## Featured Biographies

### **Mike Laszewski**

Mike began collecting stamps at the age of 11 after finding his deceased uncle's childhood album in his grandmother's attic. Thus began a lifelong love of stamps. His collecting was consistently fueled by his love of American history and the stories that his stamps told. Mike is a visual person which in part explains his attraction to philately as well as his career choice as a physician and specifically a pathologist. At times, his collecting was interrupted because of education, career development or the demands of raising his family, but he always came back to his albums to pursue and renew his passion.

Initially, collecting was focused on filling empty spaces in his albums with material he could afford, however over the years, he was able to narrow his focus and purchase higher quality material. He began collecting postal history, especially early 20th century commemorative issues later in life. His favorite commemorative issue is the 1901 Pan-American Issue because of the beautiful and colorful engraving of the stamps and the important stories that they tell about the industrialization and expansion of our nation in the post civil war era. Besides his philatelic pursuits, Mike enjoys spending time with his family, reading and working out and staying active.

- 4410 France, An Outstanding High-Quality Stock Replete with Scarce and Rare Issues, 1850-1935**, Certainly, one of the finest intact stocks that we have had the pleasure of offering you. Many, many hundreds of sets and singles with the emphasis on quality issues up to and over \$1000. each in Scott. The main value is in mint but there is nice used as well primarily in the classic issues. All is housed on “102” sales cards and many have the Scott value and if mint, o.g., N.H. or no gum and if a fault is present, it is usually so noted. This makes it easy to sell online with a minimal amount of effort. The dealer loved France which can easily be ascertained when you peruse the scans to see just how many scarce mint issues he has acquired in Never Hinged or acceptable o.g. copies. Just the highlights pictured have a Scott value in excess of \$51,000. and there is a massive amount left in the long Red box that is unscanned. The most popular issues such as the Sage and Merson are present in mint quantities which are usually modest from 3 to 5 copies but occasionally more, even the early issues if imperforate are often four margins and sound copies. Rather than detailing every item over \$100. or more the scans help but viewing this stock in-person is both a pleasure and an education to grasp the potential profit that can be made. In addition to the regular and commemorative issues which go up to 1935 there is a section of semi-postals and Air Post sets and singles followed by Postage Dues which contain a number of better items. The condition is exceptional with most being Fine to Very Fine and a fair amount of strictly Very Fine and N.H. is included. There are some faults, but this is not your usual stock loaded with defective 19th century. Its Scott value is huge when you calculate the balance, it will be a fun project! Ex-Windsor Worldwide Inventory. (photo on web site)..... Estimate \$7,500 - 10,000

**Laurence Gibson** started in the stamp business professionally in the early '80s with Earl P.L. Apfelbaum. During his 15 years tenure, Laurence co-conducted the APS Stamp Camp seminars for "The Financial Side of Stamps." For each of the 4-5 years, he instructed, the course was sold out.

He remarks, "I started studying Asian philately then... taking several trips to China in the early 1990s. I was the U.S. correspondent for China Philately, the official Chinese government publication in the mid-80s, and was invited to attend the Beijing show for the 100th anniversary of Chairman Mao's birth in 1993. I even had dinner in the Great Hall of the People... it was a real experience back in those earlier days! I also wrote articles on Far Eastern philately for Linn's and Scott Stamp Monthly for their Passage to Asia columns. I did a ton of original research on China, Japan, and other Asian stamps and had many articles published."

Laurence then went to Michael Rogers, the Far Eastern specialist, in the mid-'90s. With Laurence's help, Michael dynamically increased his market share and revenue. He oversaw many important "One Owner" sales and brokered the famous "Sun" collection of Red Revenues for \$2.5 million to a collector who eventually sold it through another auction firm. Laurence spent over five valuable years with the Rogers business in Winter Park, Florida, before joining the Greg Manning firm in 2003. Six months later, he became the Chief operating officer for Manning's entire philatelic division. After Greg left, Laurence became CEO of the division. In 2003, he acquired John Bull Public Auctions in Hong Kong for the group and held the title of Managing Director until June 2010, subsequently, he joined **Daniel F. Kelleher Auctions as Co-Chairman.**

# CONDITIONS OF SALE - Public Auction

THE PLACING OF A BID SHALL CONSTITUTE ACCEPTANCE OF THESE CONDITIONS OF SALE BETWEEN BIDDER AND DANIEL F. KELLEHER AUCTIONS, LLC ("KELLEHER")

## BIDDING

1. Unless announced otherwise by the auctioneer, all bids are per lot, as numbered in the printed Catalogue. Kelleher, as agent for the consignor or vendor, shall regulate the bidding and shall determine the manner in which the bidding shall be conducted. Kelleher reserves the right to withdraw any lot prior to sale (without liability to any potential purchaser or agent), to re-offer any withdrawn lot, to divide a lot or to group two or more lots belonging to the same consignor or vendor, and to refuse any bid believed not made in good faith. Estimates of sales prices contained in the printed Catalogue reflect the best judgment of Kelleher and are not minimum or upset prices.

2. (a) Bids shall be made in the steps set forth on the bidding page for increments. (b) The highest bid acknowledged by the auctioneer shall prevail. Should a dispute arise between bidders (including a dispute between a floor or internet bidder and the auctioneer acting on behalf of a mail bidder, consignor or vendor, the auctioneer alone shall determine who the successful bidder is and whether to reoffer the lot in dispute. Should a dispute arise after the sale, the auctioneer's sale records shall be conclusive. On all lots sold, a commission of 20% \* on the hammer price is payable by the buyer to the auctioneer together with any sales and use tax or customs duties. (c) Lots may be re-opened as necessary to accommodate connectivity issues or incorrect bids.

3. (a) The auctioneer reserves the right to bid on behalf of clients (and consignors or vendors) but shall not be liable for errors and omissions in executing instructions to bid, however received, and whether such errors or omissions be those of the bidder or agent or those of the auctioneer.

(b) Lots are offered subject to a reserve price. The auctioneer will implement such reserve price by bidding on behalf of the consignor/ vendor. (c) It may also be assumed that all consignors have advanced monies against the sale of their consigned material and Kelleher therefore has a security interest in the consigned material over and above the normal auction commission.

(d) Purchases made by a consignor or vendor or his agent on his own lots shall be considered as a sale subject to commissions and sales tax as applicable.

(e) Agents are responsible for the payment of the purchase price for all purchases made on behalf of their clients, unless other arrangements with the auctioneer have been confirmed in writing prior to the auction.

## PAYMENT FOR PURCHASES

4. (a) Payment for lots, including those on which opinions are desired (Extensions), shall be as follows:

(b) Floor Bidders. Payment of the purchase price, or such part thereof as Kelleher shall require, shall be made by the purchaser in cash, bank or certified check, credit card, PayPal or in such other manner as Kelleher may determine. The name and address of the purchaser of each lot shall be given to the auctioneer immediately following the sale of such lot.

(c) Mail/Internet/FAX/Website Bidders. A successful mail bidder will be notified of lots purchased. Before Kelleher will send such lots, payment in full must be received by Kelleher within three (3) business days of receipt of the aforesaid notification by the mail bidder. However, a purchaser known to Kelleher at its option may have purchases delivered or forwarded for immediate payment (by a dollar draft, ACH or wire transfer from a U.S. bank in the case of overseas purchasers). Mailed delivery will be to the address on the bid sheet and proof by Kelleher of receipt of a sending at the advised address shall constitute delivery. This includes disputes for payments made via PayPal and/or credit card. Buyer acknowledges that he/she waives their right to file a dispute in such cases with PayPal or their Credit Card Company. All charges for handling, delivery and insurance obtained by Kelleher on behalf of the purchaser shall be added to the purchase price; a minimum charge of \$20.00 will be made for same.

5. Title shall not pass to the purchaser until full payment has been received by Kelleher as agents for the consignor or vendor.

6. (a) Purchasers agree to pay for lots as specified in Condition of Sale 4 (or as the same may be modified by Condition of Sale 8), and no credit is extended; a late payment charge of 2% per month or fraction thereof shall be added if payment is not made in accordance with the aforesaid conditions.

(b) In the event that a bidder shall fail to comply with these Conditions of Sale ("Non-Complying Bidder"), then, as to any lot with respect to which such failure to comply occurs, Kelleher, may, in its sole discretion, re-offer such lot during the same auction or at an auction at a later time, or by private treaty sale at such time as Kelleher Auctions, in its sole discretion, deems appropriate and the Non-Complying Bidder shall be liable for the deficiency, if any, between the hammer price and the net proceeds of a sale to a subsequent purchaser, whether at auction or by private treaty, as well as for all costs and expenses of both sales, including all other charges due thereunder, including commissions with respect to both sales, whether payable to Kelleher or to a third party and all incidental damages. It shall be in Kelleher's sole discretion to determine whether to re-offer the lot theretofore hammered-down to a Non-Complying Bidder at the same auction, or by private treaty in due course, or at a subsequent auction conducted by Kelleher. In no event shall any surplus arising from the sale of a re-offered lot be payable to a Non-Complying Bidder.

(c) A defaulting purchaser shall be deemed to have granted Kelleher a security interest in property in Kelleher's possession owned by such purchaser. Kelleher shall have all of the rights afforded a purchase money secured party under the Connecticut Uniform Commercial Code (UCC) with respect to such property and may apply against such obligations all monies held or received by it for the account of, or due from Kelleher to such purchaser. Kelleher is authorized to file a Financing Statement in order to perfect its rights as a secured party.

(d) If Kelleher takes any legal steps to secure payment of a delinquent account, the defaulting purchaser shall be liable for all legal and other expenses incurred by Kelleher to secure such payment, including but not limited to a reasonable allowance for attorneys' fees. For purposes of this paragraph, the term legal steps shall be deemed to include any and all consultation by Kelleher with its attorneys with respect to all matters arising out of a delinquent account.

(e) Unless otherwise acceptable to Kelleher, payment is to be made only in the form of cash, bank check or certified check, personal check (which must clear prior to delivery of lots), credit card (AMEX, Visa, MasterCard and Discover), PayPal or a bank ACH or wire transfer. Payments made by credit card are accepted as a courtesy without surcharge.

If an opinion of a mutually acceptable authority is desired (Extension), the period of time within which a lot must be received by Kelleher will be extended in accordance with Condition of Sale 7(g). In the event that a dispute cannot be resolved by reference to a mutually acceptable authority, and Kelleher thereupon undertakes to re-offer the lot with a description identical to the description disputed, the Returning Purchaser shall be liable for the deficiency, if any, between the proceeds of the sale to the Returning Purchaser and the proceeds of a sale to a subsequent purchaser, as well as for all costs and expenses of the re-sale, including commission, and all incidental damages. (e) Expenses incurred by a purchaser in the submission and the return of a lot under Conditions of Sale 7 is not subject to refund. (f) Numerical grading is subjective and is based upon the condition of each issue. Lots may not be returned if a third party grades a stamp at lower than our grade.
