Grading and Condition

Covers

Minor imperfections are normal for 19th-century envelopes that have been postally transmitted. These include, but are not limited to, nicks, edge or flap tears, or slight reductions; folded letters will often have at least one file fold. Further, covers may have an ordinary stamp with a minor defect. Acceptable forms of conservation include light cleaning and edge mending. These conditions, even if not described, are not grounds for return.

Catalog Values

Unless otherwise noted, the currently available (2022 edition) Scott Catalogue values are quoted in U.S. dollars and rounded to the nearest dollar. Other catalogues are often used for foreign countries or specialized areas as required.

Collection Lots

Please note that *all* collection lots are sold on an “as-is” basis and therefore **not returnable for any reason**. Every attempt has been made to provide an accurate description, and extensive imaging is available on our website. Most collection lots will contain stamps and/or covers with varying imperfections or faults. We strongly suggest that all lots of interest be viewed in advance of the sale.

Kelleher offers telephone bidding during the auction for clients on a priority basis, so please call us to arrange for phone bidding as soon as possible.

Please note that late payment for purchases may, at Daniel F. Kelleher's option, be considered just cause to revoke all return privileges.

We have the following **mint** #73 (with cert), 214 (margin copy double-perfed), 233, 326, 328-30 (blocks, #330 with plate number), 330 (2), 373 (center line block), 562 (plate block of six), 566 (plate block of six), 569 (plate block of six), 586 (plate block of four), 616 (plate block of six), 668 (plate block of four), C18 (block with cert), E12a (block of six), QE4 (2 plate blocks of six, both with certs), etc. As for **used**, 69 (with cert), 116 (with cert), 117, 119, 217, and more, mostly Fine to Very Fine or better, many images available online. - 1046 Riveting Mostly Mint Collection with over 1,200 Forever Stamps, 1851-2019**, Good collections usually have strength in either the classics or the modern era; this one has both with page after page of complete mint right up to nearly the current year! But let's start with the classics of this 5-volume hingeless set of albums from Ka-be. Of the many better used, we have the following #35, 68, 71-73, 76-77, 113-15, 117, 165, 214-18, 229, 230-41, 275-76, 294-99, 300-11, 342, 404, 523-24, E3, E7 and some nice mint too, like 630, 803-34, C1-6, C18, Q1-9, Q11 and more. But as impressive as that is, the sheer quantity of mint is equally attention-grabbing. Already from the 1920s on, it is virtually all mint and in many respects nearly complete. In addition to the over 1,200 Forever stamps are multitudes of other high denomination stamps including Express Mail bringing the face count of this to a staggering level. A quick flip of one volume is viewable online as well as some scans from the earlier issues. Condition will vary, but mostly Fine to Very Fine. (photo on web site)..... Estimate \$2,500 - 3,000
- 1047 Seven-Volume American Heirloom Collection, 1851-2020**, large collection neatly mounted; classics are sparse and mostly used; commemoratives, starting with the Columbians to \$1 are mostly mint but with issues; it gets a little better as you go along with occasional useful items; latter issues are mixed mint and used but included a pile of face including fair amount of dollar-values; rough guesstimate is a couple of thousand dollars; Airs are complete including Zepps but have some issues; Back-of-the-Book is mixed; Special Delivery, Dues and Parcel Posts are mostly used though some are certainly usable; Officials, Newspapers, and Revenues do show some better surprises and somewhat stronger sections; early Ducks are used and mostly complete lacking only #RW4 and a few later but do have occasional flaws, from the mid-80's on they're mostly mint but they become scattered with a few of the more recent; light Possessions but with some potentially useful Hawaii; concludes with some interesting specialized Revenue sections; overall a useful face plus surprises collection; worth a look, Fine to Very Fine. Shipping charges apply - weight 50 lbs. (photo on web site)..... Estimate \$2,000 - 3,000
- 1048 Mostly Mint Collection in Nine Hingeless Albums, 1847-2009**, In nine hingeless Lindner albums with slipcases, volume 1 is quite barren, yet there are still enough premium items to hold one's interest, such as used #1, 9, 25, 208, 238-39, 241 and others. Volumes 2-7 in contrast are extremely well-filled and all mint. The collector has also gone out of their way on a number of occasions, for example, by inserting coil pairs with line, se-tenant blocks and modern coils with added plate number, mini-sheets for which there was no space provided in album, etc. In addition to the nine volumes, two extra binders of extended back-of-the-book including multiples of special delivery, postage dues, officials, parcel post, revenues, et al. Among the better mint in this collection are 399, 832b (with cert), 833 (center line block), 834, 1596d (block), C1, C4-6, C18, J1, K5, K14, K16 (with cert), O57, O88, O120, PR2, PR2a, PR3, RW5 and more. The final two volumes covering 1999-2009 are also sparsely populated, around \$100 in face, but overall the amount of face up to this point is quite staggering. And let's not forget this set of albums themselves; it retails at nearly \$3,000, and outside of the pencil marks in the left-hand margin denoting the catalog numbers, pages and binders are in immaculate condition. Condition of stamps varies early on, but is generally Fine to Very Fine, some images viewable online. Shipping charges apply - weight 74 lbs. (photo on web site)..... Estimate \$2,000 - 2,500

- 1172 Plate Block & Sheet Collection, 1927-2018**, I hate to file this under “Face Value Lot” because this has a terrific plate block collection; no rarities but there are still quite a few which shouldn’t be used as postage, like #644-45, 718-19, 740-49, 756-65, 859-93, 2870, C25-31, C46, etc., and from 1939 onwards looks complete with many duplicate blocks, often with different plate numbers or positions mounted on verso page. But there’s no denying the enormous face value of this lot. Just from 1981-2018, there is nearly \$5,000 in face, of which over \$700 of that total is in Forever stamps. And to that we add a dozen mint sheet folders and other loose material adding at least another \$1,000 in face; that’s over \$6,000 in face not even counting 1980 and before. So whether you’re looking for postage or a powerhouse plate block collection, this is the one! generally Fine to Very Fine. Shipping charges apply - weight 47 lbs. (photo on web site)..... Estimate \$3,500 - 5,000

A lot of face in the 20 cent to 33 cent issues. We note 3 volumes of matched plate blocks of the 1954 presidential issue, Simply too much material to describe all, viewing is a pleasure, perfect for online sales. About \$600 in face is stuck and the balance is clean and Fine to Very Fine. (photo on web site) Estimate \$3,000 - 4,000

- 1175 “Make a Face” Value Lot, 1937-87**, The moment I pulled out a full sheet of 100 of the \$2 William Jennings Bryan stamp, I knew we were dealing with some serious face here. Hundreds of full & partial sheets, the bulk between 15¢ & 22¢, but other higher denominations too, like a full sheet of #2193 and a pane of 20 of #2196. And I’ve never seen a mint sheet collection more attractive than this; accompanying most sheets are the new issue bulletins issued by USPS, including many having an additional FDC. A lot of postal stationery featured as well. Heck, forget the face value, this is a nice collection in and of itself! generally Fine to Very Fine. (photo on web site)..... Estimate \$2,000 - 2,500
- 1176 “Written All Over Your Face” Value Lot, 1924-2020**, I’m starting to run out of “face” puns, but here is yet another face value lot; this particular collection has four volumes of the Scott National with a used collection from 1861 to about 1924 and almost entirely mint from then on. A large amount of higher denominations from numerous express mail to well over 1,000 forever stamps. The total face of this lot is at least \$4,800. Also includes many stamps you wouldn’t use for postage, therefore, not included in the tally, like nonprofits, postage dues, officials, and duck stamps, which by the way are nearly complete from 1984-2014, generally Fine to Very Fine. Shipping charges apply - weight 42 lbs. (photo on web site)..... Estimate \$2,000 - 2,500
- 1177 “A Familiar” Face Value Lot, 1945-2013**, Stockbooks of blocks, mint sheet folders and stacks of mini-sheets; mostly higher denominations with around 350 Forever stamps. (photo on web site)..... Estimate \$1,500 - 2,000
- 1181 “Keep a Straight Face” Value Collection**, Consisting of thousands of glassines, some in shoeboxes and a large part of it sorted by denomination. Mostly in blocks with plate number, *Mail Early in the Day* or *Use Zip Code*; the bulk is 5¢, 6¢ and 8¢, but plenty 20¢ and over as well. And not all of this should be used for postage; many better plate blocks, for example, #C8, C26-31, CE1, E13 (block of 4), E14 (2), E18, QE2-3 (blocks of 4)(2) and more. Estimated face is about \$2,400 but could be much more. Don’t lose face, bid today! Fine to Very Fine. Shipping charges apply - weight 33 lbs. (photo on web site)..... Estimate \$1,500 - 2,000

- 1183 “Feed Your Face” Value Lot, 1970-2016**, Plate blocks, mini-sheets, full sheets, and a whopping amount of face. How much you ask? Fine to Very Fine. Shipping charges apply - weight 94.2 lbs. (photo on web site)..... Estimate \$1,000 - 1,500

Total accumulative face for this lot is around \$1600, and it’s not just haphazardly thrown into a box but rather well organized in four Lindner albums, two Lighthouse stockbooks, all with slipcases, and the above-mentioned sheet folders. This is a great treasure hunt lot because obviously, this person didn’t care about Scott value when they were sorting these stamps, so you might to find some \$30 stamps right next to a 3c commemorative, o.g., some never hinged / some hinged / a few without gum; some mixed condition, generally Fine to Very Fine. - 1493 Canada, A Superior Mint & Used Massive Inventory, 1859-2009**. A great stock with thousands of single sets and booklets all neatly mounted on more than 3700 sales cards with Scott numbers noted housed in five long boxes in a carton. The first box of Scott numbers 14 through 288 has a catalogue value by Scott of over \$27,000 not counting any "space fillers" or any stamps under \$1.00. The earlier issues are both mint and used with the used section growing smaller into the 1920's and up. We note values up to several hundred dollars by Scott and as it progresses into the 1930's we see more N.H. material. There are plenty of stamps in the \$10 to \$100 range. As we look at the four ensuing long boxes they are all packed with a very significant amount of face value as the N.H. mint predominates and includes coils and booklets. We also note a lot of high value issues with some imprint blocks plus blocks of four as most of the issues from 1940 up were bought as new issues so the stock is uniform in quality in this period. Also noted are sections of Airmails, officials, Semi Postals and booklets all with significant Scott value. We didn't have time to run a face value total but this stock is comprehensive in the later more difficult to find areas up to 2009. It would not surprise us if the face section is in excess of \$2000. The work has all been done as this inventory can be sold as mini collections, individually or smaller stocks all perfect for online sales. The early material is a bit mixed but very clean from 1920's up with few faults and later all Fine to very Fine mainly N.H. P.O. fresh. Check this lot in person if possible, to see the value and depth. Perfect for online sales. (photo on web site)..... Estimate \$3,000 - 4,000

From 1927 on, looks complete and then some! Not only were additional pages added by the collector, but opposite pages were used for varieties and multiples, such as tête-bêche and gutter pairs, the occasional cover, and blocks & sheetlets, some of which are listed or footnoted in Scott, but some not even mentioned. It is obvious the collector used POFIS as their guide, as there are also many type variations included, even into the modern era. A second stockbook did not have 100's, but many 1000's of duplicates, mostly used including Bohemia & Moravia and for the most part designated and sorted by Scott number from #1 well into the late 1970's. Czechoslovakia may be a dead country, but the spirit of the Czechs & Slovaks is still very much alive! Overall Fine to Very Fine. Shipping charges apply - weight 18 lbs. (photo on web site)..... France

1665 France, Outstanding Mint and Used Collection, 1849-1996, A marvelous collection, fairly complete for the period, in ten Lindner hingeless albums; the main, primarily mint collection is in six of the volumes and is loaded with better material, though the 19th century is somewhat mixed, condition-wise; highlights include Scott numbers (mint, o.g. unless noted) 9 (5 used), 10 (2 used), 18 (F-VF), 21 (used), 28 (short perf), 37 (used), 53, 55a (used with Calves certificate, repaired corner), 63 (most o.g.), 67, 69, 84 (NH), 89 (NH), 95 (NH), 99, 107, 119a (Millésime 1, €500), 126 (2, one with small thin), 175a (NH), 197 (NH), 226 (thins in margins, 246 (used, few short perfs), 254 (regummed), 254A (2, one NH), 326b (NH); *Semi-Postals complete* (B3-7 NH, B8-10 regummed), C1-2, C3-4 (mint & used **forgeries**), C15 (toned o.g.), and much more — basically complete from 1924 onward except for the Airs and some Postage Dues. There is even a *nearly complete collection of Precancels* (most earliest without gum), though the rare 30c green "Peace" (YT 69) is a forgery. The other four volumes contain a collection of used 20th century duplicates to 1963, and, while there are some nice stamps throughout, there is not a whole lot of value. As for condition, as stated previously, the 19th century is mixed but the 20th is virtually all F-VF, though up to the mid 1930s, there is a good bit of regumming of stamps that were thought to be NH; that being said, from the late 1930s onward virtually everything actually is NH! All-in-all, quite a remarkable collection. Scott \$80,000. (photo on web site)..... Estimate \$10,000 - 15,000

Take the following mint Lebanon, for example, Yvert #63a, 66a, 67a, 68a, 78a, 100a, 116a-b, 120d, and many more. You'll also encounter blocks of various sizes, millésime pairs, even a few covers, like one from Beirut to Canton (present-day Guangzhou) from 1921. An alluring lot to say the least, and one that has been photographed in full, mostly Fine to Very Fine. (photo on web site)..... Estimate \$1,500 - 2,000

- 1700 Germany, A Massive Neatly Arranged Mint & Used Stock, 1872-1998**. A truly substantial inventory of mint & used, singles & sets of well over 5000 sales cards all mounted on 102 cards Scott numbered and mostly priced ready for resale individually or as mini collections online or off. All put together by a knowledgeable dealer over many decades. We catalogued a tiny portion of the first box and it came to over \$6000 with 95% of that box to go and 7 more to add to it. There is a huge Scott value with catalogue prices up to \$500 each. Of course the 19th century will add up in box one but a nice range of value runs throughout with a comprehensive nature of being very complete containing the less expensive more modern issues with the more difficult to find sets from the 1980’s and 1990’s all present. Quantities are modest mostly in the 5 to 15 range and much of the inventory comes from New Issue stock apparently starting in the late 1930’s and up. The early material has mainly used in the 19th century also with some scarce early 20th century used, it progresses into mainly mint as the decades go by. Primarily mid-range in scope it includes regular, semi-postals and back of the book issues, a few faults mainly on the 19th century and then very nice quality on the balance with very few faulty. Intact as received, please view this lot if possible to fully appreciate, Fine to Very Fine. (photo on web site)..... Estimate \$2,500 - 3,500

A mix of mint & used throughout, with mint often in black mounts. We’re calling this collection “semi-specialized”, because there are a number of areas the collector has expanded upon using the Michel catalogue as reference, such as various color shades, extensive overprint varieties during the inflation era, paper & gum variants, as well as tagging during the 50’s & 60’s. Other nice touches include a sampling of covers from the occupied zones featuring both stampless & censored mail, some complete booklets, gutter pairs, and coil strips with control number. Better sets & singles throughout; strong states, such as Baden used #17, Hanover used 24 with certificate, Saxony used 9-13, and extensive Hamburg including cut squares. Germany itself has some nice classics and scarcer Zones, BRD & Berlin, such as used #1, B55, B316, B318-19, B320-23, B327-30, and mint 714, 5N28-40, 16N9f, along with decent B-O-B, like a few signed *Zwangszuschlagsmarken* (compulsory surtax stamps). This volume may be viewed in full online, as well as some scans of the first Deutsches Reich album. Condition varies, but on the whole Fine to Very Fine. (photo on web site)

- 1710 German Area, Mint & Used Collections in Old School Albums, 1849-1929**, We've all heard stories about someone discovering a trunk in an attic, one which hasn't been opened in a half-century or more, and inside some dusty old stamp albums which make your heart skip a beat. Perhaps that is what happened here, because we have four old albums, and despite being put together "back in the day", two albums in particular look as clean and fresh as they did in 1939, the year on an inserted note written in German script with the catalogue values from then. Delightful **Danzig**, marvelous **Memel**, precious plebiscites, and more, like **Occupation of Estonia** (Dorpat) mint N1-2, **Occupation of Romania** 3N13-16 used and Scott-unlisted *Zwangszuschlagmarken* (Compulsory Surtax Stamps) MiNr. 6 mint, and used VII & X, **Saar** mint B16-22, B23-29, **Upper Silesia** mint 32-42, and used 10, 10a, 10b, 10c. German States

- 1713 German States, Mint & Used Bavaria & Wurttemberg in Hingeless Album, 1849-1923**, A parallel mint & used collection in an immaculate, hingeless Lindner album. So often the collection does not match the quality of the album, but that is certainly not the case here. A very well-filled collection with some exceptional 19th century. Higher values definitely weighted towards the used stamps, and we have the following Bavaria #7-8, 9-14, 15-22, 31-32, 38-47, 77-91, J1, and the very elusive semi-official airmail in mint condition, CL1 as listed in Scott Classic. For Wurttemberg, some of the better used 1-5, 7-11, 13-17, 19-21, 23,27, 37-39, 41-44, 47-52, 69, 72, O7-11 (each on piece). Condition varies somewhat, but overall better than usual, and generally Fine to Very Fine, a video flip of the collection viewable online. Shipping charges apply - weight 4.2 lbs. (photo on web site) Estimate \$1,000 - 1,500

Empire & Reich

- 1714 Germany, “Im siebten Himmel” Parallel Mint & Used Collection, 1872-1945,** Heavenly collection housed in three hingeless Lindner albums, mint stamps mounted in sleeves and used stamps generally hinged onto the page. There are a lot of items to list here, so without further ado, here are the some of the better used #1-11, 12-13 (pen cancelled), 14-26, 27-28, 117, B34-48, B49-57, B59-67, B91-92, B105, C27-34, C35-37, C38-39, C40-42, C43-45 (with certs), CL4, OL16-21, Danzig 241-54, Latvia (Kurland) 1N20-23, and a whole lot of cancelled stamps during the inflationary period which catalog at enormously higher values. As for unused, hold onto your hat, because here they come 45-51, 65A, 72-73, 79, B49-57, C27-34, CL1-3, CL5-6 and a ton of never hinged, which as you probably know, can catalog many times over the hinged price; here are some of the better ones 363-65, 391-97, 398-400, 432-35, 436-41, 442-43, 444-45, 446-47, 448-51, 459-62, B23-27, B28-32, B34-48, B69-78, B79-89, B91-92, B102-06, B119, B134-36, B141-43, B148-59, B173, B292-93 (perf & imperf), C35-37, C40-42 (only 4m is hinged), Danzig 241-54, and many more. And how about the stuff not listed in Scott? Not only did the collector take advantage of the Lindner pages by utilizing the extra space on the sleeves for such things as *Zusammendrucke*, color shades, plate variations, etc., but there are many items here you will only find in the Michel catalog, for example, extensive *Feldpost* beginning with the very scarce *Gebührenzettel für Dienstbriefe der Eisenbahngesellschaften* (MiNr. I, with certificate); other unused (unless otherwise noted) include MiNr. 5 (signed Kesselstatt), MiNr. 7 used (signed Kruschke), MiNr. 8, MiNr. 9 (signed Müller), MiNr. 10 (signed Pickenpack), MiNr. 11A (signed Mogler), MiNr. 11B (signed Dr. Oertel), MiNr. 12 I (signed Hoffmann), French Legion MiNr. Block I, II-V with favor cancel, MiNr. 13. And it doesn’t even end there, as the collector has inserted numerous items of interest throughout, such as *Halbamtliche Flugmarken* (semi-official airmails) MiNr. 4 both used & unused, and a cover franked with Halle postage paid labels during the hyperinflation period of the early 1920s. As a describer, it brings me great joy to examine such a lot, but also sorrow to see it go. So please, whoever wins this lot, please take good care of it!!! Overall condition is much better than usual for this era, but will vary to some degree; nevertheless, mostly Fine to Very Fine, a good portion of this lot may be viewed online. Shipping charges apply - weight 16.6 lbs. (photo on web site)..... Estimate \$5,000 - 7,500
- 1715 Germany, Exceptional Specialized High End Collection, 1872-1932.** Three distinct sections comprised of hundreds of mint + used stamps plus covers. The first is an in depth specialized collection of the 1872 issues containing several hundred stamps with values into the hundreds of euros up to well over a thousand euros each. A plethora of certificates are present for many of the better stamps, condition is mixed but many nice F.-V.F. stamps are part of this. Needs to be seen to fully appreciate the size and scope as varieties and shades abound. The Michel value of just the highlights alone is 46,495 euros or \$50,000 plus USA. A great lot to breakdown for online sales or to augment an advanced collection, all stamps are carefully identified by a student of German philately. The 2nd collection is a super specialized study of the 1913 thru the 1928 issues mint + used housed in a 3 inch thick binder all mounted on pages with the Michel numbers and carefully annotated with varieties, types, shades and the regularly issued stamps. It is perfect for any Dealer or Collector to expand or add to stock, Rarely does a specialized collection such as this become available. There are also covers included in sections 1 and 2, Section 3 is a straight forward collection of Germany from 1872-1932 of several hundreds of mint + used stamps, while it has value the preceding sections are the strength of this very desirable holding. Condition is a bit mixed but there is much F.-V.F. The Michel or Scott value is quite substantial, see a sample online. (photo on web site) Estimate \$2,500 - 3,500
- 1716 Germany, Generous Mint Stock, 1900-45,** Neatly arranged duplicates in a stockbook, some never hinged; better include #351-62, 366-84, B23-32, B56, B59-67, B105, C27-34, C46-56. as well as tête-bêche pairs and *Zusammendrucke*. On hingeless Lindner pages, mint is enclosed in the sleeve and used hinged onto the page. Among the better used are #1-17, 29, 30-33, C18 (with certificate). The collector was also thinking outside of the box, as we find additional items added, like paper varieties, gutter pairs, inverted surcharges (mint 44a-45a), corner blocks of C8-17, a mint pair with both types of #31, etc. Strong Lithuanian occupation as well, with mint N60-69 and used N18-27, N31-43. Greece

1730 Greece, Once-in-a-Lifetime Mint Stock, 1896-1994, Perhaps “stock” is not even the best word, as it conjures up images of packed glassines with minimal value. Certainly not the case here! Even if you took just one of each unique stamp in this inventory, it would easily surpass most Greek collections from this time period. Five glassine files loaded with #4 glassines with not only better material, but a large portion of it never hinged including the classics. And hundreds of blocks; as a matter of fact, the vast majority from 1954 on have at least one block on hand. Some of the higher value items in blocks of four include #151-52, 154 (2), 158 (2), 173 (2), 258-59, 382, 490-97, 523 (2), 525-34, 549-55, 568-73, 574-81, 582-85 (2), 587-600, 604-17, 632-38 (2), 639-48 (2), C67-70, C74-80 (2). As far as singles, get a load of this 117-24 (4), 125 (3), 126 (2), 127-28, 159a, 160, 161 (3), 162-63, 179-83, 194-95, 196 (2), 197, 277B (3), 281 (2), 298 (4), 332-33 (2), 334 (3), 338-43 (7), 344-61 (3), 369 (5), 378, 279 (2), 380, 381, 431-36 (2), 472-81 (9), 520 (7), 521-22 (10), 535-38 (5), 543-44 (3), 545-48 (6), 556-67 (5), C1-4 (7), C5-7 (3), C8-14 (5), C15-21 (5), C22-30 (8), C38-47, C71-73. In addition to airmails, other extensive back-of-the-book in postal tax and occupation & annexation stamps. Some Scott-unlisted items, like imperf of the Flying Hermes series and a selection of EFOs. There are also overprint varieties and inverted surcharges, as well as more familiar material, like complete booklets and souvenir sheets. All in all, absolutely enormous catalogue value. And you’ll probably be able to view Haley’s Comet again before seeing a lot like this come along! As with all glassine lots, should really be viewed in person, but if you’re unable to make it, we have provided a few extra photos online, generally Fine to Very Fine. A mix of mint & used throughout; a lot of mint in mounts, especially the later issues. Overall extremely well-filled; starts to thin out a bit during the 1990s (volumes arranged chronologically), yet still much better than what we are used to seeing. There are tens of thousands of stamps here, so where to even begin? It’s pretty strong in all areas; Asia, Eastern & Western Europe, British & French Colonies, you name it. Didn’t see any great rarities, but a ton of better stamps scattered throughout. Does it cat over \$100,000? Easily. \$150,000? Probably more. Whatever it is, a round of applause to the collector who managed to amass this holding of the first 160 years of philately. Yeah, I don’t remember either, but here’s one packed with stamps from just about everywhere. And this collector sought to obtain stamps not just from every country but also from places not recognized as issuing entities, such as Abkhazia, Buryatia, Dhufar, Lundy, Nagaland and Staffa. If you haven’t heard of some of these, don’t worry, you’re not alone! Even with familiar countries you will encounter material you might not have seen before, like Cinderella sheets, Christmas seals, cut squares, revenues, etc. You’ll find covers popping up every now and then, and better stamps throughout, like **Austria** used #C58, **Chile** mint 254-55, C193, **Croatia** mint B11-12, **Hungary** 1202a, etc. This collection is largely unchecked and has been only quickly scanned to the letter “H”. Accumulations & Assortments

- 1941 Worldwide Massive Backroom Stamp Accumulation, late 19th Century to 2000's**, 50 packed banker's boxes, filled with covers, collections, large groups of souvenir sheets in quantity, we saw several boxes of U.S. and U.N. FDC's and Event covers, boxes and boxes of modern souvenir sheets, with several large sections of sheets from 1970's-2009 including some famous people like Elvis, Obama, Prince William and Princess Kate, along with topical, such as Flora and Fauna, Pokémon, et cetera. If we had more time, we would break this lot three lots, with: collections, covers and new issues to maximize revenue, but if you saw our back room, you would realize everything needs to go. If you are a new issue or internet dealer or are looking for a good sort project with high profit potential, be sure to add this lot to your viewing list, generally Fine to Very Fine appearance. Shipping charges apply - weight 1250 lbs. (photo on web site) Estimate \$5,000 - 7,500
- 1942 Worldwide, Nice Country Collections, Huge U.S. Used Stock, Mint Face & More, 1851-2003**, Beginning with a dozen hingeless Lindner albums with extremely well-filled to some virtually complete mint collections of **Canada** (1953-96), **Ghana** (1971-84), **Japan** (1973-96), **Liechtenstein** (1977-96), **Luxembourg** (1977-92), **Vatican City** (1957-96). Other collections include used **United States** (1851-1953) with many better, like #24, 73, 113, 182-90, 214, 219-28, 287, 290, 300-10, and a White Ace album of nearly complete mint British Omnibus issues, such as Victory & Peace. Also, binders filled with worldwide souvenir sheets, packs of covers, thousands of stamps in ziplocs both on and off paper, and 24 red boxes (actually black, but same size) of used U.S. stock in glassines. Numerous additional shoeboxes filled with more U.S., as well as mint & used worldwide. A big bonus of this lot is the amount of face for **Canada**, **Japan**, and especially the **United States** with approximately \$1,360 in face, the vast majority of it 32¢ & 33¢ stamps. We even found two of the recalled Legends of the West mini-sheets. I'd be curious to know what else turns up! Condition will vary, but generally Fine to Very Fine, impossible to fully evaluate without viewing in person. Shipping charges apply - weight 186 lbs. (photo on web site) Estimate \$3,500 - 5,000

- 1943 Worldwide, “Beauty is in the Eye of the Beholder” Accumulation, 1873-1999,** To the person who doesn’t collect stamps, this lot could have easily ended up in the trash bin. It may not be pretty on the outside, but then again, isn’t what’s on the inside that counts? Five albums, ten stockbooks and over twenty binders, along with a box of loose stamps, many in glassines, some still on paper, and a two-drawer card file, which looks as if it may have partially housed the card catalog from some library of yesteryear. Now it was so jam-packed with glassines I couldn’t even fully open it! And there’s no telling what you might find in this adventure lot; here’s just some of my encounters a pair of old U.S. albums with #658-79 used and C18 mint, approximately 100 souvenir cards, nonprofit & presorted coil strips, a binder of modern **Canadian** FDCs, another with postal stationery, and yet another with stamps & covers of Kaulbach Island, a local carrier in Nova Scotia. A lot of **United Nations** in this one too, beginning with what seems to be a complete mint collection of all three offices from 1951-91 in two hingeless Lighthouse albums. In addition to #38, there is a complete set of the first printing of the UNTEA issue, as well as miniature panes including the Flag set. More U.N. with over 80 souvenir cards, a large collection of mint postal stationery including minor varieties, and a binder containing FDCs, maxi-cards, inscription blocks, and souvenir folders from all three offices. Then out of nowhere, a stockbook with some spectacular mint **Vatican**; 19-34, 41-46, 47-54, 149-53, 155a, C16-17, C18-19, C20-21, C22-23. Yes, they’re all here! Other items of interest include a binder filled with 100’s of specimens from **St. Vincent**, a stockbook on the theme of art, a “mini” Lighthouse album on the American Bicentennial, a binder of used **Poland**, and a collection of **Norwegian** FDCs & maxi-cards. Alright, I think I have revealed enough, but there’s more where that came from. A video flip of one binder is viewable online; it is typical of the style and organization of this accumulation, yet due to the diverse nature of this lot, we still highly recommend viewing in person. Condition is sure to vary, but on the whole Fine to Very Fine. Shipping charges apply - weight 199 lbs. (photo on web site)
..... Estimate \$2,500 - 3,500
- 1944 Worldwide, Massive Mint and Used Dealer’s Stock.** A huge stock of 102 cards, each arranged alphabetically. Most cards have Scott numbers and often are priced. Today’s catalog value on items over \$20 are often 10%-20% higher. There is a large variety of countries with many items noted in the \$10 to several hundred dollars range each. We noted much British Commonwealth. Too much to describe. Perfect for online sales as much of the labor has been done. This was put away in the 1990’s and is fresh to this market. A few faults, the vast bulk is Fine to Very Fine. Shipping charges apply - weight 90 lbs. (photo on web site)
..... Estimate \$2,000 - 3,000
- 1945 Worldwide, Hoarder’s Dream Lot, 1851-2008,** Envelopes and boxes of various sizes stuffed with stamps, a photo album not filled with pictures but with plate blocks, large Ziploc bags with covers, old dusty albums and approval books which probably haven’t been opened since the Cuban missile crisis, leftover rolls of coils in a box as if time had suddenly stopped, loose, orphaned album pages looking for a home, stamps by the bucketful in brown shopping bags, and a shoebox filled with bundleware of God-knows-how-many thousands. Sound enticing? If certainly does to some of us, because we know lots like this contain hidden treasures and that’s the exciting part. With just a quick examination, I uncovered mint Austria #B87-92, Belgium B178, Indonesia 65b+c, U.S. 581-91, 740-49 plate blocks, and Liechtenstein 1-3 used. Other items of note include eight boxes of “102” cards including much U.S., British Commonwealth, Poland, Portugal, Romania & Sweden, 100’s of covers, many FDCs including a collection mounted on pages and organized by topic, around a dozen albums with multiple U.S. collections, a giant stack of commemorative panels one of which was the 1875 set of 24 U.S. Newspaper Proofs, a stockbook with a good selection of German States, Offices & Colonies, over 20 U.S. Mint Sets and numerous USPS Commemorative Stamp Folios still unopened, mint sheet folders with full & partial sheets and a ton more U.S. mint carrying a lot of face value. As with lots like this, in-person viewing is recommended, Fine to Very Fine. Shipping charges apply - weight 318 lbs. (photo on web site) Estimate \$2,000 - 3,000

1946 Worldwide, “The Whole Shebang” Covers & Album Collections, 1859-2018, Not satisfied with a single album, let alone a single stamp? Then try this lot out for size! Dozens of albums, a mountain of mint, stockbooks, boxes of FDCs, and other curiosity items. Let’s look at FDCs first, with at least 3,500 from the U.S. in various cover albums with many better, such as #615-16, 620-21 (on one cover), 648, 735 (New York), C46. Some nice Fleetwood editions, like the “Birds & Flowers of the 50 States” (1982) to dozens of unopened DCP sets from USPS in the 2000s. How about a 4-volume UNICEF set in slipcases of the UN Flag issues or a handsomely-designed album from the Postal Commemorative Society entitled “First Day Covers from Around the World” featuring covers from 113 different issuing entities. There’s also over 50 mint sets, or as they were later known, yearbooks, from USPS and the vast majority are here from 1971-2008. Many other USPS collector editions and souvenir folders, like “Legends of the West” and the “1980 Olympic Games”, both in hardcover. And there’s a lot of U.S. mint to speak of too, not only from these various sets but in the form of loose singles, plate blocks, coil rolls, booklets, etc.; at least \$500 in face but probably much more. Some premium items as well, like the Legends of the West recalled sheet (#2870), Bugs Bunny with no die cutting (#3138c), an uncut press sheet of 3409-13, a plate block of R733, even some misperfs & imperfs, like 1625a. Looking outside the U.S., there are 14 binders, filled with stamps from Abu Dhabi to Zambia, which look entirely mint, two all-mint collections of Luxembourg (1945-71) & Liechtenstein (1912-71), both in hingeless Lindner albums. Other collections in albums include a homemade job on quadrille pages for Monaco (1952-81), which too is all mint, an extremely well-filled collection of nearly all mint British Honduras/Belize (1960-2003), a 9-volume set of U.S. Commemorative Panels (1972-94), a White Ace album with over 30 U.S. Souvenir Cards, and a 3-volume set containing nearly 200 U.S. Souvenir Pages from the 1970’s. An album which is empty is even worth mentioning, because it is a hingeless one from Lighthouse for Japan with pages from 1871-1959 and in pristine condition. A few other mostly empty but premium hingeless albums from SAFE and Lindner cover Japan (1960-79), Cayman Islands (1946-72) and French Antarctic (1955-72), as well as a boxful of supplements. And many more surprises, like a box of full and partial sheets of Christmas & Easter seals along with other Cinderellas, a box of manila folders organized by country and crammed with mostly modern mint material, even a small collection of U.S. Post Office patches. Guaranteed hours of fun! Really needs to be evaluated in person to be fully assessed, generally Fine to Very Fine. Shipping charges apply - weight 490 lbs. (photo on web site)
 Estimate \$2,000 - 3,000

1947 Worldwide, Old-Time Accumulation, As a child, I remember a bulk of my father’s collection in old, yellowing glassines and cigar boxes crammed with duplicates, so it’s no wonder I found this lot so nostalgic! There is some material here from the last 30 or so years, mostly in the form of U.S. or Canadian postage, but the majority by far is material set aside a long time ago. You will find tens of thousands of stamps in glassines, boxes, bags, even 100’s of dealer stamp packets still in their original envelopes. Some are still on paper, others hinged on pages or in one of the over 20 albums offered in this lot. A few albums are “newer”, like a beautiful hingeless White Ace 3-volume set of mint Vatican (1929-93), almost complete after 1938 with two FDC albums and stock in glassines, and then there’s four Stenders albums of Scandinavia up to 1945, still very clean and usable with many better items, like Denmark mint #185-91, used 68, 82, 131, C2-3, Greenland Q4b used, Iceland mint 74, 128, 144-48, used 12, 121, 149, C15-20, O50, Norway used 15, 16-18, Sweden used 2, 14. There’s also a fairly well-filled 4-volume Scott set of Latin America until 1969 and a spotless U.N. (1951-84) collection in a hingeless Lighthouse album, complete mint for all three offices with flag mini-sheets. What else is here? Lots of U.S., hundreds of covers, postal stationery, plate blocks, mint sheet folders, dozens of souvenir cards, stockbooks of U.S.S.R., Greece and India. And of course, many cigar boxes Thank you for smoking! Fine to Very Fine, Thank you for smoking! Viewing in person highly recommended. Shipping charges apply - weight 316 lbs. (photo on web site)

One box is filled entirely with old approval books, and then I encounter two homemade collections on pages, one an all-mint collection of stamps & souvenir sheets on Churchill, the other on the theme of space running nearly 200 pages and organized alphabetically by country. After opening mint sheet folders containing full & partial sheets of Christmas Seals and Boys Town, and perusing a gorgeous 2-volume set of Wildlife Conservation Stamps from the National Audubon Society, things just got weirder when I came across a folder stuffed with partial sheets of mint Latin American revenues and a complete set of progressive color proofs of Sharjah (Michel #1158B-77B) in sheets of 15 including more mint oddities from the Trucial States. Mostly U.S. but one box of Canada, one of Israel and a bit of worldwide scattered in three others. Dealers Stock

1972 Worldwide, A Truly Massive A-Z, Mainly Mint N.H. Well Organized Dealers Stock, 1920's-1990's. All housed in 56 large red boxes with 250 to 400 large size glassines, on average, in each box this is a perfect holding for online sales or to even jump start a stamp business. About 85% is mint N.H. with some earlier material L.H. and some better sets mint + used, This quality conscious dealer's family was buying new issues from the late 1920's up to 2000 and much is in blocks or even some folded sheets are to be found. Usually in most stocks you have off-quality 19th century, not in this exceptional inventory. The only 19th is a small part of the Netherlands, and it appears that is all unless we missed something. France was a favorite country and four boxes reflect that as well. We couldn't possibly catalogue the entire stock but we did put pen to paper and the France has a Scott value of over \$48,000 alone, consider France the strongest country and then recall that there are 52 more boxes crammed with salable material. As we reviewed this balance fairly quickly our notes are random and not in country order. Certainly we also missed many highlights and space nor time was available to list all. The stock is primarily comprised of sets and singles as issued plus souvenir sheets, prices range from Scott's minimum up to about \$100 or so. The sweet spot is in the \$10 to \$50 range where value adds up quickly and quantities are generally 5 to 50 but can run higher even on better issues. A few highlights in the France are all Scott numbers and values: 349 (8) \$232. N.H., 396 (16) N.H. \$256., 575 (60) N.H. \$600., 590 (98) N.H. \$343., 671-672 (100) N.H. \$240., 673-674 (30) \$255., 757-762 (17) \$162., 801-804 (13) \$201., B18 (8) L.H. \$260., B68-B69 N.H. + L.H. CONDITIONS OF SALE - Public Auction

THE PLACING OF A BID SHALL CONSTITUTE ACCEPTANCE OF THESE CONDITIONS OF SALE BETWEEN BIDDER AND DANIEL F. KELLEHER AUCTIONS, LLC ("KELLEHER")

BIDDING

1. Unless announced otherwise by the auctioneer, all bids are per lot, as numbered in the printed Catalogue. Kelleher, as agent for the consignor or vendor, shall regulate the bidding and shall determine the manner in which the bidding shall be conducted. Kelleher reserves the right to withdraw any lot prior to sale (without liability to any potential purchaser or agent), to re-offer any withdrawn lot, to divide a lot or to group two or more lots belonging to the same consignor or vendor, and to refuse any bid believed not made in good faith. Estimates of sales prices contained in the printed Catalogue reflect the best judgment of Kelleher and are not minimum or upset prices.

2. (a) Bids shall be made in the steps set forth on the bidding page for increments. (b) The highest bid acknowledged by the auctioneer shall prevail. Should a dispute arise between bidders (including a dispute between a floor or internet bidder and the auctioneer acting on behalf of a mail bidder, consignor or vendor, the auctioneer alone shall determine who the successful bidder is and whether to reoffer the lot in dispute. Should a dispute arise after the sale, the auctioneer's sale records shall be conclusive. On all lots sold, a commission of 20% * on the hammer price is payable by the buyer to the auctioneer together with any sales and use tax or customs duties. (c) Lots may be re-opened as necessary to accommodate connectivity issues or incorrect bids.

3. (a) The auctioneer reserves the right to bid on behalf of clients (and consignors or vendors) but shall not be liable for errors and omissions in executing instructions to bid, however received, and whether such errors or omissions be those of the bidder or agent or those of the auctioneer.

(b) Lots are offered subject to a reserve price. The auctioneer will implement such reserve price by bidding on behalf of the consignor/ vendor. (c) It may also be assumed that all consignors have been advanced monies against the sale of their consigned material and Kelleher therefore has a security interest in the consigned material over and above the normal auction commission.

(d) Purchases made by a consignor or vendor or his agent on his own lots shall be considered as a sale subject to commissions and sales tax as applicable.

(e) Agents are responsible for the payment of the purchase price for all purchases made on behalf of their clients, unless other arrangements with the auctioneer have been confirmed in writing prior to the auction.

However, a purchaser known to Kelleher at its option may have purchases delivered or forwarded for immediate payment (by a dollar draft, ACH or wire transfer from a U.S. bank in the case of overseas purchasers). Mailed delivery will be to the address on the bid sheet and proof by Kelleher of receipt of a sending at the advised address shall constitute delivery. All charges for handling, delivery and insurance obtained by Kelleher on behalf of the purchaser shall be added to the purchase price; a minimum charge of \$20.00 will be made for same.

6. (a) Purchasers agree to pay for lots as specified in Condition of Sale 4 (or as the same may be modified by Condition of Sale 8), and no credit is extended; a late payment charge of 2% per month or fraction thereof shall be added if payment is not made in accordance with the aforesaid conditions.

(b) In the event that a bidder shall fail to comply with these Conditions of Sale ("Non-Complying Bidder"), then, as to any lot with respect to which such failure to comply occurs, Kelleher, may, in its sole discretion, re-offer such lot during the same auction or at an auction at a later time, or by private treaty sale at such time as Kelleher Auctions, in its sole discretion, deems appropriate and the Non-Complying Bidder shall be liable for the deficiency, if any, between the hammer price and the net proceeds of a sale to a subsequent purchaser, whether at auction or by private treaty, as well as for all costs and expenses of both sales, including all other charges due thereunder, including commissions with respect to both sales, whether payable to Kelleher or to a third party and all incidental damages. It shall be in Kelleher's sole discretion to determine whether to re-offer the lot theretofore hammered-down to a Non-Complying Bidder at the same auction, or by private treaty in due course, or at a subsequent auction conducted by Kelleher. In no event shall any surplus arising from the sale of a re-offered lot be payable to a Non-Complying Bidder.

(c) A defaulting purchaser shall be deemed to have granted Kelleher a security interest in property in Kelleher's possession owned by such purchaser. Kelleher shall have all of the rights afforded a purchase money secured party under the Connecticut Uniform Commercial Code (UCC) with respect to such property and may apply against such obligations all monies held or received by it for the account of, or due from Kelleher to such purchaser. Kelleher is authorized to file a Financing Statement in order to perfect its rights as a secured party.

(d) If Kelleher takes any legal steps to secure payment of a delinquent account, the defaulting purchaser shall be liable for all legal and other expenses incurred by Kelleher to secure such payment, including but not limited to a reasonable allowance for attorneys' fees. For purposes of this paragraph, the term legal steps shall be deemed to include any and all consultation by Kelleher with its attorneys with respect to all matters arising out of a delinquent account.

(e) Unless otherwise acceptable to Kelleher, payment is to be made only in the form of cash, bank check or certified check, personal check (which must clear prior to delivery of lots), credit card (AMEX, Visa, MasterCard and Discover), PayPal or a bank ACH or wire transfer.
