Latest part perf. error discovered, and sent to me by the Moscow Philatelic Society to keep up the Roosevelt Russian collection which is in my possession.

Such errors are extremely rare and never available from any other source on this continent. I usually get panes or strips, in this case a strip of 10 pairs.

Price \$20.00 the block.

Willing to buy back at same rate at any time.

Another valuable group of errors, discovered by members of Moscow Philatelic Society and sent to me to keep up the Roosevelt collection of Russia in my possession. As I get up to 10 such pairs, have some over to sell and am the only dealer in the world able to offer anything of this nature. They are excessively rare; usually 10 each existing, are genuine errors, proof of which is the fact none are for sale through usual sources.
