American Bank Note Commemoratives, Inc.

Newfane, Vermont 05345-0420

Dear Collector:

It is with great pleasure that we enclose the 1990 American Bank Note Archive Series.

This limited edition collection of fine engravings contain twelve vignette sheets and twelve historical data sheets.

The engravings have been intaglio-printed with specially formulated bank note inks on museum-quality, acid-free paper. In this way they will retain their beauty for years, whether you choose to frame them or keep them in the custom made portfolio created for the Series.

Each vignette sheet is accompanied by a data sheet providing historical information on each engraving. On the bottom of the data sheet you will find a pictorial key representing the engravings, for easy reference.

The titles appearing in quotes were assigned by the original engraver. Titles appearing without quotes were specially assigned by the American Bank Note Company archivist.

Our archival records have enabled us to assign dates to certain vignettes; these dates indicate the completion dates of the original engravings. Dates shown for the existence of our predecessor firms have been retrieved from our archival records and are accurate to the best of our knowledge.

On the data sheets, you will also find a list of security documents on which each vignette has appeared. (Please note, however, that this list cannot be considered all-inclusive.)

We wish to point out, again, that all of the paper used in this program, including the lining of the portfolio, is acid-free. However, the tissue paper placed between your folio sheets for added protection during shipment, are not acid-free. Please remove these tissues, as they may discolor your vignette sheets after a period of time.

We trust you will enjoy the 1990 American Bank Note Archive Series for many years to come.

Sincerely,

Aurelia Chen

CERTIFICATE OF AUTHENTICITY

American Bank Note Company

This is to certify that the engravings which appear on the folio sheets of the 1990 American Bank Note Archive Series are intaglio-printed and were selected from the original 19th and 20th century hand-engraved steel dies held in the vaults of the American Bank Note Company; and that the 1990 Series is strictly limited to 2,000 editions.
