John J. Pershing

General of the Armies John J. Pershing (1860-1948) participated in the Sioux Indian uprising in South Dakota in 1890-91; in the Spanish-American War, and in May of 1917 was placed in command of the American Expeditionary Forces in World War I.

50-STAR FLAG

1963

Flag over White House

The American Flag unfurled in the breeze dominates this stamp, occupying about two-thirds of the stamp area. Underneath the flag is the White House. Because the flag is deemed sufficient designation, "United States" does not appear on this stamp.

GEORGE WASHINGTON

1962

George Washington

This stamp is based on a bust sculptured in 1785 by French artist Jean Houdon, which is judged by contemporaries to be the best likeness of Washington ever produced. An adaptation of this bust appeared on the Washington 3c stamp of 1851.

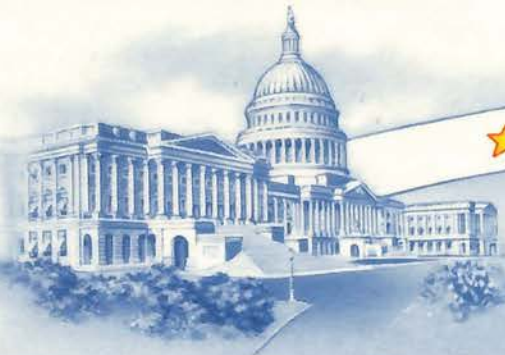

ANDREW JACKSON

1963

Andrew Jackson

The one-cent Jackson stamp design is based on a medal struck by the United States Mint as part of the presidential series. The medal, designed by Moritz Furst, was issued in 1829. This stamp was placed on first day sale March 22nd in New York City.
