Kelantan royal family tree

* Tengku Indera Petra was the Crown Prince from 1944-1948 and was bestowed the title Raja Muda.
 In 1948, when Kelantan obtained its first written Constitution, the title of the heir-apparent was changed to Tengku Mahkota.
 Shortly after the Constitution was published, in February 1948, Sultan Ibrahim removed Tengku Indera Petra as his heir.
 Tengku Indera Petra publicly renounced his and his future generations' claim to the throne.
 The Kelantan Council of Succession then named Tengku Yahya Petra as heir.
