FRANCE

Local Issues of 1945

Saverne is located in the northern region of the French Province of Alsace in north eastern France on the border with Germany and Switzerland. After expulsion of the German military forces German stamps previously used in this province were overprinted for use in May and June of 1945 as illustrated below on the German Hitler head issues (Scott 115 and 116) of 1941-44. German military forces occupied Alsace after out-flanking the French Maginot Line fortifications in 1940. These are considered local issues and used examples are extremely rare. They were replaced by regular French stamps issued in Paris in July, 1945.
