SOUTH RUSSIA

LOCATION - An area in southern Russia bordering on the Caspian and Black Seas.

Denikin Issue - 1919

A provisional government set up and maintained by General Denikin in opposition to the Bolshevik forces in Russia following the downfall of the Empire. The stamps were used in the field postal service established for carrying on communication between various armies united in the revolt. These armies included the Don Cossacks, the Kuban Cossacks, and also the neighboring southern Russian people in favor of the counter-revolution against the Bolsheviks.

These stamps were issued at Ekaterinodar and used in all parts of South Russia that were occupied by the People's Volunteer Army under Gen. Anton Ivanovich Denikin. The inscription on the stamps reads "United Russia."

Stamps with rosettes instead of numerals in the small circles at the sides are fraudulent.
