BIOGRAPHY

Robert Thurman Abrams and Elizabeth Friedman Abrams

Robert Thurman Abrams (1928-2019) and Elizabeth Friedman Abrams (1933-2002) inherited this diverse stamp collection from their fathers, Joseph B. Abrams and Henry E. Friedman, who both had a love of philately and a passion for collecting that grew over many decades. Joe Abrams (1897-1972), a Harvard-educated lawyer with a prominent legal practice in Boston, had a wide array of interests that included stamps. He built his collection methodically over the years. He had a special love for stamps from British Mandate Palestine and then Israel, of which he was an early and passionate American supporter. Much of his collection, comprising several hundred albums and many individual issues, was donated to Brandeis University soon after its founding to create a scholarship fund. Some of his stamps were accompanied by receipts showing their purchase from Daniel Kelleher over the years. Henry E. Friedman (1895-1969) was a Harvard-educated accountant who meticulously checked every coin and letter that crossed his desk for potential value. He built an eclectic collection of stamps as one of his many hobbies.

Bob and Betsy Abrams grew up within blocks of each other in Brookline, Massachusetts, where they lived until their deaths. They attended the same elementary school (although they did not know each other then) that their three sons later attended. Bob, after graduating from Harvard and Boston College Law School, practiced law with his father until his father's passing and then on his own until his final year. Bob and Betsy were active in a wide range of community activities, including serving as elected Town Meeting Members in Brookline for over 30 years.

BIOGRAPHY

The C. Stetson Thomas, Jr. Collection of Cinderella Stamps and Other “Oddities”

“Stet” began collecting stamps as a kid in the 1940’s but his real passion began sometime in his early 30’s when he first began to collect Canal Zone and Leichtenstein issues. Later under the name of Federated Philatelics he explored US issues, always drawn in by the histories and circumstances of the stamp. This led him not only down long avenues of research but actual roads leading to small post offices around the country. His daughters remember that family vacations usually included a side trip to some obscure post office in search of a particular cancellation for a particular first day cover or new issue. A highlight of his hobby for his wife, Nancy, and his 3 daughters was to travel with him to stamp shows around the Northeast and Midwest where they helped with his booth and witnessed him in his milieu with the

various dealers and collectors he worked with over the years. Later he expressed dismay that the US market seemed less and less interested in stamps, more so in coins. He expanded to a small coin collection, but stamps remained his primary interest. He was thrilled when access to the internet, with tools provided by Ebay and Paypal, introduced him to collectors in China, Europe and around the world.

Because he loved the stories behind the stamps, he not only collected stamps and coins but amassed a library of historical catalogues, related volumes and other ephemera. The family is thrilled that his library has been donated to the Spellman Museum of Stamps and Postal History in Weston, Massachusetts.

People who collect—anything—are not in it for the money. They are thrilled when there is a “find”. But collectors know that to find that “find” many, many, many engrossed hours are spent looking at thousands of items with a value not measured in dollars but pleasure and satisfaction. Hours spent with fascination, love, respect, and reverence for the art and its story.

It is with love, respect, and reverence that we submit the C. Stetson Thomas Collection for auction.

The Penfield Collection

Percival Penfield (1878-1958) was from Danbury, CT, where he was associated with a family run wholesale produce business. He had a life-time passion for philately, both U.S. and international stamps. In his later years he traveled extensively and is said to have sought out stamp dealers at every port of call. On one of his voyages, he by chance met distant relatives Thornton and Martha Penfield of Englewood, NJ and they became close friends. He shared his love of stamps with their sons Thornton Jr. and Paul and guided them in their early collecting endeavors. Before his death, he passed on his stamps to Thornton Penfield Jr. (1900-1975), a minister in Yonkers, NY, who continued to work on the collection, putting Percival’s unfiled stamps in albums and searching out others to complete sets that Percival had started. The collection has not been added to or altered since his death.

Miller — the Aviation Pioneer who, according to the front page of the August 12, 1970 issue of “the Air Commuter”, Miller “was instrumental in development of the early air mail pick-up techniques that gave birth to All American Aviation, but at the same time was a champion of the evolvement of the company into the more conventional passenger service business....He was an extremely forward looking man and formulated many programs that were ahead of their time and in many ways responsible for the growth of the company into Allegheny Airlines.” According to www.aerodacious.commemorative, All American Aviation was founded in 1937 by Richard C. and Alexis F. duPont. All American received three contracts to carry mail. The first contract was for two experimental air mail routes (AM-1001 and AM-1002), and was awarded to allow AAA to test the feasibility of feeder lines to serve the smaller communities where airport facilities or volume of mail were insufficient to justify full air mail service. It would radiate from terminal city hubs and would utilize the rugged Sinton Reliant aircraft. Equipped with a long take-up boom with a hook and a winch that operated through an opening in the fuselage, the Stinson would swoop down snatching the container of mail suspended on a rope between two poles. This nonstop airmail pickup and delivery system was invented by Lytle S. Adams, who sold his patent rights to AAA. Experimental Route 1001 (from Pittsburgh to Philadelphia) was inaugurated in four stages on May 14, June 4, June 18 and July 2, 1939, and Experimental Route 1002 (from Pittsburgh to Huntington West Virginia) was inaugurated in four stages on May 12, May 28, June 11 and June 25, 1939. The second contract AAA received was for AM-49, which was inaugurated in five parts:
Part A — August 12, 1940, November 2, 1940, May 7, 1941, September 27, 1943
Part B - November 12, 1940, May 15, 1944, April 29, 1946
Part D - August 12, 1940, July 14, 1941
Part E - December 2, 1940
Part F — August 12, 1940, July 14, 1941, September 29, 1941
The third and final contract AAA (now All American Airways; the company changed its name with the introduction of passenger service) received was for AM-97, which began scheduled flight service between Washington DC and Pittsburgh PA on March 7, 1949. AM-97 replaced AM-49. On January 1, 1953, All American Airways officially changed its name to Allegheny Airlines. This lot contains many hundreds of covers. CONDITIONS OF SALE - Public Auction

THE PLACING OF A BID SHALL CONSTITUTE ACCEPTANCE OF THESE CONDITIONS OF SALE BETWEEN BIDDER AND DANIEL F. KELLEHER AUCTIONS, LLC ("KELLEHER")

BIDDING

1. Unless announced otherwise by the auctioneer, all bids are per lot, as numbered in the printed Catalogue. Kelleher, as agent for the consignor or vendor, shall regulate the bidding and shall determine the manner in which the bidding shall be conducted. Kelleher reserves the right to withdraw any lot prior to sale (without liability to any potential purchaser or agent), to re-offer any withdrawn lot, to divide a lot or to group two or more lots belonging to the same consignor or vendor, and to refuse any bid believed not made in good faith. Estimates of sales prices contained in the printed Catalogue reflect the best judgment of Kelleher and are not minimum or upset prices.

2. (a) Bids shall be made in the steps set forth on the bidding page (ii). (b) The highest bid acknowledged by the auctioneer shall prevail. Should a dispute arise between bidders (including a dispute between a floor or internet bidder and the auctioneer acting on behalf of a mail bidder, consignor or vendor), the auctioneer alone shall determine who the successful bidder is and whether to reoffer the lot in dispute. Should a dispute arise after the sale, the auctioneer's sale records shall be conclusive. On all lots sold, a commission of 20% * on the hammer price is payable by the buyer to the auctioneer together with any sales and use tax or customs duties.

3. (a) The auctioneer reserves the right to bid on behalf of clients (and consignors or vendors) but shall not be liable for errors and omissions in executing instructions to bid, however received, and whether such errors or omissions be those of the bidder or agent or those of the auctioneer.

(b) Lots are offered subject to a reserve price. The auctioneer will implement such reserve price by bidding on behalf of the consignor vendor. (c) It may also be assumed that all consignors have been advanced monies against the sale of their consigned material and Kelleher therefore has a security interest in the consigned material over and above the normal auction commission.

(d) Purchases made by a consignor or vendor or his agent on his own lots shall be considered as a sale subject to commissions and sales tax as applicable.

(e) Agents are responsible for the payment of the purchase price for all purchases made on behalf of their clients, unless other arrangements with the auctioneer have been confirmed in writing prior to the auction.

PAYMENT FOR PURCHASES

4. (a) Payment for lots, including those on which opinions are desired (Condition of Sale), shall be as follows:

(b) Floor Bidders. Payment of the purchase price, or such part thereof as Kelleher shall require, shall be made by the purchaser in cash or bank or certified check or in such other manner as Kelleher may determine. The name and address of the purchaser of each lot shall be given to the auctioneer immediately following the sale of such lot.

(c) Mail Bidders. A successful mail bidder will be notified of lots purchased. Before Kelleher will send such lots, payment in full must be received by Kelleher within three (3) business days of receipt of the aforesaid notification by the mail bidder. However, a purchaser known to Kelleher at his option may have purchases delivered or forwarded for immediate payment (by a dollar draft on a U.S. bank in the case of overseas purchasers). Mailed delivery will be to the address on the bid sheet and proof by Kelleher of receipt of a sending at the advised address shall constitute delivery. All charges for handling, delivery and insurance obtained by Kelleher on behalf of the purchaser shall be added to the purchase price; a minimum charge of \$20.00 will be made.

(d) **Prompt Payment Discount** - Successful bidders whose payment is received within 15 calendar days from the date of the auction, shall be entitled to a 2% prompt payment discount of the hammer price of each lot, regardless of the method of payment.

5. Title shall not pass to the purchaser until full payment has been received by Kelleher as agents for the consignor or vendor.

6. (a) Purchasers agree to pay for lots as specified in Condition of Sale 4 (or as the same may be modified by Condition of Sale 8), and no credit is extended; a late payment charge of 2% per month or fraction thereof shall be added if payment is not made in accordance with the aforesaid conditions.

(b) In the event that a bidder shall fail to comply with these Conditions of Sale ("Non-Complying Bidder"), then, as to any lot with respect to which such failure to comply occurs, Kelleher, may, in its sole discretion, re-offer such lot during the same auction or at an auction at a later time, or by private treaty at such time as Kelleher Auctions, in its sole discretion, deems appropriate and the Non-Complying Bidder shall be liable for the deficiency, if any, between the hammer price and the net proceeds of a sale to a subsequent purchaser, whether at auction or by private treaty, as well as for all costs and expenses of both sales, all other charges due thereunder, including commissions with respect to both sales, whether payable to Kelleher or to a third party and all incidental damages. It shall be in Kelleher's sole discretion to determine whether to re-offer the lot theretofore hammered-down to a Non-Complying Bidder at the same auction, or by private treaty in due course, or at a subsequent auction conducted by Kelleher. In no event shall any surplus arising from the sale of a re-offered lot be payable to a Non-Complying Bidder.

(c) A defaulting purchaser shall be deemed to have granted Kelleher a security interest in property in Kelleher's possession owned by such purchaser. Kelleher shall have all of the rights afforded a purchase money secured party under the Connecticut or Massachusetts Uniform Commercial Code with respect to such property and may apply against such obligations all monies held or received by it for the account of, or due from Kelleher to such purchaser. Kelleher is authorized to file a Financing Statement in order to perfect its rights as a secured party.

(d) If Kelleher takes any legal steps to secure payment of a delinquent account, the defaulting purchaser shall be liable for all legal and other expenses incurred by Kelleher to secure such payment, including but not limited to a reasonable allowance for attorneys' fees. For purposes of this paragraph, the term legal steps shall be deemed to include any and all consultation by Kelleher with its attorneys with respect to all matters arising out of a delinquent account.

(e) Unless otherwise acceptable to Kelleher, payment is to be made only in the form of cash, bank check or certified check, personal check (which must clear prior to delivery of lots), credit card (AMEX, Visa, MasterCard and Discover), PayPal or a bank wire transfer. Payments made by credit card are accepted as a courtesy without surcharge, if paid within 15 days of sale date.

7. (a) See viewing schedule for on-premises viewing. Ample opportunity is given for on premises inspection prior to the auction date, and, upon written request and at Kelleher discretion. Live video viewing is also available, please contact our offices to arrange same.

(b) Each lot is sold as genuine and correctly described, based on individual description as modified by any specific notations in this Catalogue.

(c) Quality. Any lot which a purchaser considers to be incorrectly described may be returned to Kelleher within two weeks of its receipt by such purchaser ("Returning Purchaser"), provided, however, that the same is received by Kelleher within four weeks of the date of the auction; however, Kelleher may, in its discretion, refuse acceptance of such returned lot. If an opinion of a mutually acceptable authority is desired, the period of time within which a lot must be received by Kelleher will be extended in accordance with Condition of Sale 7(g). In the event that a dispute cannot be resolved by reference to a mutually acceptable authority, and Kelleher thereupon undertakes to re-offer the lot with a description identical to the description disputed, the Returning Purchaser shall be liable for the deficiency, if any, between the proceeds of the sale to the Returning Purchaser and the proceeds of a sale to a subsequent purchaser, as well as for all costs and expenses of the re-sale, including commission, and all incidental damages. Any lot, the description of which is disputed, must be returned intact and in the original packaging and in the condition received (unaltered) by the purchaser. The following lots are not returnable except at the discretion of Kelleher: (i) lots from purchasers who attended the exhibition of the lots; (ii) lots examined by postal viewers; (iii) lots on account of their appearance, if they are illustrated in this Catalogue or online; or (iv) lots described as having repairs, defects or faults for any reason. (v) lots containing more than ten (10) items. (d) Authenticity. Any lot which is declared otherwise than genuine by a mutually recognized authority is returnable, provided such lot is received by Kelleher within four weeks of the date of the auction. Proof that a mutually acceptable authority declines to express an opinion is not grounds for the return of a lot.

(e) Expenses incurred a purchaser in the submission and the return of a lot under Conditions of Sale 7 is not subject to refund.

(f) Numerical grading is subjective and is based upon the condition of each issue. Lots may not be returned if a third party grades a stamp at lower than our grade.
