SPECIALIZING IN USED PLATE SINGLES

Postmark Collector:

As you see by my letterhead, I collect used plate number singles. I have issued a catalogue listing all the plate numbers since the Columbians, and most positions are priced according to their scarcity. If interested, it sells for \$2.00 a copy.

But, the main purpose of my letter is to introduce you to a new innovation in postmark collecting. You can see by this photographic copy how easy it is to collect postmarks this way.

I have thousands upon thousands of these sock-on-the-tab, from all over the country. Send me 100 used plate number singles and I will send you 300 of these in exchange.

I am sure that many of you of the P.M.C.C. will want to try this better way of collecting, which is much more compact.

Many years ago, I used to collect them 4" x 2" - with every day of the year, also, I soon discovered, that my closet was not big enough. You can mount these by states on Scott's loose-leaf and you have a collection that you can be proud of showing to your friends. Through the P.M.C.C. you will have all the opportunities to exchange your duplicates. Use plate number singles on your correspondence. Save them - and build a real postmark collection.

Yours for better collecting

Antonio Hebert

N.B. Please, if interested, do not send less than one hundred good sound copies.

The old Spanish architecture of the Union Station is definitely brought to mind by the beautiful Patio with its vivid flowers and tropical trees. This affords an outdoor dining room of real California atmosphere in which to greet one's friends.
