Grading and Condition

Superb	Extraordinary item in the finest condition.
Extremely Fine (XF)	A stamp or cover of outstanding and exceptional quality.
Very Fine (VF)	Scott Catalog's standard. Stamps will present a nice, balanced appearance. Covers appear new or show only minimal wear.
Fine-Very Fine (F-VF)	Stamp and/or covers are sound. Stamps are fully margined but noticeably off-center. Covers show normal travel wear.
Fine (F)	Sound in all aspects. Perforated stamps will have the perforations clear of the design; imperforate stamps will not be cut into to any significant degree. Covers show extensive wear.
Very Good (VG)	Stamps with imperfect centering, stamps or covers with poor general appearance.

Covers

Minor imperfections are normal for 19th-century envelopes that have been postally transmitted. These include, but are not limited to, nicks, edge or flap tears, or slight reductions; folded letters will often have at least one file fold. Further, covers may have an ordinary stamp with a minor defect. Acceptable forms of conservation include light cleaning and edge mending. These conditions, even if not described, are not grounds for return.

Catalog Values

Unless otherwise noted, the currently available (2025 edition) Scott Catalogue values are quoted in U.S. dollars and rounded to the nearest dollar. Other catalogues are often used for foreign countries or specialized areas as required.

Collection Lots

Please note that **all** collection lots are sold on an "as-is" basis and therefore **not returnable for any reason**. Every attempt has been made to provide an accurate description, and extensive imaging is available on our website. Most collection lots will contain stamps and/or covers with varying imperfections or faults. We strongly suggest that all lots of interest be viewed in advance of the sale.

Please note that late payment for purchases may, at Daniel F. Kelleher's option, be considered just cause to revoke all return privileges.

Featured Biography

David L. Friedland

David Friedland was the son of a wine and spirits retailer from the South side of Chicago, Illinois. He graduated from Roosevelt University in 1955 and was in the U.S. Naval Air Reserve from 1951-1955. He started working in the beverage industry in 1955 with Joseph E. Seagram & Sons in New York. A year later he returned to Chicago to work for Browne Vintners, the Seagram Import Company, and then Munson Shaw a division of the Beam Import Co.

David met his wife, Nancy in his hometown of Chicago and they got married in 1962. At age 29, he moved with her to Nebraska to work at United Distillers Products Company, a business started by Nancy's grandparents in 1893. David was responsible for the growth and expansion of United which under his leadership became the top beverage alcohol distributor in the state of Nebraska. He led the company until his death in 2008.

David was an avid reader, a quiet philanthropist and lover of history. In his early 30's he developed a deep appreciation for philately. He was a Life Member of the American Philatelic Society since 1964. His interests were General US, Booklets and Panes, Coils, Locals and Carriers, Match and Medicine and Federal Revenues and Tax Paid. David found joy in the stories that each stamp holds.

Nepal: Modernization of the Postal System

The Perkins-Bacon Printings, 1907-1935

Purpose This is a traditional exhibit—with a necessary bit of marcophily—documenting the modernization of the Nepalese postal system.

Exhibit Organization The following order is used in this display: Proofs, plate proofs, the issued set including shades, and finally, used examples, usages, then telegraph usages.

Chapters

Important Items Marked
with Red Border

- A • First Pashupati Issue, 1907
- B • Second Pashupati Issue, 1930
- C • Third Pashupati Issue, 1935

Background In 1906, the Prime Minister of Nepal, Sir Chandra Shumsher Rana, arranged for the Perkins-Bacon Company of London to design and print new stamps. The new designs feature *Siva Mahadeva (Pashupati)* amidst the Himalayan mountains hence the other name for the period, “*Shri Pashupati*.”

Perkins-Bacon made three printings: 1907, 1930, and 1935. A fourth, typographed printing was made locally in 1941 when WWII made stamp supplies unreliable. These issues are not shown in this exhibit.

The Necessity for Modernization The London printings of these stamps represent a radical departure from the methods used for the first 57 years of

the Nepalese postal system:

Typographed on
Poor Quality
Native Paper

Engraved on
European Paper

Notice that the old “*Sripech and Crossed Khukris*” design — here, the one-anna Recut value — is worn and barely legible. The old cancellations were no better.

Marcophily — the specialized study and collection of postmarks, cancellations and postal markings — is not normally part of a traditional exhibit. However, these are documented in detail since their story and evolution are an integral part of this modernization process.

This exhibit will show how modernization was accomplished beginning in 1907 up to 1935.

- 3101 ★/○/☒** **Specialized 1871-75 Tiger's Head Issues Collection**, an outstanding specialist's collection presented on both well-annotated exhibit-type pages and on 3-row stock pages. The 1871 first issues, dated "1288," comprised approximately 21 nearly all used and cut examples, but all are plated and presented to facilitate identification. The 1872-73 issues, equally substantial, include some choice mint examples, such as pairs, a strip of three, and a corner missing ornament. Issues in this series are also plated and identified for collector convenience. Subsequent color changes offer similar coverage, and approximately eleven covers with plated and identified frankings—singles, pairs, and combination—accompany. Plenty more to the collection of these classic issues, the likes of which are rarely offered in today's market, fully imaged online.
Estimate \$3,500 - 5,000
- 3102 ★/○/☒** **1876-90 Small Tiger's Heads and Handstamped Issues Collection (Scott 19//176)**, an interesting and specialized "work in progress" of stamps and covers on four stock sheets. 1907 Imperforate Habibullah Issue Collection (Scott 196-199), a grand and extensive collection of the issue in a binder, with most mounted on exhibition pages, with the balance of the stamps and covers present but awaiting proper mounting on the pages. It all begins with a rare "forerunner" Revenue stamp with design and production similar to the definitive issue. It continues with a remarkably detailed treatment of the shades, position pieces including gutters, scarce watermarked examples, multiples, a wide range of cancels, and errors such as printed on both sides or double impressions, etc. The 2ab value (#198) features many blocks of six or larger, including five full sheets of 18. Meanwhile, some pairs, such as a tête-bêche gutter pair and a block of four, highlight the scarcer 1rup value. An intriguing lineup of covers is accompanied by an impressive array of cancels, including strong strikes from various locales in black, violet, red, purple, and more. An exceptional study, fully imaged online.

1907 1ab and 2ab Habibullah Issue, Zigzag and Serrate Roulette Perforation Experiments Exhibit Collection (Scott 200//201B), an impressive collection of these fascinating issues, incorporating several of the world's rarest stamps, all on exhibit pages, though not all are mounted. The 1907 zigzag roulette 10 begins the awe-inspiring collection, including mint examples of both the 1ab and 2ab values, with the 1ab being one of just two known examples and ex-Dietrich. Additionally, two of the three known examples of the 2ab value are displayed. The Scott value of just these three stamps is \$7,750, quite conservative considering their rarity. The 1908 serrate roulettes feature the only two known examples of the 2ab Blue (#201B, both ex-Perkal), catalogued at \$7,000. The used section features eight examples by shade of the 1ab zigzag (#200, cat. value \$3,200), plus two examples of the 2ab value (#201B, unpriced). Other items of interest include a 1936 forgery with accompanying "certificate" sent by dealer Zahid to Col. Lawrence Smith, the original owner of the 1ab zigzag, stating that "it is genuine". Also includes additional used examples of the 1ab zigzag, as well as three rare examples (of the four known) of the 1ab Green serrate roulette on covers (ex-Maj. A fantastic array of items from these first issues of the set, including shades, multiples with full sheets, perf-perf varieties, and imperforate varieties, such as the 1ab horizontal strip of nine imperforate between perforations (perforations only at the ends of the strip), among others, including a 2ab imperforate sheet of 50 and two imperforate blocks. The answer is readily apparent through a review and study of this exquisitely presented collection organized into 29 exhibit-type pages, all contained within a single binder. Within, we note a broad range of shades, perforation and watermark varieties, a cancellation study, different papers, plate flaws, sheets, and large multiples, among other features. Magnificent Study of the 1939 Airmail Set and its 1948 Reissue (Scott C1-C3), an extraordinary, scholarly, researched, and annotated collection completely covering the issue, all displayed on 40 exhibit pages. The initial issue study begins with a set of rare UPU "AMOSTRA" Specimen overprints, followed by subsequent sections on perforation analysis, imperforates, color changes, and other related topics. Notable are two complete sets of sheets of #C1-C3, identified reference forgeries, imperforates, minor size and design flaws. The later 1940-47 printings are represented by additional shade and perforation varieties, sheets of the 10af and 20af values, scarce imperforate margin pairs (only 1,000 sets issued), along with imperforate horizontal pair single frankings on three Airmail covers addressed to "Mr. Lazar" or "Centenary Stamp Co" in NY City. The 1948 issue in singles (each signed Kessler) and in imperforate blocks (each signed Sanabria). The end section showcases a variety of uses on 28 covers, including rate studies, destinations, censors, Registry, and advertising, among others. Highlights include 1941 censored to Switzerland, numerous Registered to the USA, 1949 to China, etc., plus a scarce 1950 manuscript cancelled example registered to Austria. Following a rare imperforate between pair are 18 elusive uses on cover ranging from early (1910) to later (1921) uses, combination frankings, etc., highlighted by a stunning 1919 linen envelope from Muhammed Dhafar, ruler of Noor at Queen's Court in exile, and posted during the third Anglo-Afghan War (May-August, 1919). 1909-18 The First Habibullah Parcel Post Issues Collection (Scott Q1-Q10), an incomparable collection, often mounted on exhibit pages with the owner's updated exhibition pages included to reflect new acquisitions or information, and highly specialized throughout with highlights galore, including (in no particular order) a very rare two-stamp franking on parcel front (very few of which have survived, according to Patterson). Also noted are many complete sheets, including #Q1, Q3 (2 shades), Q6, Q7 (3 shades), Q9 (2 shades), plus the rare imperforate sheets #Q1a and Q2a (2). Numerous multiples present with #Q9 left margin block of ten horizontally imperforate. Undoubtedly, the crown jewels of this fabulous collection are the two illustrated and footnoted items shown in the Scott catalog between the 1909 and 1916 sets. It describes an undenominated Official Parcel Post stamp prepared, but not issued, of two types, of which a "pair, imperforate between" and "a complete sheet of twoperforated on all sides" are known. According to one of many J. Frank Braceland articles on Newspaper stamps published in the US Specialist, the first Newspaper stamps were issued from 1865-1869 and, according to the Nov. 15, 1869 report of PMG Creswell, "The issue of periodical stamps was discontinued by my predecessor about February 1, 1869. No reason was given for this action nor was there any further information on the subject. It is not known whether the stamp remainders in the hands of postmasters were used up or returned to Washington for destruction." After the stamps were discontinued, the department reverted to its old system of collecting the postage in case, using no stamps.

Under magnification the reprints show a finer fiber and they tear cleanly at the perforation, whereas the originals nearly always show a few fibers or shreds protruding at the perforations. Both are perf 12 and issued without gum. The shades of the reprints generally are darker and heavier than those of the originals and have the appearance of having been printed with thicker inks. The 5¢ cannot be definitely distinguished by shade due to the wide range of shades of both reprint and original. The shades of the 10¢ are darker than the usual shades of the original. CONDITIONS OF SALE - Public Auction

THE PLACING OF A BID SHALL CONSTITUTE ACCEPTANCE OF THESE CONDITIONS OF SALE BETWEEN BIDDER AND DANIEL F. KELLEHER AUCTIONS, LLC ("KELLEHER")

BIDDING

1. Unless announced otherwise by the auctioneer, all bids are per lot, as numbered in the printed Catalogue. Kelleher, as agent for the consignor or vendor, shall regulate the bidding and shall determine the manner in which the bidding shall be conducted. Kelleher reserves the right to withdraw any lot prior to sale (without liability to any potential purchaser or agent), to re-offer any withdrawn lot, to divide a lot or to group two or more lots belonging to the same consignor or vendor, and to refuse any bid believed not made in good faith. Estimates of sales prices contained in the printed Catalogue reflect the best judgment of Kelleher and are not minimum or upset prices.
2. (a) Bids shall be made in the steps set forth on the bidding page for increments. (b) The highest bid acknowledged by the auctioneer shall prevail. Should a dispute arise between bidders (including a dispute between a floor or internet bidder and the auctioneer acting on behalf of a mail bidder, consignor or vendor), the auctioneer alone shall determine who the successful bidder is and whether to re-offer the lot in dispute. Should a dispute arise after the sale, the auctioneer's sale records shall be conclusive. On all lots sold, a commission of 20% + on the hammer price is payable by the buyer to the auctioneer together with any sales and use tax or customs duties. (c) Lots may be re-opened as necessary to accommodate connectivity issues or incorrect bids.
3. (a) The auctioneer reserves the right to bid on behalf of clients (and consignors or vendors) but shall not be liable for errors and omissions in executing instructions to bid, however received, and whether such errors or omissions be those of the bidder or agent or those of the auctioneer. (b) Lots are offered subject to a reserve price. The auctioneer will implement such reserve price by bidding on behalf of the consignor or vendor. (c) It may also be assumed that all consignors have been advanced monies against the sale of their consigned material and Kelleher therefore has a security interest in the consigned material over and above the normal auction commission. (d) Purchases made by a consignor or vendor or his agent on his own lots shall be considered as a sale subject to commissions and sales tax as applicable. (e) Agents are responsible for the payment of the purchase price for all purchases made on behalf of their clients, unless other arrangements with the auctioneer have been confirmed in writing prior to the auction.

PAYMENT FOR PURCHASES

4. (a) Payment for lots, including those on which opinions are desired (Extensions), shall be as follows: (b) Floor Bidders. Payment of the purchase price, or such part thereof as Kelleher shall require, shall be made by the purchaser in cash, bank or certified check, credit card, PayPal or in such other manner as Kelleher may determine. The name and address of the purchaser of each lot shall be given to the auctioneer immediately following the sale of such lot. (c) Mail/Internet/FAX/Website Bidders. A successful mail bidder will be notified of lots purchased. Before Kelleher will send such lots, payment in full must be received by Kelleher within three (3) business days of receipt of the aforesaid notification by the mail bidder. However, a purchaser known to Kelleher at his option may have purchases delivered or forwarded for immediate payment (by a dollar draft, ACH or wire transfer from a U.S. bank in the case of overseas purchases). Mailed delivery will be to the address on the bid sheet and proof of Kelleher's receipt of a sending at the address shall constitute delivery. This includes disputes for payments made via PayPal and/or credit card. Buyer acknowledges that he/she waives their right to file a dispute in such cases with PayPal or their Credit Card Company. All charges for handling, delivery and insurance obtained by Kelleher on behalf of the purchaser shall be added to the purchase price; a minimum charge of \$20.00 will be made for same. 5. Title shall not pass to the purchaser until full payment has been received by Kelleher as agents for the consignor or vendor. 6. (a) Purchasers agree to pay for lots as specified in Condition of Sale 4 (or as the same may be modified by Condition of Sale 8), and no credit is extended; a late payment charge of 2% per month or fraction thereof shall be added if payment is not made in accordance with the aforesaid conditions. (b) In the event that a bidder shall fail to comply with these Conditions of Sale ("Non-Complying Bidder"), then, as to any lot with respect to which such failure to comply occurs, Kelleher, may, in its sole discretion, re-offer such lot during the same auction or at an auction at a later time, or by private treaty sale at such time as Kelleher Auctions, in its sole discretion, deems appropriate and the Non-Complying Bidder shall be liable for the deficiency, if any, between the hammer price and the net proceeds of a sale to a subsequent purchaser, whether at auction or by private treaty, as well as for all costs and expenses of both sales, including all other charges due thereunder, including commissions with respect to both sales, whether payable to Kelleher or to a third party and all incidental damages. It shall be in Kelleher's sole discretion to determine whether to re-offer the lot theretofore hammered down to a Non-Complying Bidder at the same auction, or by private treaty in due course, or at a subsequent auction conducted by Kelleher. In no event shall any surplus arising from the sale of a re-offered lot be payable to a Non-Complying Bidder. (c) A defaulting purchaser shall be deemed to have granted Kelleher a security interest in property in Kelleher's possession owned by such purchaser. Kelleher shall have all of the rights afforded a purchase money secured party under the Connecticut Uniform Commercial Code (UCC) with respect to such property and may apply against such obligations all monies held or received by it for the account of, or due from Kelleher to such purchaser. Kelleher is authorized to file a Financing Statement in order to perfect its rights as a secured party. (d) If Kelleher takes any legal steps to secure payment of a delinquent account, the defaulting purchaser shall be liable for all legal and other expenses incurred by Kelleher to secure such payment, including but not limited to a reasonable allowance for attorneys' fees. For purposes of this paragraph, the term legal steps shall be deemed to include any and all consultation by Kelleher with its attorneys with respect to all matters arising out of a delinquent account. (e) Unless otherwise acceptable to Kelleher, payment is to be made only in the form of cash, bank check or certified check, personal check (which must clear prior to delivery of lots), credit card (AMEX, Visa, MasterCard and Discover), PayPal or a bank ACH or wire transfer. Payments made by credit card are accepted as a courtesy without surcharge.

EXHIBITION AND INSPECTION OF LOTS; QUALITY AND AUTHENTICITY

7. (a) See viewing schedule for on-premises viewing and please note that we are a certified State of CT, COVID-19 compliant business. As the guidance and rules change, please refer to the CT.GOV

or CDC.GOV websites. Ample opportunity is given for on premises inspection prior to the auction date, by appointment only and upon written request and at Kelleher's discretion. Live video viewing is also available, please contact our offices to arrange same, at least one week prior to the sale date.

- (b) Each lot is sold as genuine and correctly described, based on individual description as modified by any specific notations in this Catalogue or as announced at the time of sale.
- (c) Quality. Any lot which a purchaser considers to be incorrectly described and was not examined by the bidder or his agent prior to the sale, may be returned to Kelleher within two weeks of its receipt by such purchaser ("Returning Purchaser"), provided, however, that the same is received by Kelleher within 10 weeks of the date of the auction and in its original packaging; however, Kelleher may, in its discretion, refuse acceptance of such returned lot. If an opinion of a mutually acceptable authority is desired (Extension), the period of time within which a lot must be received by Kelleher will be extended in accordance with Condition of Sale 7(g). In the event that a dispute cannot be resolved by reference to a mutually acceptable authority, and Kelleher thereupon undertakes to re-offer the lot with a description identical to the description disputed, the Returning Purchaser shall be liable for the deficiency, if any, between the proceeds of the sale to the Returning Purchaser and the proceeds of a sale to a subsequent purchaser, as well as for all costs and expenses of the re-sale, including commission, and all incidental damages. Any lot, the description of which is disputed, must be returned intact and in the original packaging and in the condition received (unaltered) by the purchaser. The following lots are not returnable except at the discretion of Kelleher: (i) lots from purchasers who attended the exhibition of the lots; (ii) lots examined by postal viewers; (iii) lots on account of their appearance, if they are illustrated in this Catalogue or online; (iv) lots described as having repairs, defects or faults for any reason. (v) lots containing more than ten (10) items. (d) Authenticity. Any lot which is declared other than genuine by a mutually recognized authority is returnable, provided such lot is received by Kelleher within four weeks of the date of the auction. Proof that a mutually acceptable authority declines to express an opinion is not grounds for the return of a lot. (e) Expenses incurred by a purchaser in the submission and the return of a lot under Conditions of Sale 7 is not subject to refund. (f) Numerical grading is subjective and is based upon the condition of each issue. Lots may not be returned if a third party grades a stamp at lower than our grade. (g) Lots with existing certificates from the Philatelic Foundation (PF) or Professional Stamp Experts (PSE), British Philatelic Association (BPA), Royal Philatelic Society (London) (RPSL) and Australia (RPSA), Vincent Graves Greene Foundation (VGG) or any other expertizing authority as recognized by the International Association of Philatelic Experts (IAPE), for items within their specialty and dated within the last seven (7) years from the date of sale, will be offered and sold on an "as-is" basis and as so stated on the certificate. Such lots may not be returned for any reason, including but not limited to a contrary verbal or written opinion or certificate.

SALES TAX/CUSTOMS DUTIES

8. Unless presentation of satisfactory proof that it is exempted by law, a purchaser shall pay to Kelleher the compensating sales and/or use taxes of any State claiming jurisdiction, which is being collected, reported and remitted to said State, based upon the Supreme Court Wayfair legislation enacted June, 2018. Buyers outside the U.S. are responsible for all customs duties. A purchaser shall indemnify Kelleher and hold it harmless of and from any claims of any jurisdiction for sales taxes relating to the purchase of articles at the auction, whenever the same may arise.
