AUCTION 739

CONDITIONS OF SALE - Public Auction

THE PLACING OF A BID SHALL CONSTITUTE ACCEPTANCE OF THESE CONDITIONS OF SALE BETWEEN BIDDER AND DANIEL F. KELLEHER AUCTIONS, LLC ("KELLEHER")

BIDDING

1. Unless announced otherwise by the auctioneer, all bids are per lot, as numbered in the printed Catalogue. Kelleher, as agent for the consignor or vendor, shall regulate the bidding and shall determine the manner in which the bidding shall be conducted. Kelleher reserves the right to withdraw any lot prior to sale (without liability to any potential purchaser or agent), to re-offer any withdrawn lot, to divide a lot or to group two or more lots belonging to the same consignor or vendor, and to refuse any bid believed not made in good faith. Estimates of sales prices contained in the printed Catalogue reflect the best judgment of Kelleher and are not minimum or upset prices.

2. (a) Bids shall be made in the steps set forth on the bidding page (ii). (b) The highest bid acknowledged by the auctioneer shall prevail. Should a dispute arise between bidders (including a dispute between a floor or internet bidder and the auctioneer acting on behalf of a mail bidder, consignor or vendor), the auctioneer alone shall determine who the successful bidder is and whether to reoffer the lot in dispute. Should a dispute arise after the sale, the auctioneer's sale records shall be conclusive. On all lots sold, a commission of **20% *** on the hammer price is payable by the buyer to the auctioneer together with any sales and use tax or customs duties.

3. (a) The auctioneer reserves the right to bid on behalf of clients (and consignors or vendors) but shall not be liable for errors and omissions in executing instructions to bid, however received, and whether such errors or omissions be those of the bidder or agent or those of the auctioneer.

(b) Lots are offered subject to a reserve price. The auctioneer will implement such reserve price by bidding on behalf of the consignor vendor. (c) It may also be assumed that all consignors have been advanced monies against the sale of their consigned material and Kelleher therefore has a security interest in the consigned material over and above the normal auction commission.

(d) Purchases made by a consignor or vendor or his agent on his own lots shall be considered as a sale subject to commissions and sales tax as applicable.

(e) Agents are responsible for the payment of the purchase price for all purchases made on behalf of their clients, unless other arrangements with the auctioneer have been confirmed in writing prior to the auction.

PAYMENT FOR PURCHASES

4. (a) Payment for lots, including those on which opinions are desired (Condition of Sale), shall be as follows:

(b) Floor Bidders. Payment of the purchase price, or such part thereof as Kelleher shall require, shall be made by the purchaser in cash or bank or certified check or in such other manner as Kelleher may determine. The name and address of the purchaser of each lot shall be given to the auctioneer immediately following the sale of such lot.

(c) Mail Bidders. A successful mail bidder will be notified of lots purchased. Before Kelleher will send such lots, payment in full must be received by Kelleher within three (3) business days of receipt of the aforesaid notification by the mail bidder. However, a purchaser known to Kelleher at its option may have purchases delivered or forwarded for immediate payment (by a dollar draft on a U.S. bank in the case of overseas purchasers). Mailed delivery will be to the address on the bid sheet and proof by Kelleher of receipt of a sending at the advised address shall constitute delivery. All charges for handling, delivery and insurance obtained by Kelleher on behalf of the purchaser shall be added to the purchase price; a minimum charge of \$20.00 will be made.

(d) **Prompt Payment Discount** - Successful bidders whose payment is received within 15 calendar days from the date of the auction, shall be entitled to a 2% prompt payment discount of the hammer price of each lot, regardless of the method of payment.

5. Title shall not pass to the purchaser until full payment has been received by Kelleher as agents for the consignor or vendor.

6. (a) Purchasers agree to pay for lots as specified in Condition of Sale 4 (or as the same may be modified by Condition of Sale 8), and no credit is extended; a late payment charge of 2% per month or fraction thereof shall be added if payment is not made in accordance with the aforesaid conditions.

(b) In the event that a bidder shall fail to comply with these Conditions of Sale ("Non-Complying Bidder"), then, as to any lot with respect to which such failure to comply occurs, Kelleher, may, in its sole discretion, re-offer such lot during the same auction or at an auction at a later time, or by private treaty at such time as Kelleher Auctions, in its sole discretion, deems appropriate and the Non-Complying Bidder shall be liable for the deficiency, if any, between the hammer price and the net proceeds of a sale to a subsequent purchaser, whether at auction or by private treaty, as well as for all costs and expenses of both sales, all other charges due thereunder, including commissions with respect to both sales, whether payable to Kelleher or to a third party and all incidental damages. It shall be in Kelleher's sole discretion to determine whether to re-offer the lot theretofore hammered-down to a Non-Complying Bidder at the same auction, or by private treaty in due course, or at a subsequent auction conducted by Kelleher. In no event shall any surplus arising from the sale of a re-offered lot be payable to a Non-Complying Bidder.

(c) A defaulting purchaser shall be deemed to have granted Kelleher a security interest in property in Kelleher's possession owned by such purchaser. Kelleher shall have all of the rights afforded a purchase money secured party under the Connecticut or Massachusetts Uniform Commercial Code with respect to such property and may apply against such obligations all monies held or received by it for the account of, or due from Kelleher to such purchaser. Kelleher is authorized to file a Financing Statement in order to perfect its rights as a secured party.

(d) If Kelleher takes any legal steps to secure payment of a delinquent account, the defaulting purchaser shall be liable for all legal and other expenses incurred by Kelleher to secure such payment, including but not limited to a reasonable allowance for attorneys' fees. For purposes of this paragraph, the term legal steps shall be deemed to include any and all consultation by Kelleher with its attorneys with respect to all matters arising out of a delinquent account.

(e) Unless otherwise acceptable to Kelleher, payment is to be made only in the form of cash, bank check or certified check, personal check (which must clear prior to delivery of lots), credit card (AMEX, Visa, MasterCard and Discover), PayPal or a bank wire transfer. Payments made by credit card are accepted as a courtesy without surcharge, if paid within 15 days of sale date.

EXHIBITION AND INSPECTION OF LOTS; QUALITY AND AUTHENTICITY

7. (a) See viewing schedule for on-premises viewing. Ample opportunity is given for on premises inspection prior to the auction date, and, upon written request and at Kelleher discretion. Live video viewing is also available, please contact our offices to arrange same.

(b) Each lot is sold as genuine and correctly described, based on individual description as modified by any specific notations in this Catalogue.

(c) Quality. Any lot which a purchaser considers to be incorrectly described may be returned to Kelleher within two weeks of its receipt by such purchaser ("Returning Purchaser"), provided, however, that the same is received by Kelleher within four weeks of the date of the auction; however, Kelleher may, in its discretion, refuse acceptance of such returned lot. If an opinion of a mutually acceptable authority is desired, the period of time within which a lot must be received by Kelleher will be extended in accordance with Condition of Sale 7(g). In the event that a dispute cannot be resolved by reference to a mutually acceptable authority, and Kelleher thereupon undertakes to re-offer the lot with a description identical to the description disputed, the Returning Purchaser shall be liable for the deficiency, if any, between the proceeds of the sale to the Returning Purchaser and the proceeds of a sale to a subsequent purchaser, as well as for all costs and expenses of the re-sale, including commission, and all incidental damages. Any lot, the description of which is disputed, must be returned intact and in the original packaging and in the condition received (unaltered) by the purchaser. The following lots are not returnable except at the discretion of Kelleher: (i) lots from purchasers who attended the exhibition of the lots; (ii) lots examined by postal viewers; (iii) lots on account of their appearance, if they are illustrated in this Catalogue or online; or (iv) lots described as having repairs, defects or faults for any reason. (v) lots containing more than ten (10) items. (d) Authenticity. Any lot which is declared otherwise than genuine by a mutually recognized authority is returnable, provided such lot is received by Kelleher within four weeks of the date of the auction. Proof that a mutually acceptable authority declines to express an opinion is not grounds for the return of a lot.

(e) Expenses incurred a purchaser in the submission and the return of a lot under Conditions of Sale 7 is not subject to refund.

(f) Numerical grading is subjective and is based upon the condition of each issue. Lots may not be returned if a third party grades a stamp at lower than our grade.

(g) Lots with existing certificates from the Philatelic Foundation (PF) or Professional Stamp Experts (PSE), British Philatelic Association (BPA), Royal Philatelic Society (London) (RPSL) and Australia (RPSA), Vincent Graves Greene Foundation (VGG) or any other expertizing authority as recognized by the International Association of Philatelic Experts (AIEP), for items within their specialty and dated within the last seven (7) years from the date of sale, will be offered and sold on an "as-is" basis and as so stated on the certificate. Such lots may not be returned for any reason, including but not limited to a contrary verbal or written opinion or certificate.

SALES TAX/CUSTOMS DUTIES

8. Unless presentation of satisfactory proof that it is exempted by law, a purchaser shall pay to Kelleher the Connecticut, Massachusetts or any compensating use taxes of any other State claiming jurisdiction. Buyers outside the U.S. are responsible for all customs duties. A purchaser shall indemnify Kelleher and hold it harmless of and from any claims of any jurisdiction for sales taxes relating to the purchase of articles at the auction, whenever the same may arise.

Stamp Collections

- 1 ★/○ U.S., E.F.O. Specialized Collection, 1847-2012**, in 42 Lindner albums (which if you consult the Encyclopedia Galactica, you will note 42 also happens to be “the answer to the ultimate question of Life, the Universe and Everything”). The collection contains approximately 7,500 EFO's (EFO's in blocks and multiples counted as the numbers of stamps with the error, ie. a sheet of 50 with perf shifts will be counted as 50 EFO's). Stamps carefully arranged in denomination order on generic Lindner hingeless pages customized for the various sizes and varieties of errors and freaks abounding in this collection. Unlike many EFO collections that seem to be more of an accumulation, this collection appears well thought out with an amazing variety of issues, from early classical issues, to just touching the earliest forever denomination issue and everything in between. Everything you can imagine you would find in an EFO collection will be here, various misperfs: with diagonal misfed perforations, foldovers, extra perforation rows, etc., inking varieties: overinking, under inking, ink spots, partial prints caused by foreign matter, some missing various colors and even the occasional albino, occasional printing errors, with splices or wierd cuts from foldovers and even the occasional guttersnipe (including a few interesting full gutters), etc. This is probably the most advanced collection of it's kind available on the market and should be viewed by anyone serious about building or adding to their EFO collection, some notable items include: 1 with vertical preprint paper fold, 11 with small preprint paper folds, 24 and 63 with dramatic preprint paper folds, 73 with slight perf shift, 114 single with preprint paper fold and misper pair, 117 mint with slight perf shift, 220 corner strip of three with foldover, 230 corner margin strip of three with diagonal perfs, 231 corner margin foldover pair, 264 corner margin strip with extra diagonal perfs, a couple dramatic 296 vignette shifts, 298 with vignette shift to right, 401 corner margin foldover with double perf shifts, various Washington / Franklin and 1922 regular issue singles and blocks with various perf shifts, diagonal perfs and foldovers, 510 preprint paper fold pair with partial missing printing of bottom stamp, 530 pair with horizontal perfs shifted diagonally, 537 block of four with shifted horizontal perfs 40%, 633 and 634 imperf printers waste imperf pairs, 702 group of shifted cross singles and a couple foldover blocks, various 1938 Presidential and 1954 Liberty perf shifts and over/under ink errors, miscut booklets, gutter snipes, etc., 804 gutter pair, 806 freaky foldover error block of 20, 807 freaky foldover error with partial four stamps of adjoining pane, 832 plate block with dramatic vignette shift, many 3¢ commemorative perf and gutter snipe errors, freaky 1033 booklet miscut roughly into a triangle shape with perfs all over, 1117 with large dramatic foldover error, 1331-32 missing red flag on capsule, 1470b, 1500 block of 30 with dramatic black color shift, 1597 imperf transitional sheet from perf to imperf, 1622 full sheet with major foldover error, 1789c, 1845 dry print full sheet of 100, 1953-2002 misper complete sheet, 2014a, 2194 \$1 Hopkins with shifted horizontal perfs complete pane, 2276 complete sheet with multiple downward color shifts, 2618 diagonal vertical perf shifts, 2756-59 full pane with corner foldover error, 2863-66 pane with extra row of perforations at right, 2870 Recalled Legends pane, 4144a, various OIHO bureau precancel errors, C3 used, slightly shifted up, C3 mint slightly shifted down, E6 mint with large preprint paper fold, J61 used block with preprint paper fold on two stamps, three albums of postal stationery with miscuts, albinos, partial indicia, etc., group of used revenue stamps with preprint paper folds: R5c, R15c, R25c, R27c, R36c, and extra row of perfs: R13c, R41c, R152 and finally an album for various oversize items and errors used on cover, occasional faults should be expected (sometimes due to the nature of EFO's, like creases from foldovers, printer mangling, etc), but vast majority appear fresh and attractive with many great pieces that should find plenty of interest if you wish to break down for individual sale, generally F.-V.F. Estimate \$25,000 - 35,000

- 11** ★/○ **U.S., Old Time Collection 1845-1930's**, hinged into small old time Scott album of quadrille pages, with notation in inside front cover, from Daddy - 1930, and obviously assembled with love over many decades with deep emotional attachment to the original collector's childhood, contains many of the better key stamps, from the first issues, to the various early classics with a few more difficult shades, to the Columbian and Trans-Mississippi commemorative sets that are always so popular through to the Graf Zeppelin set (that we like to think may have been purchased as new issues). Highlights include, mint: 10X1, 30, 38 (appears unused), 39, 112-15, 119, 148, 230-45, 285-93, 328-30, 367-73, 658-79, 704-15 plate block set, C1-6, C13-15 and used: 9X1, 1-2, 9 (2), 12, 15, 17, 25, 27, 32, 36, 37, 67, 68-72, 75, 78, 86, 90, 92, 96, 98, 116-17, 119, 121, 134, 135, 138, 149, 151-155, 160, 162, 165, 190-91, 208, 217-18, 219-29, 276A, 312 and 523. Unfortunately, as with most of these old time issues, there are some usual condition issues among the classics and some gum problems among the 20th century issues as storage was not ideal causing some stamps to be stuck down, overall color seems fresher than usual and our impression of the collection is that sometime in the 1970's or 1980's, it was likely stuck on a bookshelf after the original collector passed and hasn't seen the light of day since to preserve the remarkably fresh color of the many of the issues, generally F.-V.F. appearance.

- 59** ☒ **France, Rixheim Postal History Exhibition Collection, 1809-89.** A thoroughly annotated single-frame (16-page) presentation showing the postal upheavals of 19th-century Franco-German enmity.
- Rixheim, a small town in the Haut-Rhin Département of Upper Alsace, changed hands between France and Germany five times between 1870 and 1945, resulting in as many changes of postal administrations, issues and markings. This collection focuses on the 1800s, with 40 covers or cards. The story begins with two pre-philatelic covers (dated 1809 and 1833), with stampless covers continuing even after the issuance of France's first stamps (the Haut-Rhin not being provisioned until the early 1850s). Napoléons follow until 1871 with the use of German Occupation stamps, which continues until February 1872. At this point we find, thanks to neither country recognizing the other's postal authority, double-franked (French *double affranchissement*) covers until the Germans renounced this agreement in May, when solely German frankings were used.
- Four French cancels were used for the town during this period, each of which is included here: Type 15 1) without stamps, 2) with small numeral "2685", 3) with large numeral "3154", and 4) Type 16 plus "3154". Special interest material is found throughout, with money letters, turned covers, rural commune box, foreign destinations, a parcel card, a third weight-band letter, Registered, Due, and more.
- Rounding out the collection is a fascinating cover from Ecuador using Rixheim's "3154" canceller—one of 25-30 such covers known.**
- Two Occupation covers accompanied by 2016 Roumet, Schiff & Pagnoux certificates.
- A fascinating look at what small-town post offices can offer the postal historian. Estimate \$1,500 - 2,000

Victorias, offices, Greece, Haiti, Hawaii, Hong Kong, Hungary with a few early Josef I issues, India with states, Indo-China, Indonesia, Iraq, Ireland, Israel, Italy with offices and area, Japan, Korea, Lebanon, Liberia, Libya, Luxembourg, Madagascar, Malaysia and Malaya, Manchukuo, Martinique, Mexico with some interesting revenues and back of the book issues, Monaco, Morocco, Netherlands and Colonies, New Caledonia, New South Wales, New Zealand, Norway, Nyassa, Palestine, Pakistan, Papua and New Guinea, Persia, Philippines, Poland, Portugal and Colonies, Romania, Russia, San Marino, Saudi Arabia, Senegal, South West Africa, Spain, Straits Settlements, Sweden, Switzerland, Syria, Tunisia, South Africa, Vatican City, Western Australia, Yemen and Zanzibar. This is the kind of collection, we think would be better breaking into 30 or 40 little mini collections to either sell individually online or at a retail bourse because it contains many little meaty sections of that missing from many intermediate collections that can be hard to find individually, expect occasional faults, generally F.-V.F. appearance.
