From 1858 the stamp design incorporated letters in all four corners.

They also included a plate number in their design.

This therefore affects their value; they are as follows.

Circular 'REGISTERED 12 PM __ 99 LOTHBURY' postmark. Lothbury is a short street in the City of London and is the headquarters of the Bank of England. The QV 5 pound stamp was issued in 1882 and remained in service for many years. It was the highest denomination postage stamp issued until 1977 when a 5 pound QEII Machin head design stamp was released.
