City of Basel Tramway Stamps
(not a Revenue stamp)

The City of Basel streetcar started as a private business with the horse-drawn cars about in 1880. That lasted until 1895 when the tracks were installed for the electric tramways. The first tramway stamp was issued in 1916 but without any dates, that started in 1917 with two to four values, each a different color until 1929. Then until 1968 with only two values. The different values were used for different routes.
