JAMESTOWN STAMP CO. :: Jamestown, N. Y.

Printed in U.S.A.

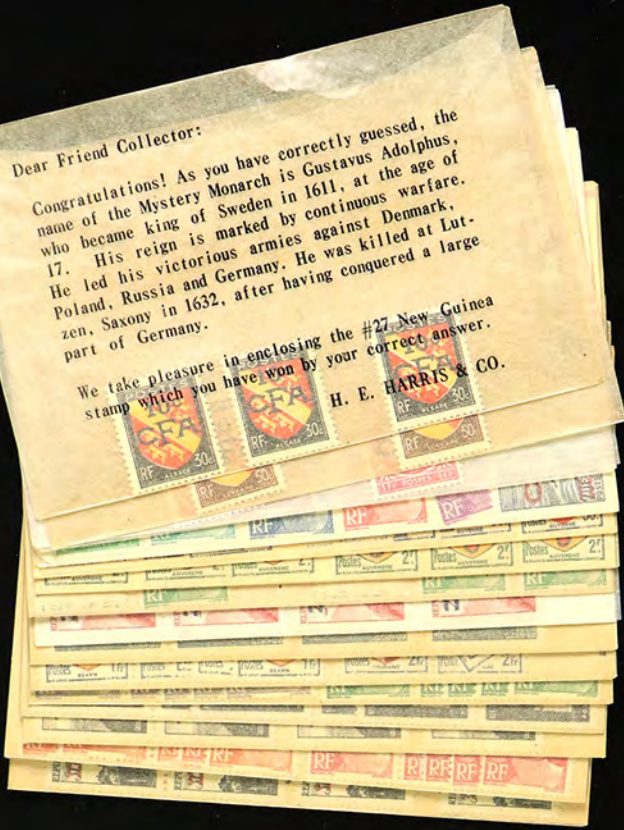

449-47

Dear Friend Collector:

Congratulations! As you have correctly guessed, the name of the Mystery Monarch is Gustavus Adolphus, who became king of Sweden in 1611, at the age of 17. His reign is marked by continuous warfare. He led his victorious armies against Denmark, Poland, Russia and Germany. He was killed at Lutzen, Saxony in 1632, after having conquered a large part of Germany.

We take pleasure in enclosing the #27 New Guinea stamp which you have won by your correct answer.
