Table from the *Scott Specialized Catalogue of United States Stamps & Covers*, ©2020 Amos Media

Grading and Condition

Superb	Extraordinary item in the finest condition.
Extremely Fine (XF)	A stamp or cover of outstanding and exceptional quality.
Very Fine (VF)	Scott Catalog's standard. Stamps will present a nice, balanced appearance. Covers appear new or show only minimal wear.
Fine-Very Fine (F-VF)	Stamp and/or covers are sound. Stamps are fully margined but noticeably off-center. Covers show normal travel wear.
Fine (F)	Sound in all aspects. Perforated stamps will have the perforations clear of the design; imperforate stamps will not be cut into to any significant degree. Covers show extensive wear.
Very Good (VG)	Stamps with imperfect centering, stamps or covers with poor general appearance.

Covers

Minor imperfections are normal for 19th-century envelopes that have been postally transmitted. These include, but are not limited to, nicks, edge or flap tears, or slight reductions; folded letters will often have at least one file fold. Further, covers may have an ordinary stamp with a minor defect. Acceptable forms of conservation include light cleaning and edge mending. These conditions, even if not described, are not grounds for return.

Catalog Values

Unless otherwise noted, the currently available (2025 edition) Scott Catalogue values are quoted in U.S. dollars and rounded to the nearest dollar. Other catalogues are often used for foreign countries or specialized areas as required.

Collection Lots

Please note that **all** collection lots are sold on an "as-is" basis and therefore **not returnable for any reason**. Every attempt has been made to provide an accurate description, and extensive imaging is available on our website. Most collection lots will contain stamps and/or covers with varying imperfections or faults. We strongly suggest that all lots of interest be viewed in advance of the sale.

Please note that late payment for purchases may, at Daniel F. Kelleher's option, be considered just cause to revoke all return privileges.

CONDITIONS OF SALE - Public Auction

THE PLACING OF A BID SHALL CONSTITUTE ACCEPTANCE OF THESE CONDITIONS OF SALE BETWEEN BIDDER AND DANIEL F. KELLEHER AUCTIONS, LLC ("KELLEHER")

BIDDING

1. Unless announced otherwise by the auctioneer, all bids are per lot, as numbered in the printed Catalogue. Kelleher, as agent for the consignor or vendor, shall regulate the bidding and shall determine the manner in which the bidding shall be conducted. Kelleher reserves the right to withdraw any lot prior to sale (without liability to any potential purchaser or agent), to re-offer any withdrawn lot, to divide a lot or to group two or more lots belonging to the same consignor or vendor, and to refuse any bid believed not made in good faith. Estimates of sales prices contained in the printed Catalogue reflect the best judgment of Kelleher and are not minimum or upset prices.

2. (a) Bids shall be made in the steps set forth on the bidding page for increments. (b) The highest bid acknowledged by the auctioneer shall prevail. Should a dispute arise between bidders (including a dispute between a floor or internet bidder and the auctioneer acting on behalf of a mail bidder, consignor or vendor, the auctioneer alone shall determine who the successful bidder is and whether to reoffer the lot in dispute. Should a dispute arise after the sale, the auctioneer's sale records shall be conclusive. On all lots sold, a commission of 20% * on the hammer price is payable by the buyer to the auctioneer together with any sales and use tax or customs duties. (c) Lots may be re-opened as necessary to accommodate connectivity issues or incorrect bids.

3. (a) The auctioneer reserves the right to bid on behalf of clients (and consignors or vendors) but shall not be liable for errors and omissions in executing instructions to bid, however received, and whether such errors or omissions be those of the bidder or agent or those of the auctioneer.

(b) Lots are offered subject to a reserve price. The auctioneer will implement such reserve price by bidding on behalf of the consignor/ vendor. (c) It may also be assumed that all consignors have been advanced monies against the sale of their consigned material and Kelleher therefore has a security interest in the consigned material over and above the normal auction commission.

(d) Purchases made by a consignor or vendor or his agent on his own lots shall be considered as a sale subject to commissions and sales tax as applicable.

(e) Agents are responsible for the payment of the purchase price for all purchases made on behalf of their clients, unless other arrangements with the auctioneer have been confirmed in writing prior to the auction.

PAYMENT FOR PURCHASES

4. (a) Payment for lots, including those on which opinions are desired (Extensions), shall be as follows:

(b) Floor Bidders. Payment of the purchase price, or such part thereof as Kelleher shall require, shall be made by the purchaser in cash, bank or certified check, credit card, PayPal or in such other manner as Kelleher may determine. The name and address of the purchaser of each lot shall be given to the auctioneer immediately following the sale of such lot.

(c) Mail/Internet/FAX/Website Bidders. A successful mail bidder will be notified of lots purchased. Before Kelleher will send such lots, payment in full must be received by Kelleher within three (3) business days of receipt of the aforesaid notification by the mail bidder. However, a purchaser known to Kelleher at his option may have purchases delivered or forwarded for immediate payment (by a dollar draft, ACH or wire transfer from a U.S. bank in the case of overseas purchasers). Mailed delivery will be to the address on the bid sheet and proof by Kelleher of receipt of a sending at the advised address shall constitute delivery. This includes disputes for payments made via PayPal and/or credit card. Buyer acknowledges that he/she waives their right to file a dispute in such cases with PayPal or their Credit Card Company. All charges for handling, delivery and insurance obtained by Kelleher on behalf of the purchaser shall be added to the purchase price; a minimum charge of \$20.00 will be made for same.

5. Title shall not pass to the purchaser until full payment has been received by Kelleher as agents for the consignor or vendor.

6. (a) Purchasers agree to pay for lots as specified in Condition of Sale 4 (or as the same may be modified by Condition of Sale 8), and no credit is extended; a late payment charge of 2% per month or fraction thereof shall be added if payment is not made in accordance with the aforesaid conditions.

(b) In the event that a bidder shall fail to comply with these Conditions of Sale ("Non-Complying Bidder"), then, as to any lot with respect to which such failure to comply occurs, Kelleher, may, in its sole discretion, re-offer such lot during the same auction or at an auction at a later time, or by private treaty sale at such time as Kelleher Auctions, in its sole discretion, deems appropriate and the Non-Complying Bidder shall be liable for the deficiency, if any, between the hammer price and the net proceeds of a sale to a subsequent purchaser, whether at auction or by private treaty, as well as for all costs and expenses of both sales, including all other charges due thereunder, including commissions with respect to both sales, whether payable to Kelleher or to a third party and all incidental damages. It shall be in Kelleher's sole discretion to determine whether to re-offer the lot theretofore hammered-down to a Non-Complying Bidder at the same auction, or by private treaty in due course, or at a subsequent auction conducted by Kelleher. In no event shall any surplus arising from the sale of a re-offered lot be payable to a Non-Complying Bidder.

(c) A defaulting purchaser shall be deemed to have granted Kelleher a security interest in property in Kelleher's possession owned by such purchaser. Kelleher shall have all of the rights afforded a purchase money secured party under the Connecticut Uniform Commercial Code (UCC) with respect to such property and may apply against such obligations all monies held or received by it for the account of, or due from Kelleher to such purchaser. Kelleher is authorized to file a Financing Statement in order to perfect its rights as a secured party.

(d) If Kelleher takes any legal steps to secure payment of a delinquent account, the defaulting purchaser shall be liable for all legal and other expenses incurred by Kelleher to secure such payment, including but not limited to a reasonable allowance for attorneys' fees. For purposes of this paragraph, the term legal steps shall be deemed to include any and all consultation by Kelleher with its attorneys with respect to all matters arising out of a delinquent account.

(e) Unless otherwise acceptable to Kelleher, payment is to be made only in the form of cash, bank check or certified check, personal check (which must clear prior to delivery of lots), credit card (AMEX, Visa, MasterCard and Discover), PayPal or a bank ACH or wire transfer. Payments made by credit card are accepted as a courtesy without surcharge.

(b) Each lot is sold as genuine and correctly described, based on individual description as modified by any specific notations in this Catalogue or as announced at the time of sale.

(c) Quality. Any lot which a purchaser considers to be incorrectly described and was not examined by the bidder or his agent prior to the sale, may be returned to Kelleher within two weeks of its receipt by such purchaser ("Returning Purchaser"), provided, however, that the same is received by Kelleher within four weeks of the date of the auction and in its original packaging; however, Kelleher may, in its discretion, refuse acceptance of such returned lot. If an opinion of a mutually acceptable authority is desired (Extension), the period of time within which a lot must be received by Kelleher will be extended in accordance with Condition of Sale 7(g). In the event that a dispute cannot be resolved by reference to a mutually acceptable authority, and Kelleher thereupon undertakes to re-offer the lot with a description identical to the description disputed, the Returning Purchaser shall be liable for the deficiency, if any, between the proceeds of the sale to the Returning Purchaser and the proceeds of a sale to a subsequent purchaser, as well as for all costs and expenses of the re-sale, including commission, and all incidental damages. Any lot, the description of which is disputed, must be returned intact and in the original packaging and in the condition received (unaltered) by the purchaser. The following lots are not returnable except at the discretion of Kelleher: (i) lots from purchasers who attended the exhibition of the lots; (ii) lots examined by postal viewers; (iii) lots on account of their appearance, if they are illustrated in this Catalogue or online; (iv) lots described as having repairs, defects or faults for any reason. Any lot which is declared other than genuine by a mutually recognized authority is returnable, provided such lot is received by Kelleher within four weeks of the date of the auction. Proof that a mutually acceptable authority declines to express an opinion is not grounds for the return of a lot. (e) Expenses incurred by a purchaser in the submission and the return of a lot under Conditions of Sale 7 is not subject to refund. (f) Numerical grading is subjective and is based upon the condition of each issue. Lots may not be returned if a third party grades a stamp at lower than our grade. (g) Lots with existing certificates from the Philatelic Foundation (PF) or Professional Stamp Experts (PSE), British Philatelic Association (BPA), Royal Philatelic Society (London) (RPSL) and Australia (RPSA), Vincent Graves Greene Foundation (VGG) or any other expertizing authority as recognized by the International Association of Philatelic Experts (AIEP), for items within their specialty and dated within the last seven (7) years from the date of sale, will be offered and sold on an "as-is" basis and as so stated on the certificate. Featured Biography

James Ginsburg

James A. Ginsburg is a veteran attorney and has been practicing law since 1968. He is a sole practitioner in Real Estate Transactions and acts as General Counsel for The Bilak Companies, a company involved with the purchase and operations of shopping centers throughout the Western United States.

Mr. Ginsburg received his J.D. from the University of Minnesota Law School, where he was on the law review and earned his undergrad degree from the same university. He also played varsity basketball at the University of Minnesota. Mr. Ginsburg has active memberships with the State Bar of California and the Los Angeles County Bar Association since 1969. His hobby allowed him great pleasure and relaxation after long days at the office.

James' passion for stamp collecting began when he was 10 years old, being introduced by his uncle, who was a serious philatelist. His father also facilitated his collecting by bringing stamps to him from the post office for his collection which helped him grow his collection. He remembers going to Woolworth's and the five and dime, where he could buy "Lots" of stamps for mere pennies. These packets ignited his interest even further in stamps, allowing his interest in geography and history to become engaged. As he lived near a post office, he clearly remembers the thrill of the hunt in asking the postal clerk if he would remove the Plate Block from the sheet of stamps, allowing him to purchase it, "What a thrill!"

As his teenage years began, what we call the "fumes"; car fumes and perfumes, where sports and girls became more of a priority, his stamp collection took a backseat. Fast forward to his graduation from Law School and landing his first job where he began to make some "real" money, which allowed him to revisit his collecting. This placed him into a different category as a serious collector, allowing him to buy the more "expensive" items. This is when he truly began the quest of collecting early United States Plate blocks, and also became attracted to early Canadian plate Blocks. Along the way he connected with some very enthusiastic professionals and collectors that assisted in his quest. Among them was a longtime friend and dealer Larry Brassler who had a local stamp store. He truly loved going there and purchasing some very nice stamps and plate blocks, with Larry's guidance and help. As time went on, he realized he needed to expand his exposure to find some of the items Larry didn't have and started to attend stamp shows. That is where he met Bobby Prager and became friends with him instantly. Bob really helped me focus on "Quality" rather than quantity, showing me why and how this was best. It is with all of these great connections from my uncle to Larry Brassler and then Bob Prager that I was able to build my collection which I am now sharing with you. I hope that you enjoy

seeing it and acquiring items of interest as much as I did when I searched these items out. Good luck and happy hunting!

Table from the *Scott Specialized Catalogue of United States Stamps & Covers*, ©2020 Amos Media

Grading and Condition

Superb	Extraordinary item in the finest condition.
Extremely Fine (XF)	A stamp or cover of outstanding and exceptional quality.
Very Fine (VF)	Scott Catalog's standard. Stamps will present a nice, balanced appearance. Covers appear new or show only minimal wear.
Fine-Very Fine (F-VF)	Stamp and/or covers are sound. Stamps are fully margined but noticeably off-center. Covers show normal travel wear.
Fine (F)	Sound in all aspects. Perforated stamps will have the perforations clear of the design; imperforate stamps will not be cut into to any significant degree. Covers show extensive wear.
Very Good (VG)	Stamps with imperfect centering, stamps or covers with poor general appearance.

Covers

Minor imperfections are normal for 19th-century envelopes that have been postally transmitted. These include, but are not limited to, nicks, edge or flap tears, or slight reductions; folded letters will often have at least one file fold. Further, covers may have an ordinary stamp with a minor defect. Acceptable forms of conservation include light cleaning and edge mending. These conditions, even if not described, are not grounds for return.

Catalog Values

Unless otherwise noted, the currently available (2025 edition) Scott Catalogue values are quoted in U.S. dollars and rounded to the nearest dollar. Other catalogues are often used for foreign countries or specialized areas as required.

Collection Lots

Please note that **all** collection lots are sold on an "as-is" basis and therefore **not returnable for any reason**. Every attempt has been made to provide an accurate description, and extensive imaging is available on our website. Most collection lots will contain stamps and/or covers with varying imperfections or faults. We strongly suggest that all lots of interest be viewed in advance of the sale.

Please note that late payment for purchases may, at Daniel F. Kelleher's option, be considered just cause to revoke all return privileges.

CONDITIONS OF SALE - Public Auction

THE PLACING OF A BID SHALL CONSTITUTE ACCEPTANCE OF THESE CONDITIONS OF SALE BETWEEN BIDDER AND DANIEL F. KELLEHER AUCTIONS, LLC ("KELLEHER")

BIDDING

1. Unless announced otherwise by the auctioneer, all bids are per lot, as numbered in the printed Catalogue. Kelleher, as agent for the consignor or vendor, shall regulate the bidding and shall determine the manner in which the bidding shall be conducted. Kelleher reserves the right to withdraw any lot prior to sale (without liability to any potential purchaser or agent), to re-offer any withdrawn lot, to divide a lot or to group two or more lots belonging to the same consignor or vendor, and to refuse any bid believed not made in good faith. Estimates of sales prices contained in the printed Catalogue reflect the best judgment of Kelleher and are not minimum or upset prices.

2. (a) Bids shall be made in the steps set forth on the bidding page for increments. (b) The highest bid acknowledged by the auctioneer shall prevail. Should a dispute arise between bidders (including a dispute between a floor or internet bidder and the auctioneer acting on behalf of a mail bidder, consignor or vendor, the auctioneer alone shall determine who the successful bidder is and whether to reoffer the lot in dispute. Should a dispute arise after the sale, the auctioneer's sale records shall be conclusive. On all lots sold, a commission of 20% * on the hammer price is payable by the buyer to the auctioneer together with any sales and use tax or customs duties. (c) Lots may be re-opened as necessary to accommodate connectivity issues or incorrect bids.

3. (a) The auctioneer reserves the right to bid on behalf of clients (and consignors or vendors) but shall not be liable for errors and omissions in executing instructions to bid, however received, and whether such errors or omissions be those of the bidder or agent or those of the auctioneer.

(b) Lots are offered subject to a reserve price. The auctioneer will implement such reserve price by bidding on behalf of the consignor/ vendor. (c) It may also be assumed that all consignors have been advanced monies against the sale of their consigned material and Kelleher therefore has a security interest in the consigned material over and above the normal auction commission.

(d) Purchases made by a consignor or vendor or his agent on his own lots shall be considered as a sale subject to commissions and sales tax as applicable.

(e) Agents are responsible for the payment of the purchase price for all purchases made on behalf of their clients, unless other arrangements with the auctioneer have been confirmed in writing prior to the auction.

PAYMENT FOR PURCHASES

4. (a) Payment for lots, including those on which opinions are desired (Extensions), shall be as follows:

(b) Floor Bidders. Payment of the purchase price, or such part thereof as Kelleher shall require, shall be made by the purchaser in cash, bank or certified check, credit card, PayPal or in such other manner as Kelleher may determine. The name and address of the purchaser of each lot shall be given to the auctioneer immediately following the sale of such lot.

(c) Mail/Internet/FAX/Website Bidders. A successful mail bidder will be notified of lots purchased. Before Kelleher will send such lots, payment in full must be received by Kelleher within three (3) business days of receipt of the aforesaid notification by the mail bidder. However, a purchaser known to Kelleher at his option may have purchases delivered or forwarded for immediate payment (by a dollar draft, ACH or wire transfer from a U.S. bank in the case of overseas purchasers). Mailed delivery will be to the address on the bid sheet and proof by Kelleher of receipt of a sending at the advised address shall constitute delivery. This includes disputes for payments made via PayPal and/or credit card. Buyer acknowledges that he/she waives their right to file a dispute in such cases with PayPal or their Credit Card Company. All charges for handling, delivery and insurance obtained by Kelleher on behalf of the purchaser shall be added to the purchase price; a minimum charge of \$20.00 will be made for same.

5. Title shall not pass to the purchaser until full payment has been received by Kelleher as agents for the consignor or vendor.

6. (a) Purchasers agree to pay for lots as specified in Condition of Sale 4 (or as the same may be modified by Condition of Sale 8), and no credit is extended; a late payment charge of 2% per month or fraction thereof shall be added if payment is not made in accordance with the aforesaid conditions.

(b) In the event that a bidder shall fail to comply with these Conditions of Sale ("Non-Complying Bidder"), then, as to any lot with respect to which such failure to comply occurs, Kelleher, may, in its sole discretion, re-offer such lot during the same auction or at an auction at a later time, or by private treaty sale at such time as Kelleher Auctions, in its sole discretion, deems appropriate and the Non-Complying Bidder shall be liable for the deficiency, if any, between the hammer price and the net proceeds of a sale to a subsequent purchaser, whether at auction or by private treaty, as well as for all costs and expenses of both sales, including all other charges due thereunder, including commissions with respect to both sales, whether payable to Kelleher or to a third party and all incidental damages. It shall be in Kelleher's sole discretion to determine whether to re-offer the lot theretofore hammered-down to a Non-Complying Bidder at the same auction, or by private treaty in due course, or at a subsequent auction conducted by Kelleher. In no event shall any surplus arising from the sale of a re-offered lot be payable to a Non-Complying Bidder.

(c) A defaulting purchaser shall be deemed to have granted Kelleher a security interest in property in Kelleher's possession owned by such purchaser. Kelleher shall have all of the rights afforded a purchase money secured party under the Connecticut Uniform Commercial Code (UCC) with respect to such property and may apply against such obligations all monies held or received by it for the account of, or due from Kelleher to such purchaser. Kelleher is authorized to file a Financing Statement in order to perfect its rights as a secured party.

(d) If Kelleher takes any legal steps to secure payment of a delinquent account, the defaulting purchaser shall be liable for all legal and other expenses incurred by Kelleher to secure such payment, including but not limited to a reasonable allowance for attorneys' fees. For purposes of this paragraph, the term legal steps shall be deemed to include any and all consultation by Kelleher with its attorneys with respect to all matters arising out of a delinquent account.

(e) Unless otherwise acceptable to Kelleher, payment is to be made only in the form of cash, bank check or certified check, personal check (which must clear prior to delivery of lots), credit card (AMEX, Visa, MasterCard and Discover), PayPal or a bank ACH or wire transfer. Payments made by credit card are accepted as a courtesy without surcharge.

Featured Biography

James Ginsburg

James A. Ginsburg is a veteran attorney and has been practicing law since 1968. He is a sole practitioner in Real Estate Transactions and acts as General Counsel for The Bilak Companies, a company involved with the purchase and operations of shopping centers throughout the Western United States.

Mr. Ginsburg received his J.D. from the University of Minnesota Law School, where he was on the law review and earned his undergrad degree from the same university. He also played varsity basketball at the University of Minnesota. Mr. Ginsburg has active memberships with the State Bar of California and the Los Angeles County Bar Association since 1969. His hobby allowed him great pleasure and relaxation after long days at the office.

James' passion for stamp collecting began when he was 10 years old, being introduced by his uncle, who was a serious philatelist. His father also facilitated his collecting by bringing stamps to him from the post office for his collection which helped him grow his collection. He remembers going to Woolworth's and the five and dime, where he could buy "Lots" of stamps for mere pennies. These packets ignited his interest even further in stamps, allowing his interest in geography and history to become engaged. As he lived near a post office, he clearly remembers the thrill of the hunt in asking the postal clerk if he would remove the Plate Block from the sheet of stamps, allowing him to purchase it, "What a thrill!"

As his teenage years began, what we call the "fumes"; car fumes and perfumes, where sports and girls became more of a priority, his stamp collection took a backseat. Fast forward to his graduation from Law School and landing his first job where he began to make some "real" money, which allowed him to revisit his collecting. This placed him into a different category as a serious collector, allowing him to buy the more "expensive" items. This is when he truly began the quest of collecting early United States Plate blocks, and also became attracted to early Canadian plate Blocks. Along the way he connected with some very enthusiastic professionals and collectors that assisted in his quest. Among them was a longtime friend and dealer Larry Brassler who had a local stamp store. He truly loved going there and purchasing some very nice stamps and plate blocks, with Larry's guidance and help. As time went on, he realized he needed to expand his exposure to find some of the items Larry didn't have and started to attend stamp shows. That is where he met Bobby Prager and became friends with him instantly. Bob really helped me focus on "Quality" rather than quantity, showing me why and how this was best. It is with all of these great connections from my uncle to Larry Brassler and then Bob Prager that I was able to build my collection which I am now sharing with you. I hope that you enjoy

seeing it and acquiring items of interest as much as I did when I searched these items out. Good luck and happy hunting!

In early 1917, the NYC post office returned a small excess supply of sheets of Scott 344, which was first issued in December 1908, with wide selvage at left and narrow selvage at bottom, to the Bureau for credit. However, the Bureau (No tops exist!) chose to perforate the sheets using the contemporary Perf 11 wheels and return them to the New York City post office for public sale in October 1917. Since this was an atypical situation which had never happened previously, the normal procedure of releasing stamps was not followed, and the public was not informed. It is estimated that 30-40 plate blocks exist today.

1918 WASHINGTON-FRANKLIN ISSUE, FLAT PLATE, PERF 11

- 248 ★★田 **1918, \$2 orange red & black (Scott 523)**, full top double plate #8179 - 8177 block of 8 with arrow and marker, o.g., never hinged, a lovely plate block with gorgeous color and clarity, strong perforations, Extremely Fine, ex-Zoellner where aggressively described as “very faint natural gum bends and tiny natural gum skip, very slight oxidation; the top left stamp shows very slight discoloration at left edge only not affecting gum. Scott \$17,500. Estimate \$12,000 - 18,000

In August 1918, the \$2 Franklin was issued with an orange red frame, and in November 1920, it began appearing with a carmine frame; philatelists logically believed the carmine color to be an error, only to learn that carmine was the correct color, and Orange Red was, in fact, the wrong color. Johl Vol. 1 p. 307 lists the quantities delivered to postmasters during the fiscal years ending June 30, as reported by the Director of the B.E.P. — 1919 - 40,561, 1920 - 28,670, 1921 - 148,367. etc. Since stamps with a carmine frame were issued Nov. 1, 1920, exactly 4 months into the fiscal year, we will assume that 1/3 of the \$2 Franklins printed in 1921 were stamps with the orange red frame (approximately 49,500), which would mean that approximately 118,731 stamps were delivered with the orange red frame to postmasters. The stamps were printed in sheets of 100 meaning approximately 1,187 sheets were delivered, and with one plate block per sheet, one could assume that 1,187 plate blocks were produced, and as always, only a small percentage survived.

Estimate \$3,500 - 5,000

Johl Vol. 1 p. 308 lists the quantities delivered to postmasters during the fiscal years ending June 30, as reported by the Director of the B.E.P. and totals them at 296,653. The stamps were printed in sheets of 100 meaning approximately 2,966 sheets were delivered, and with one plate block per sheet, one could assume that 2,966 plate blocks were produced, and as always, only a small percentage survived, with a mere 10-15 remaining in never hinged condition today.

Seeking to improve the quality of its product, the BEP created special plates with slightly wider spacing between the stamps. Like the regular plates, the special plates consisted of 4 panes of 100, but stars were added to the top right pane only — located either to the left of the plate number in the top selvage, or below the plate number in the right selvage. This helped direct the special plates to the perforating machines that the BEP had modified specifically for these special plates. At first, plate no. 16758 was created with a small 5-point star (top selvage), then 10 plates were created with a large 6-point star (top selvage), then plate no. 17196 was created with a large 6-point star (right selvage), and, lastly, the Bureau created plates with a large 5-point star (38 top and 383 right). Scott \$3,250. Estimate \$2,000 - 3,000

Seeking to improve the quality of its product, the BEP created special plates with slightly wider spacing between the stamps. Like the regular plates, the special plates consisted of 4 panes of 100, but stars were added to the top right pane only — located either to the left of the plate number in the top selvage, or below the plate number in the right selvage. This helped direct the special plates to the perforating machines that the BEP had modified specifically for these special plates. For the 13¢ issue, 2 special plates with 5-pointed stars at the right were created, but no plate blocks from the other plate number (18113) have ever appeared on the market. FYI, special plates were also created for the 2¢, 12¢, 15¢ & 20¢ issues (Scott 554, 577, 564, 566 & 567).

When trying to visualize this shade, the word "deep" should be thought of as a synonym of "intense", rather than "dark"... "The beginning of these color shades is told in a report in the April 1960 American Philatelist. According to the article, before the 30¢ stamp was issued, President Franklin Roosevelt was presented with two 30¢ sheets, one in blue and the other in ultramarine.... he chose the ultramarine color. The blue sheet was then taken back to the Bureau for destruction. The messenger who delivered the sheets requested that a block of four of the blue color be given to the President as a gift... and this was done." Rustad goes on to say that Roosevelt later gave the block to a Mr. Kohen with the understanding that Kohen hold it for at least "15 years after Roosevelt's death and Mr. Kohen agreed. In 1958, Kohen obtained a P.F. certificate for the block... USPS was completely unaware of this until after the stamp was issued. Despite the similar printing quantities and USPS's offer to fill orders for particular perforation varieties only if full panes were ordered (while supplies lasted; orders for smaller units would also be filled but without regard to perforation requests) very few of the perf 12 version have survived.
