Grading and Condition

Superb	Extraordinary item in the finest condition.
Extremely Fine (XF)	A stamp or cover of outstanding and exceptional quality.
Very Fine (VF)	Scott Catalog's standard. Stamps will present a nice, balanced appearance. Covers appear new or show only minimal wear.
Fine-Very Fine (F-VF)	Stamp and/or covers are sound. Stamps are fully margined but noticeably off-center. Covers show normal travel wear.
Fine (F)	Sound in all aspects. Perforated stamps will have the perforations clear of the design; imperforate stamps will not be cut into to any significant degree. Covers show extensive wear.
Very Good (VG)	Stamps with imperfect centering, stamps or covers with poor general appearance.

Covers

Minor imperfections are normal for 19th-century envelopes that have been postally transmitted. These include, but are not limited to, nicks, edge or flap tears, or slight reductions; folded letters will often have at least one file fold. Further, covers may have an ordinary stamp with a minor defect. Acceptable forms of conservation include light cleaning and edge mending. These conditions, even if not described, are not grounds for return.

Catalog Values

Unless otherwise noted, the currently available (2024 edition) Scott Catalogue values are quoted in U.S. dollars and rounded to the nearest dollar. Other catalogues are often used for foreign countries or specialized areas as required.

Collection Lots

Please note that **all** collection lots are sold on an "as-is" basis and therefore **not returnable for any reason**. Every attempt has been made to provide an accurate description, and extensive imaging is available on our website. Most collection lots will contain stamps and/or covers with varying imperfections or faults. We strongly suggest that all lots of interest be viewed in advance of the sale.

Please note that late payment for purchases may, at Daniel F. Kelleher's option, be considered just cause to revoke all return privileges.

Featured Biographies

Thomas Klingensmith

Thomas Klingensmith (Tom) was born on July 31, 1923, in Canton, Ohio. Tom was the middle child of three kids. Tom was a 1952 graduate of Principia High School in St. Louis, Missouri. He then enlisted in the Army National Guard of Ohio, and later received a Bachelor's Degree in Architecture from Kent State University in 1961.

Tom was married to Caroline for 48 years from 1964 until her passing in 2012. They are survived by their only son, Scott, daughter in law, Cynthia, and two grandchildren, Anna and Atalie. Tom spent every summer at Chautauqua Lake, New York, enjoying time with family, boating, playing golf and taking in the evening concerts at the open amphitheater on the Chautauqua grounds.

Tom went on to have a successful career for 52 years as an architect in Canton, Ohio. Before starting his own architecture firm in 1967, Tom was part of the firm that designed the Football Hall of Fame in Canton, Ohio. Tom was a former board member of the Stark County Humane Society and had been the proud owner of 3 cairn terrier dogs over the span of 45 years.

At the top of Tom's favorite pastimes was collecting coins and stamps. He started collecting coins and stamps in the 1940's. Tom had fond memories of buying coins and stamps on special trips with his father, who used to travel extensively for business. At one time, Tom had a nationally recognized Lincoln penny collection before selling it 20 years ago to expand his stamp collections. Tom was always meticulous at getting his stamps categorized and mounted once they arrived in the mail. Sadly, Tom passed at the age of 89 in September, 2023. He will be greatly missed, but would be happy to know other stamp collectors will enjoy his stamps for years to come.

Hans-Jürgen Hess

Hans-Jürgen Hess was born in Germany in 1930. After receiving his Ph.D. in organic chemistry from the Technical University Braunschweig, Germany, in 1957, he came to the United States to complete two years of postdoctoral work before joining the pharmaceutical company, Pfizer. Hans was Vice President of Medical Products Research at Pfizer Central Research in Groton, CT, where he worked for 36 years.

Hans started at Pfizer as a research chemist and led Pfizer's Medicinal Chemistry drug discovery efforts in the United States for many years. He also led the Pfizer Drug Discovery Research organization in Japan for more than 10 years. He was named inventor or co-inventor on more than 100 issued U.S. patents and is the inventor of Minipress, a drug used for lowering blood pressure. Among other professional activities, he was Editor-in-Chief of Annual Reports in Medicinal Chemistry Research, a premier reference publication of the American Chemical Society. In 2011, he was inducted into the American Chemical Society's Medicinal Chemistry Hall of Fame. Following his retirement from Pfizer in 1996, he remained active in the sciences and served on scientific advisory boards and as a consultant to a number of biotechnology and biopharmaceutical companies.

Outside of his scientific work, Hans had many interests. As a student in Germany, he was an accomplished track and field runner, winning awards in regional and national competitions. Later in life, he enjoyed skiing and playing tennis and he was a world traveler and wine enthusiast. He was also an avid fisherman and would spend many weekends fishing on Long Island Sound or past Montauk Point, in search of tuna. Hans resided in Old Lyme, CT, where he loved hosting family from Germany or his children and grandchildren, which were his pride and joy. Hans became interested in stamps in the late 1940s, when he began collecting postage stamps from what was then Persia. Later, he focused on stamps from the German colonies and those relating to the flights of the Zeppelin. He immersed himself in research and spent many hours seeking out excellent examples to fill his collection. Hans also enjoyed collecting U.S. stamps, including commemoratives and U.S. mint sheets.

John F. Fanselow

John became interested in stamps because when he went to his Uncle Joe's and Aunt Laura's for supper, after the meal his uncle showed him some of his stamps. One result of this was John, who was a Boy Scout, earned a Merit Badge in Stamps Collection. His uncle showed him more and more stamps when he went to their home for dinner.

When his uncle died in 1958, the collection John inherited was worth \$80,000.

John was a Professor at Columbia University, Teachers College from 1996 to 2013 when he became Professor Emeritus. In 2005 The President of Columbia University, Teachers College, Arthur Levine, presented John with the Columbia University, Teachers College Distinguished Alumni Award.

**THE ONLY RECORDED MINT NEVER HINGED PLATE NUMBER STRIP OF
THE \$5 COLUMBIAN (SCOTT #245)**

641

641 ★★

1893, \$5 Columbian (Scott 245), bottom margin plate number “No. 108” strip of 4 with imprint and “D D”, o.g., never hinged, an exquisite gem, Post Office fresh with proof-like color and detail, all with exceptional centering on bright, fresh, sound paper, Extremely Fine, ex “Argentum” (Dr. Graves), with 1999 and 2008 P.F. certificates. Scott \$150,000.

Estimate \$125,000 - 150,000

(photo on front cover)

While Scott lists a \$5 plate number block of eight, they also note that it is unique. A strip of four is thus the only practical way to obtain and present the full imprint with plate number and letters.

Scott \$1,150. **The sale of this pair is provisional.** The strip of 7 is offered provisionally in the next lot, and the pair plus the strip of 7 will then be offered together, along with original Express Mail envelope upon which the strip of nine was originally used (the other three stamps are no longer present). Unless we have a higher bid on the book, the total of the two bids for the pair and strip of 7 individually will be the starting bid for the combined lot.

Estimate \$1,000 - 1,500

Only 13 used examples are recorded. This pair was part of a strip of 9 (see next two lots) that was used on an Express Mail cover to Lancaster, CA. The strip, which was used with a 5¢ and two 45¢ stamps, made up the then-current \$9.95 Overnight Express Mail rate. Dr. Greenwood removed the strip and sold this pair to a friend, re-acquiring it several years later.
