# FIRST STAMPS OF ISRAEL

מעטפת היום הראשון  
FIRST DAY COVER

These stamps were issued May 16, 1948—the first day after the proclamation of the independence of Israel. The designs on the stamps were taken from ancient Jewish coins issued approximately two thousand years ago. The inscriptions are in Hebrew and Arabic. This historic "first-day cover" includes the first nine stamps issued, in denominations of 3 mils to 1,000 mils (L1) and carries a special notation in Hebrew, "A Gift of Remembrance", which is not available on any other covers. This was done by special arrangement between the United Jewish Appeal and the Postmaster General of the State of Israel.
