Dear Sirs:

We are now able to return the stamp  
Germany #262a which you sent for expertizing  
on July 11th.

The overprint on this stamp is un-  
doubtedly made with a genuine plate, but due  
to the fact that this stamp with regular over-  
print was never printed officially and received  
the overprint only through a clandestine procedure  
we are unable to sign it. However, as the over-  
print was made from the genuine plates during the  
time of their use it must be considered as genuine  
as long as the regular #262 is considered as a  
regular stamp which is in fact not the case.

Sincerely yours,

Enc.-Ins.
