United Wireless Telegraph Company: 1906-1911

United Wireless issued franks for five consecutive years. The earliest, from 1908 were signed by its General Manager, C.C. Galbraith. The 1909-1911 issues had some signed by Galbraith and some by it's President C.C. Wilson. In 1912, the last year of issue, the signature is foregone for authorization of the "Trustees in Bankruptcy." Shortly before, the United management had all been indicted for stock fraud. With the loss of it's upper management United Wireless declared bankruptcy and went into receivership in July 1911. They sold a lot a stock, and transmitted very few messages.
