American Bank Note Company

Established 1858

New York, N. Y.

Andrew Jackson served as the seventh President of the United States from 1829 to 1837. This stunning, full-face portrait, engraved for the National Bank Note Company circa 1860, was based on a miniature by John W. Dodge painted in 1842 at Jackson's Nashville, Tennessee home, *The Hermitage*.

The two-cent stamp, commonly referred to by collectors as the "Black Jack," was issued in 1863 and printed by the National Bank Note Company prior to its consolidation with the American Bank Note Company. The unique design, wherein the portrait dominates almost the entire stamp, has made it one of the most popular of all early United States issues.
