Use of Italian stamps overprinted AMG-VG was authorized in Article 5 of general Order No. 9, dated July 25, 1945 and published in the September 15, 1945 issue of *Gazette Ufficiale* by the Allied Military authorities. Overprinting for the entire series was typographed by the firm of R. Fortuna in Trieste.

Design with Fasces

Due to the urgent need for postage stamps, some issues were overprinted AMG-VG even though they contained the fascist symbol of the Roman ax. Values containing this symbol were the 10c brown, 20c red and the 60c green

BRUNSWICK PRINTING

Using the same design as that of the Washington Printing, entirely new plates were made and used by the Georg Westermann Co. of Brunswick Germany. Minute variation in design allow for easy distinction between the various printings for the AMG in Germany.
