Grading and Condition

Superb	Extraordinary item in the finest condition.
Extremely Fine (XF)	A stamp or cover of outstanding and exceptional quality.
Very Fine (VF)	Scott Catalog's standard. Stamps will present a nice, balanced appearance. Covers appear new or show only minimal wear.
Fine-Very Fine (F-VF)	Stamp and/or covers are sound. Stamps are fully margined but noticeably off-center. Covers show normal travel wear.
Fine (F)	Sound in all aspects. Perforated stamps will have the perforations clear of the design; imperforate stamps will not be cut into to any significant degree. Covers show extensive wear.
Very Good (VG)	Stamps with imperfect centering, stamps or covers with poor general appearance.

Covers

Minor imperfections are normal for 19th-century envelopes that have been postally transmitted. These include, but are not limited to, nicks, edge or flap tears, or slight reductions; folded letters will often have at least one file fold. Further, covers may have an ordinary stamp with a minor defect. Acceptable forms of conservation include light cleaning and edge mending. These conditions, even if not described, are not grounds for return.

Catalog Values

Unless otherwise noted, the currently available (2022 edition) Scott Catalogue values are quoted in U.S. dollars and rounded to the nearest dollar. Other catalogues are often used for foreign countries or specialized areas as required.

Collection Lots

Please note that **all** collection lots are sold on an "as-is" basis and therefore **not returnable for any reason**. Every attempt has been made to provide an accurate description, and extensive imaging is available on our website. Most collection lots will contain stamps and/or covers with varying imperfections or faults. We strongly suggest that all lots of interest be viewed in advance of the sale.

Please note that late payment for purchases may, at Daniel F. Kelleher's option, be considered just cause to revoke all return privileges.

Featured Biography

ALFRED SOL LIPPMAN

Alfred Sol Lippman, unexpectedly passed at age 78, on October 17, 2016, in Baton Rouge, Louisiana. Mr. Lippman was born on June 12, 1938 in New Orleans, Louisiana and was a lifelong resident of Berwick/Morgan City, until moving to Lafayette, several years before passing. His family describes him as an amazing man: slow to anger and quick to forgive. Al, a most accomplished man both professionally and personally, would undoubtedly consider his 60 years of marriage to his wife Gail to be his greatest accomplishment. He was a 1956 graduate of St. Stanislaus College Prep, in Bay St. Louis, Mississippi and was Valedictorian of his class. Mr. Lippman attained his Undergraduate at the University of Southwestern Louisiana, Lafayette, La. (B.A. with Honors) - 1960 and his Juris Doctorate from Tulane University School of Law (recipient of full merit/academic scholarship) - 1962.

A world traveler who fancied exotic and exciting destinations, Mr. Lippman most loved his fishing and hunting with family and friends. He relished the thrill of the hunt and the catch. This perhaps was the reason behind his great passion as a collector, always searching, seeking, hunting out the very finest acquisition for his many collections. His renowned knowledge and recall of history were encyclopedic. He was that one friend of a lifetime who respected others, lead with honor, and treated others with mercy and fairness. This dapper dresser was legendary in the behind-the-scenes world of politics and has left a lasting positive impression upon all whose paths he touched.

Harold Schachter DMD

Harold Schachter DMD was born in Yonkers, NY in 1936, and grew up in Trenton NJ with his sister Marilyn and mother Dorothy. He took much pride in the fact that his father, Julius Schachter, played solo violin for luminaries including Barbra Streisand and Frank Sinatra, among others. Harold met his wife Davida (Ivker), in anthropology class at the University of Pennsylvania, and they were married in 1959, while he was in dental school. He went on to serve in the US Air Force Dental Corps, and to attend the University of Illinois orthodontics program, before returning to NJ to practice.

Stamps were a passion of many decades for Harold, and he brought his usual attention to detail to amassing and cataloging his extensive collection. Harold pursued other interests with similar intensity, including playing and teaching bridge; a Sapphire Life Master, he and Davida served in retirement as bridge instructors for major cruise lines, enabling them to travel the world. Harold also

had a lifelong love of music, performing in dozens of community musical theater shows over roughly 40 years, before transitioned to directing, which enabled him to revel in coaching and encouraging other performers.

Machin trials discovered after 20 years

Sheets of three trials of the Machin head, produced in 1997, came to light in the 50th anniversary of the introduction of Arnold Machin's iconic portrait of Queen Elizabeth II.

The Machin definitives were first printed in lithography in 1980 as Royal Mail expanded its range of suppliers. However, by the mid-1990s it had decided that all the standard definitives should be printed in gravure. At the time The House of Questa, based in south London, did not have gravure capability.

As the company wished to participate in all future tenders for Royal Mail stamps, whether printed by litho or gravure, in gummed or self-adhesive versions in sheets or stamp booklets, it decided to make a major investment in a gravure press and an automated booklet maker. To achieve the best, Questa partnered with a number of highly qualified and renowned organisations to deliver the skills, processes and technology required to ensure it would be ready for production in less than 18 months.

Courvoisier, based in Switzerland, was at that time arguably the finest gravure stamp printer in Europe. The company agreed to assist Questa with technical advice and cylinder making. As part of this process Royal Mail gave permission for a print trial at Courvoisier using the Machin head: the original material to enable the trial to take place was supplied by Questa. Part of the thinking at the time was that Courvoisier might undertake the production of the cylinders needed for final stamp printing on behalf of Questa, but this did not materialise.

The undenominated trials were produced in October 1997 in sheets of 100 (from larger sheets of 200 guillotined in two) with the Courvoisier imprint along the vertical margins. They exist in three colours: deep green (as used for the 2p), light grey (as used at the time for the 29p), and flame (as used for 1st class). Courvoisier had printed the then current Kenya definitives, these being of the same overall size as the Machin definitives. As a consequence, the trials were printed on coated paper without phosphor bands, and have perforation 15 x 14. However, the stamp image is slightly smaller than that used on Machin definitives.

Barry Robinson, then Design Director of Royal Mail, visited Courvoisier to see the preparations. It is believed the trial sheets were printed on one of the small gravure printing presses at Courvoisier, some being printed during the visit.

The gravure press and the automated booklet line were produced by ATN in France. The new machinery would not fit within Questa's original base in Camberwell: the move to Byfleet was part of the development.

Courvoisier was founded in 1880 and started printing stamps in 1937. It was noted for the high quality of its photogravure work, but sadly it ran into financial difficulties and ceased trading in 2001.

Estimate \$2,500 - 3,500

In the early 1800s, Conestoga wagons were the best method of transportation for travel and commerce. Under optimal conditions, 23 days were required to travel from Philadelphia to Pittsburgh. But, by the mid-1820s, the success of New York's Erie Canal system and its negative impact on Pennsylvania's trade business inspired the Pennsylvania legislature to authorize the construction of canals from Philadelphia to Pittsburgh. Unfortunately, the Allegheny Mountains lay between the two cities and the technology to build a canal system, either through or over the mountains, was lacking. The original plan involved building a four mile tunnel through the bottom of the mountains, but tunnel building was new and there were serious concerns about successfully maintaining an adequate amount of water in the tunnel. Thus, based upon a system being used in England, it was decided to build a railroad series of ten inclined planes, five on each side of the mountain. At the head of each inclined plane was a stationary engine, which moved endless ropes to pull the railroad cars up the mountain. This incline system had to be used because the locomotives of this time lacked the power to pull fully loaded cars up the steep mountains. Locomotives could only be used on the more level areas of the mountain.

The Allegheny Portage Railroad was 36 miles in length connecting the Hollidaysburg Canal Basin with the basin at Johnstown where canals finished the Public Works system into Pittsburgh. The Portage Railroad officially opened March 18, 1834, and reduced the travel time from Philadelphia to Pittsburgh to four days. The railroad and canal system successfully spurred trade in Pennsylvania. The system carried raw materials to the east and manufactured goods to the west. The Allegheny Portage Railroad and the Public Works system operated from 1834-1854 when it was replaced by the Pennsylvania Railroad Company's newly-completed all-rail line from Philadelphia to Pittsburgh.

The Pittsburgh Portable Boat Line was a private shipping line that carried freight along the Pennsylvania Canal system from Pittsburgh east to Philadelphia, and then on to New York, Baltimore, Boston, etc., and west to Cincinnati. The 82 feet long "portable boats" were built in three or four sections with each section watertight. The sections locked together to form a cpl boat, but were hauled separately - while still holding their freight - for overland transport, either by train or or teams of horses or oxen, to the next water route on the canal.

CONDITIONS OF SALE - Public Auction

THE PLACING OF A BID SHALL CONSTITUTE ACCEPTANCE OF THESE CONDITIONS OF SALE BETWEEN BIDDER AND DANIEL F. KELLEHER AUCTIONS, LLC ("KELLEHER")

BIDDING

1. Unless announced otherwise by the auctioneer, all bids are per lot, as numbered in the printed Catalogue. Kelleher, as agent for the consignor or vendor, shall regulate the bidding and shall determine the manner in which the bidding shall be conducted. Kelleher reserves the right to withdraw any lot prior to sale (without liability to any potential purchaser or agent), to re-offer any withdrawn lot, to divide a lot or to group two or more lots belonging to the same consignor or vendor, and to refuse any bid believed not made in good faith. Estimates of sales prices contained in the printed Catalogue reflect the best judgment of Kelleher and are not minimum or upset prices.

2. (a) Bids shall be made in the steps set forth on the bidding page for increments. (b) The highest bid acknowledged by the auctioneer shall prevail. Should a dispute arise between bidders (including a dispute between a floor or internet bidder and the auctioneer acting on behalf of a mail bidder, consignor or vendor, the auctioneer alone shall determine who the successful bidder is and whether to reoffer the lot in dispute. Should a dispute arise after the sale, the auctioneer's sale records shall be conclusive. On all lots sold, a commission of 20% * on the hammer price is payable by the buyer to the auctioneer together with any sales and use tax or customs duties. (c) Lots may be re-opened as necessary to accommodate connectivity issues or incorrect bids.

3. (a) The auctioneer reserves the right to bid on behalf of clients (and consignors or vendors) but shall not be liable for errors and omissions in executing instructions to bid, however received, and whether such errors or omissions be those of the bidder or agent or those of the auctioneer.

(b) Lots are offered subject to a reserve price. The auctioneer will implement such reserve price by bidding on behalf of the consignor/ vendor. (c) It may also be assumed that all consignors have been advanced monies against the sale of their consigned material and Kelleher therefore has a security interest in the consigned material over and above the normal auction commission.

(d) Purchases made by a consignor or vendor or his agent on his own lots shall be considered as a sale subject to commissions and sales tax as applicable.

(e) Agents are responsible for the payment of the purchase price for all purchases made on behalf of their clients, unless other arrangements with the auctioneer have been confirmed in writing prior to the auction.

PAYMENT FOR PURCHASES

4. (a) Payment for lots, including those on which opinions are desired (Extensions), shall be as follows:

(b) Floor Bidders. Payment of the purchase price, or such part thereof as Kelleher shall require, shall be made by the purchaser in cash, bank or certified check, credit card, PayPal or in such other manner as Kelleher may determine. The name and address of the purchaser of each lot shall be given to the auctioneer immediately following the sale of such lot.

(c) Mail/Internet/FAX/Website Bidders. A successful mail bidder will be notified of lots purchased. Before Kelleher will send such lots, payment in full must be received by Kelleher within three (3) business days of receipt of the aforesaid notification by the mail bidder. However, a purchaser known to Kelleher at its option may have purchases delivered or forwarded for immediate payment (by a dollar draft, ACH or wire transfer from a U.S. bank in the case of overseas purchasers). Mailed delivery will be to the address on the bid sheet and proof by Kelleher of receipt of a sending at the advised address shall constitute delivery. This includes disputes for payments made via PayPal and/or credit card. Buyer acknowledges that he/she waives their right to file a dispute in such cases with PayPal or their Credit Card Company. All charges for handling, delivery and insurance obtained by Kelleher on behalf of the purchaser shall be added to the purchase price; a minimum charge of \$20.00 will be made for same.

5. Title shall not pass to the purchaser until full payment has been received by Kelleher as agents for the consignor or vendor.

6. (a) Purchasers agree to pay for lots as specified in Condition of Sale 4 (or as the same may be modified by Condition of Sale 8), and no credit is extended; a late payment charge of 2% per month or fraction thereof shall be added if payment is not made in accordance with the aforesaid conditions.

(b) In the event that a bidder shall fail to comply with these Conditions of Sale ("Non-Complying Bidder"), then, as to any lot with respect to which such failure to comply occurs, Kelleher, may, in its sole discretion, re-offer such lot during the same auction or at an auction at a later time, or by private treaty sale at such time as Kelleher Auctions, in its sole discretion, deems appropriate and the Non-Complying Bidder shall be liable for the deficiency, if any, between the hammer price and the net proceeds of a sale to a subsequent purchaser, whether at auction or by private treaty, as well as for all costs and expenses of both sales, including all other charges due thereunder, including commissions with respect to both sales, whether payable to Kelleher or to a third party and all incidental damages. It shall be in Kelleher's sole discretion to determine whether to re-offer the lot theretofore hammered-down to a Non-Complying Bidder at the same auction, or by private treaty in due course, or at a subsequent auction conducted by Kelleher. In no event shall any surplus arising from the sale of a re-offered lot be payable to a Non-Complying Bidder.

(c) A defaulting purchaser shall be deemed to have granted Kelleher a security interest in property in Kelleher's possession owned by such purchaser. Kelleher shall have all of the rights afforded a purchase money secured party under the Connecticut Uniform Commercial Code (UCC) with respect to such property and may apply against such obligations all monies held or received by it for the account of, or due from Kelleher to such purchaser. Kelleher is authorized to file a Financing Statement in order to perfect its rights as a secured party.

(d) If Kelleher takes any legal steps to secure payment of a delinquent account, the defaulting purchaser shall be liable for all legal and other expenses incurred by Kelleher to secure such payment, including but not limited to a reasonable allowance for attorneys' fees. For purposes of this paragraph, the term legal steps shall be deemed to include any and all consultation by Kelleher with its attorneys with respect to all matters arising out of a delinquent account.

(e) Unless otherwise acceptable to Kelleher, payment is to be made only in the form of cash, bank check or certified check, personal check (which must clear prior to delivery of lots), credit card (AMEX, Visa, MasterCard and Discover), PayPal or a bank ACH or wire transfer. Payments made by credit card are accepted as a courtesy without surcharge.

If an opinion of a mutually acceptable authority is desired (Extension), the period of time within which a lot must be received by Kelleher will be extended in accordance with Condition of Sale 7(g).
