also includes a few 1930s FDCs. Condition, as one would probably expect on a collection with this many high-value stamps left in, is not the best, since the collector was interested mainly in filling spaces; virtually all of the better 19th century and some of the best 20th century are faulty or poorly centered; and, while many faults are not conspicuous, others are, so inspection is highly recommended. Nonetheless, quite an impressive collection. Scott \$75,000 (photo on web site). Estimate \$8,000 - 12,000

278 ☒ **Iraq, The Extraordinary Barry Scott Exhibit, "The Royal Air Force Desert Air Service" Collection.** The superb, meticulously assembled collection magnificently presented and profusely annotated on 122 exhibition pages. The exhibit traces the development of the RAF's military air services in the Middle East, beginning after the Government's Colonial Office conference in March 1921, until the Imperial Airways take-over of mail services in January 1927. In addition, there is a powerful section of early Special and Emergency airmail flights, commencing in 1917 and extending to July 1921, which include the June 12, 1921 "Royal Flying Corps" cover (1 of 3 known), the 1919 flight between Baghdad and Cairo (1 of 23 known), the March repeat flight (1 of 7 known), fascinating coverage of the various 1919-1921 emergency flights resulting from the 1919 Civilian General Strike, the May 1919 civil disturbances and the May 1920-July 1921 Arab Revolt—including four different examples, each quite rare, of different flights from that conflict.

Beginning with the July 28, 1921, proving trial first flight, and chronologically continuing through dispatch 137, the final RAF flight prior to the Imperial Airways takeover, a great majority of dispatches are presented and documented, including way more than a handful which offer existing examples of between 2 and 20 of each.

Unlike much of Aerophilately, which is supremely well documented, relatively little is known of these early RAF flights, which spanned the 550 miles of desert between Cairo and Baghdad. What is certain is that this was a critical link in the establishment of the Empire air route from England to India and beyond.

Much of the highly detailed information is the result of the personal study and research of the exhibitor, Mr. Barry Scott.

Uncommon and significant items notwithstanding, unequivocally the exhibit is a keepsake work of art.

Be sure to view the entire collection as it appears on the Web.

Estimate \$15,000 - 20,000

A recent publication by the Royal Philatelic Society of London states that the reason for so few covers with the overprinted "BAGHDAD IN BRITISH OCCUPATION" is that the stamps were sold out in just 17 days after going on sale !!!! Also the reason for so few covers with these overprinted issue is that only the stocks found at the civilian post offices in Iraq were overprinted, hence the rarity of these covers. This would account for the scarcity of such covers and why so few are known today. It took 14 years to form this collection, as many of the flights carrying the mails do not have examples today. The main reason for this fact is that many of the covers were "official" and thus were disposed of by the OHMS dept. mail clerks.

Stamp Collections

- 1020** ★ **Worldwide, The Extraordinary and Superb “Samuel S. Ting Collection” of First Issues.** A truly outstanding and meticulous collection comprising over 4600 stamps from over 1700 distinctive entities, alphabetically assembled on annotated, dual-sided stocksheets. Whereas most “#1” collections will simply try to obtain the first issue from a country, the “Ting” collection goes miles beyond, offering issues from *all* entities. If we take China, for example, yes, a #1 is there (with certificate; over 100 certificates are present on a great majority of the key or overprinted issues that would need one!), but also #1s from the Treaty Ports, Provinces, PRC, etc. In the cases of Germany and Spain, for example, the “#1” coverage for locals and Civil War issues boggles the imagination. A comprehensive list of “better” items would fill a page, but we will note some better to give an idea of the scope of this holding. Some of the best items include (mostly all signed or with certs, all listed as #1s unless noted) Albania, NSW, Tasmania, Bangkok, Brazil, Bechuanaland Protectorate, Antigua, Vancouver Island (Scott #3, but #1 for Vancouver Island, small repair, BPA cert, Scott \$11,000), Canada, Nova Scotia, China, Weihai Wei, Shanghai, Crete, French Congo, French Guiana, French Sudan, Formosa (Chan Catalogue #1), Finland, Gabon, marvelous German and Italian States—nearly all with certs—including Bavaria, Hamburg, Saxon (signed Bloch with Friedl cert, small thin), India A1, Sicily, Tuscany, Labuan, British Madagascar, Perak, Griqualand West, all Peru provisionals, Russia and much, much more. A splendid lot, which was simply “done right”. Some usually smallish faults as normal, to be expected, generally F.-V.F., please note images on the Web for a good flavor; inspection invited. Estimate \$30,000 - 40,000
