BELGIUM (1940) Hospital*. Very rare **telegram** for the benefit of the **Anvers Jewish hospital "Le Dispensaire Juif"**. This telegram was used instead of the traditional illustrated Belgium telegram and was delivered by a private organization. (Blue circular handstamp). It is an excellent **exhibit item** as it has been used and delivered. It was recommended to be used for a variety of occasions: **weddings, anniversaries, barmitzvah, circumcisions, new year**. The date: March 31, 1940 would lead us to believe that it was probably used for congratulations for **Passover**. This telegram formula exists in 3 different languages: French, Dutch and Hebrew, **this one being in French**. The use of these formulas was latter forbidden as they competed with the Post Office. **Exceptional exhibit item and extremely hard to find! \$250**
