Michael Urbano

My dabbling in postage stamps began in the early 1950s when my family received letters from Italy. I would soak the stamps off the envelopes and mount them in a composition notebook.

Knowing nothing of hinges, I mounted the stamps using LePage's glue, which made the stamps worthless and the pages brittle. Oh well. Live and learn. In middle school in Albany, NY, with a little help from a local stamp shop and a brand new Harris Liberty album, I began my quest of US stamps. It was a slow process limited by a modest allowance. Purchasing a few stamps from the local shop and a few more approvals, I slowly but surely began to populate my album pages. But, it wasn't until after college that things began to accelerate, thanks to the Bell Labs stamp club, which circulated APS circuit books to other collectors in my department.

One thing I didn't learn from the stamp club was how to use the proper kind of paper that would come in contact with my stamps. So, I continued during the early years of our marriage (the 1960s) using wax paper to fashion tiny envelope-like mounts for each of my stamps. I mounted these tiny envelopes in my album using Scotch tape! I got lucky- none of stamps were damaged and all managed to survive until my wife, Mary Ann, bought me the eight-volume set of Scott Platinum hingeless albums when I was promoted and we moved from New Jersey to Pennsylvania (in the 1990s).

These new albums were a real trigger for me; they revealed all that I had been missing in the way of a more complete US collection, and so I progressed from attending a bourse or two, to traveling to shows and attending auctions. Eventually online philatelic marketplaces (e.g., HipStamp) and reputable dealer catalogs (e.g., Century Stamps) caught my eye. Little by little I was able to build a substantial US collection that today includes some really nice copies of 19th century and early 20th century US stamps, with over 230 certificates of authenticity. Some of those certs were issued by the APS, which I proudly joined in 1994. The APS provided many opportunities to broaden my horizons: I attended several summer programs when they were held in State College, PA, and to this day I enjoy reading the APS publications.

Rev. Wendell Paul Karsen

Rev. Wendell Paul Karsen on November 16, 1936 in Oak Park, IL and raised in the Chicago area with his sister, Nancy.

He holds degrees from Wheaton College (BS in 1958), Fuller Theological Seminary (BD in 1962) and Western Theological Seminary (ThM in 1967). He was ordained as a minister of word and sacrament in the Reformed Church in America in 1963. He served two parishes in Michigan for seven years and then as an RCA missionary in Taiwan (1969-1973), Hong Kong (1974-84, 1990-98), Indonesia (1998-2000) and Thailand (2023). He also served as a visiting professor at the RCA's Western Theological Seminary (1984-85) and as the denomination's Coordinator for Mission Communication and Secretary for Appalachia (1985-90). In 1996, he became the pastor of Union Church Hong Kong and in 1999 became the founding pastor of the Bukit Doa International Church in Bali, Indonesia. After retirement in 2000, he served as the Director of the Master of Theology program at Western Seminary (2001- 2006). In 2012, he received a distinguished alumnus of the year award from the Seminary. In Taiwan, he served as the Director of University Student Work for the Presbyterian Church in Taiwan during what was known as the "White Terror" period under the Chiang Kai-shek Nationalist regime. The regime persecuted the PCT, and because of Wendell's involvement in the Church's struggle, he was banned from the island for 19 years.

Transferred to Hong Kong, he first served as chaplain and teacher at Ying Wa College (1974-77) and then as Education Secretary for the Hong Kong Christian Council (1978-84). There he developed the Summer With A Purpose (SWAP) program for high school young people, launched the HKCC's English quarterly NEWS & VIEWS, directed the HKCC's Communications Centre and helped to establish the Religious Education Teachers' Association.

He also wrote a major five-year, five volume religious education textbook series entitled the FAITH & LIFE SERIES which was adopted by the Hong Kong Government Education Department as the official secondary religious education curriculum. Upon his return to Hong Kong in 1990, Wendell resumed his post as Education Secretary at the Hong Kong Christian Council, served as Coordinator and Producer for the Hong Kong Government's Religious Broadcasting and Television Advisory Committee and wrote a new three volume religious education textbook series for senior secondary school students entitled FAITH FOR TODAY, also adopted by the Government Education Department as the official senior secondary religious education curriculum. Wendell is the author of fifteen books and numerous articles, including many articles on China. He first visited The People's Republic of China in 1977, has made 23 trips there since that time, and has led six mission education travel seminars there. In 2003, the Taiwan Foundation for Democracy invited him back to Taiwan where the President of Taiwan presented him with an award for assisting in the development of democracy and human rights during the 'white terror' period. His written account of his experiences in Taiwan was the spark that set off a major eight-year project to record the context and content of his ministry in Southeast Asia in two volumes entitled The Church Under the Cross: Mission in Asia in Times of Turmoil (published by Eerdmans in 2010 and 2012 respectively, and updated to a four-volume series and republished in 2024).

Wendell has had many interests - traveling (97 countries and territories over 72 years), gardening (including a small current flower garden behind our cottage), fishing, bird watching (still has two active bird feeders) photography (over 40,000 images and still clicking), reading (especially history), music (mainly classical and Christian), writing (even though he got poor grades in English), stamp collecting (7 collections) and ancestry.

William R. Gieseke

William R Gieseke was born in 1938. By his young teen years, he was diagnosed with a degenerative eye cornea disease and could not be in the sun. Because of this condition, he took up stamp collecting as his lifelong hobby thus, resulting in an enormous stamp collection. He enjoyed the stamp shows and the wonderful people who also had the passion for that hobby. He would travel to many stamp shows and make lifelong friendships. He was a US veteran, married to Virginia for 42 years, and had four children and 14 grandchildren.

Please note that late payment for purchases may, at Daniel F. Kelleher's option, be considered just cause to revoke all return privileges.

Michael Urbano

My dabbling in postage stamps began in the early 1950s when my family received letters from Italy. I would soak the stamps off the envelopes and mount them in a composition notebook.

Knowing nothing of hinges, I mounted the stamps using LePage's glue, which made the stamps worthless and the pages brittle. Oh well. Live and learn. In middle school in Albany, NY, with a little help from a local stamp shop and a brand new Harris Liberty album, I began my quest of US stamps. It was a slow process limited by a modest allowance. Purchasing a few stamps from the local shop and a few more approvals, I slowly but surely began to populate my album pages. But, it wasn't until after college that things began to accelerate, thanks to the Bell Labs stamp club, which circulated APS circuit books to other collectors in my department.

One thing I didn't learn from the stamp club was how to use the proper kind of paper that would come in contact with my stamps. So, I continued during the early years of our marriage (the 1960s) using wax paper to fashion tiny envelope-like mounts for each of my stamps. I mounted these tiny envelopes in my album using Scotch tape! I got lucky- none of stamps were damaged and all managed to survive until my wife, Mary Ann, bought me the eight-volume set of Scott Platinum hingeless albums when I was promoted and we moved from New Jersey to Pennsylvania (in the 1990s).

These new albums were a real trigger for me; they revealed all that I had been missing in the way of a more complete US collection, and so I progressed from attending a bourse or two, to traveling to shows and attending auctions. Eventually online philatelic marketplaces (e.g., HipStamp) and reputable dealer catalogs (e.g., Century Stamps) caught my eye. Little by little I was able to build a substantial US collection that today includes some really nice copies of 19th century and early 20th century US stamps, with over 230 certificates of authenticity. Some of those certs were issued by the APS, which I proudly joined in 1994. The APS provided many opportunities to broaden my horizons: I attended several summer programs when they were held in State College, PA, and to this day I enjoy reading the APS publications.

Rev. Wendell Paul Karsen

Rev. Wendell Paul Karsen on November 16, 1936 in Oak Park, IL and raised in the Chicago area with his sister, Nancy.

He holds degrees from Wheaton College (BS in 1958), Fuller Theological Seminary (BD in 1962) and Western Theological Seminary (ThM in 1967). He was ordained as a minister of word and sacrament in the Reformed Church in America in 1963. He served two parishes in Michigan for seven years and then as an RCA missionary in Taiwan (1969-1973), Hong Kong (1974-84, 1990-98), Indonesia (1998-2000) and Thailand (2023). He also served as a visiting professor at the RCA's Western Theological Seminary (1984-85) and as the denomination's Coordinator for Mission Communication and Secretary for Appalachia (1985-90). In 1996, he became the pastor of Union Church Hong Kong and in 1999 became the founding pastor of the Bukit Doa International Church in Bali, Indonesia. After retirement in 2000, he served as the Director of the Master of Theology program at Western Seminary (2001-2006). In 2012, he received a distinguished alumnus of the year award from the Seminary. In Taiwan, he served as the Director of University Student Work for the Presbyterian Church in Taiwan during what was known as the "White Terror" period under the Chiang Kai-shek Nationalist regime. The regime persecuted the PCT, and because of Wendell's involvement in the Church's struggle, he was banned from the island for 19 years.

Transferred to Hong Kong, he first served as chaplain and teacher at Ying Wa College (1974-77) and then as Education Secretary for the Hong Kong Christian Council (1978-84). There he developed the Summer With A Purpose (SWAP) program for high school young people, launched the HKCC's English quarterly NEWS & VIEWS, directed the HKCC's Communications Centre and helped to establish the Religious Education Teachers' Association.

He also wrote a major five-year, five volume religious education textbook series entitled the FAITH & LIFE SERIES which was adopted by the Hong Kong Government Education Department as the official secondary religious education curriculum. Upon his return to Hong Kong in 1990, Wendell resumed his post as Education Secretary at the Hong Kong Christian Council, served as Coordinator and Producer for the Hong Kong Government's Religious Broadcasting and Television Advisory Committee and wrote a new three volume religious education textbook series for senior secondary school students entitled FAITH FOR TODAY, also adopted by the Government Education Department as the official senior secondary religious education curriculum. Wendell is the author of fifteen books and numerous articles, including many articles on China. He first visited The People's Republic of China in 1977, has made 23 trips there since that time, and has led six mission education travel seminars there. In 2003, the Taiwan Foundation for Democracy invited him back to Taiwan where the President of Taiwan presented him with an award for assisting in the development of democracy and human rights during the 'white terror' period. His written account of his experiences in Taiwan was the spark that set off a major eight-year project to record the context and content of his ministry in Southeast Asia in two volumes entitled The Church Under the Cross: Mission in Asia in Times of Turmoil (published by Eerdmans in 2010 and 2012 respectively, and updated to a four-volume series and republished in 2024).

Wendell has had many interests - traveling (97 countries and territories over 72 years), gardening (including a small current flower garden behind our cottage), fishing, bird watching (still has two active bird feeders) photography (over 40,000 images and still clicking), reading (especially history), music (mainly classical and Christian), writing (even though he got poor grades in English), stamp collecting (7 collections) and ancestry.

William R. Gieseke

William R Gieseke was born in 1938. By his young teen years, he was diagnosed with a degenerative eye cornea disease and could not be in the sun. Because of this condition, he took up stamp collecting as his lifelong hobby thus, resulting in an enormous stamp collection. He enjoyed the stamp shows and the wonderful people who also had the passion for that hobby. He would travel to many stamp shows and make lifelong friendships. He was a US veteran, married to Virginia for 42 years, and had four children and 14 grandchildren.

Please note that late payment for purchases may, at Daniel F. Kelleher's option, be considered just cause to revoke all return privileges.

Cuba

- 457 Cuba - Massive National Selection 1855-1950, Back of Book, Blocks & Pairs, Scott Numbered Pages**, Several thousand mint and used issues trace Cuban philately from the very dawn of the hobby in the middle of the 19th century through the mid-20th, combining a comprehensive regular section with an equally strong back-of-the-book portion on Scott numbered stock pages. Duplication is well controlled throughout, seldom spiking above a dozen copies and usually running well below that, with occasional glassines featuring several dozen copies of a particular stamp. The first half of the 20th century section stands out for its concentration of blocks and pairs, adding specialist appeal well beyond the standard single stamp representation. Shipping charges apply - weight 8.2 lbs. The century-plus span, back-of-the-book depth, and presence of blocks and pairs across the early 20th century make this a compelling resource for the Cuba collector looking to seriously build out their album, while the Scott numbered organization and controlled duplication give the dealer or accumulator a well-documented lot with clear subplot potential across multiple eras and collecting areas. Laurence Gibson started in the stamp business professionally in the early '80s with Earl P.L. Apfelbaum. During his 15 years tenure, Laurence co-conducted the APS Stamp Camp seminars for "The Financial Side of Stamps." For each of the 4-5 years, he instructed, the course was sold out.

He remarks, "I started studying Asian philately then... taking several trips to China in the early 1990s. I was the U.S. correspondent for China Philately, the official Chinese government publication in the mid-80s, and was invited to attend the Beijing show for the 100th anniversary of Chairman Mao's birth in 1993. I even had dinner in the Great Hall of the People... it was a real experience back in those earlier days! I also wrote articles on Far Eastern philately for Linn's and Scott Stamp Monthly for their Passage to Asia columns. I did a ton of original research on China, Japan, and other Asian stamps and had many articles published."

Laurence then went to Michael Rogers, the Far Eastern specialist, in the mid-'90s. With Laurence's help, Michael dynamically increased his market share and revenue. He oversaw many important "One Owner" sales and brokered the famous "Sun" collection of Red Revenues for \$2.5 million to a collector who eventually sold it through another auction firm. Laurence spent over five valuable years with the Rogers business in Winter Park, Florida, before joining the Greg Manning firm in 2003. Six months later, he became the Chief operating officer for Manning's entire philatelic division. After Greg left, Laurence became CEO of the division. In 2003, he acquired John Bull Public Auctions in Hong Kong for the group and held the title of Managing Director until June 2010, subsequently, he joined **Daniel F. Kelleher Auctions as Co-Chairman.**

1. Unless announced otherwise by the auctioneer, all bids are per lot, as numbered in the printed Catalogue. Kelleher, as agent for the consignor or vendor, shall regulate the bidding and shall determine the manner in which the bidding shall be conducted. Kelleher reserves the right to withdraw any lot prior to sale (without liability to any potential purchaser or agent), to re-offer any withdrawn lot, to divide a lot or to group two or more lots belonging to the same consignor or vendor, and to refuse any bid believed not made in good faith. Estimates of sales prices contained in the printed Catalogue reflect the best judgment of Kelleher and are not minimum or upset prices.

2. (a) Bids shall be made in the steps set forth on the bidding page for increments. (b) The highest bid acknowledged by the auctioneer shall prevail. Should a dispute arise between bidders (including a dispute between a floor or internet bidder and the auctioneer acting on behalf of a mail bidder, consignor or vendor, the auctioneer alone shall determine who the successful bidder is and whether to reoffer the lot in dispute. Should a dispute arise after the sale, the auctioneer's sale records shall be conclusive. On all lots sold, a commission of 20% * on the hammer price is payable by the buyer to the auctioneer together with any sales and use tax or customs duties. (c) Lots may be re-opened as necessary to accommodate connectivity issues or incorrect bids.

3. (a) The auctioneer reserves the right to bid on behalf of clients (and consignors or vendors) but shall not be liable for errors and omissions in executing instructions to bid, however received, and whether such errors or omissions be those of the bidder or agent or those of the auctioneer.

(b) Lots are offered subject to a reserve price. The auctioneer will implement such reserve price by bidding on behalf of the consignor/vendor. (c) It may also be assumed that all consignors have been advanced monies against the sale of their consigned material and Kelleher therefore has a security interest in the consigned material over and above the normal auction commission.

(d) Purchases made by a consignor or vendor or his agent on his own lots shall be considered as a sale subject to commissions and sales tax as applicable.

(e) Agents are responsible for the payment of the purchase price for all purchases made on behalf of their clients, unless other arrangements with the auctioneer have been confirmed in writing prior to the auction.

PAYMENT FOR PURCHASES

4. (a) Payment for lots, including those on which opinions are desired (Extensions), shall be as follows:

(b) Floor Bidders. Payment of the purchase price, or such part thereof as Kelleher shall require, shall be made by the purchaser in cash, bank or certified check, credit card, PayPal or in such other manner as Kelleher may determine. The name and address of the purchaser of each lot shall be given to the auctioneer immediately following the sale of such lot.

(c) Mail/Internet/FAX/Website Bidders. A successful mail bidder will be notified of lots purchased. Before Kelleher will send such lots, payment in full must be received by Kelleher within three (3) business days of receipt of the aforesaid notification by the mail bidder. However, a purchaser known to Kelleher at his option may have purchases delivered or forwarded for immediate payment (by a dollar draft, ACH or wire transfer from a U.S. bank in the case of overseas purchasers). Mailed delivery will be to the address on the bid sheet and proof by Kelleher of receipt of a sending at the advised address shall constitute delivery. This includes disputes for payments made via PayPal and/or credit card. Buyer acknowledges that he/she waives their right to file a dispute in such cases with PayPal or their Credit Card Company. All charges for handling, delivery and insurance obtained by Kelleher on behalf of the purchaser shall be added to the purchase price; a minimum charge of \$20.00 will be made for same.

5. Title shall not pass to the purchaser until full payment has been received by Kelleher as agents for the consignor or vendor.

6. (a) Purchasers agree to pay for lots as specified in Condition of Sale 4 (or as the same may be modified by Condition of Sale 8), and no credit is extended; a late payment charge of 2% per month or fraction thereof shall be added if payment is not made in accordance with the aforesaid conditions.

(b) In the event that a bidder shall fail to comply with these Conditions of Sale ("Non-Complying Bidder"), then, as to any lot with respect to which such failure to comply occurs, Kelleher, may, in its sole discretion, re-offer such lot during the same auction or at an auction at a later time, or by private treaty sale at such time as Kelleher Auctions, in its sole discretion, deems appropriate and the Non-Complying Bidder shall be liable for the deficiency, if any, between the hammer price and the net proceeds of a sale to a subsequent purchaser, whether at auction or by private treaty, as well as for all costs and expenses of both sales, including all other charges due thereunder, including commissions with respect to both sales, whether payable to Kelleher or to a third party and all incidental damages. It shall be in Kelleher's sole discretion to determine whether to re-offer the lot theretofore hammered-down to a Non-Complying Bidder at the same auction, or by private treaty in due course, or at a subsequent auction conducted by Kelleher. In no event shall any surplus arising from the sale of a re-offered lot be payable to a Non-Complying Bidder.

(c) A defaulting purchaser shall be deemed to have granted Kelleher a security interest in property in Kelleher's possession owned by such purchaser. Kelleher shall have all of the rights afforded a purchase money secured party under the Connecticut Uniform Commercial Code (UCC) with respect to such property and may apply against such obligations all monies held or received by it for the account of, or due from Kelleher to such purchaser. Kelleher is authorized to file a Financing Statement in order to perfect its rights as a secured party.

(d) If Kelleher takes any legal steps to secure payment of a delinquent account, the defaulting purchaser shall be liable for all legal and other expenses incurred by Kelleher to secure such payment, including but not limited to a reasonable allowance for attorneys' fees. For purposes of this paragraph, the term legal steps shall be deemed to include any and all consultation by Kelleher with its attorneys with respect to all matters arising out of a delinquent account.

(e) Unless otherwise acceptable to Kelleher, payment is to be made only in the form of cash, bank check or certified check, personal check (which must clear prior to delivery of lots), credit card (AMEX, Visa, MasterCard and Discover), PayPal or a bank ACH or wire transfer. Payments made by credit card are accepted as a courtesy without surcharge.
