

JORDAN

Palestine overprinted
(Dec. 2, 148)

These stamps were overprinted to be used in the West Bank area to indicate the Jordanian occupation of Palestine. They were later withdrawn and Jordanian stamps were used thereafter.

INTERIM

TAX STAMPS of

OF ISRAEL

LEBANON

RA 10, 5 piaster on 3 piaster

Since these postal tax stamps were required for the prepayment of mail for both domestic AND foreign use the single language Arab script overprints were soon found to violate the requirements of the U.P.U.

As a gesture for compliance with Universal Postal Union regulations, the lowest line of overprinting was modified to show the figure 5 in place of the Arab numeral Five on the left hand side.

6000

The negotiation for an Armistice between Lebanon and Israel started on 14 January 1949. As preliminary condition to the Armistice Agreement, Lebanon demanded the withdrawing of Israeli troops from five villages which Israel had occupied on Lebanon soil, north of the Mandate border. Israel complied, after a number of minor border changes were agreed upon by Lebanon.

The Armistice Agreement was signed on March 23, 1949 at Rosh Hanikra. With it, the use of the Lebanon Tax stamps for the support of Arabs in Palestine was discontinued.
