JEWSBURY AND BROWN'S

ORIENTAL TOOTH PASTE

FOR CLEANING PRESERVING AND BEAUTIFYING THE TEETH & GUMS.

THIS ELEGANT PREPARATION, established by more than forty years' experience as that great desideratum—a thoroughly satisfactory Dentifrice. It is absolutely free from the least admixture of any mineral or pernicious ingredient. Whilst it is distinguished from all other Preparations by its extraordinary efficacy in removing Tartar, ensuring to the Teeth the most beautiful and pearly whiteness, arresting the progress of decay, and by its corrective and astringent properties, inducing a healthy action of the Gums, and a consequent firmness and brightness of colour. It gives peculiar sweetness to the breath, and, if used regularly, will preserve the Teeth and Gums in a sound and ornamental state to old age.

PREPARED BY JEWSBURY & BROWN, 13, MARKET STREET, MANCHESTER.
