CIGARETTES, CIGARS, AND TOBACCO REVENUE STAMPS

When Revenue Stamps were first issued in 1862, it was to help pay for the Civil War. Since then, the stamps were used similarly during the Spanish-American War, World War I, and World War II. Thanks to these tiny pieces of paper, Americam troops were able to get the gear and supplies they needed to defend our freedom.

US Cigarettes Revenue stamps are "taxpaids", phrase used when the denomination is expressed as a rate per thousand. Class A cigarettes, wich are the most common, weigh three pounds or less per thousand.

In 1932, a series designation was inscribed on Cigarette Revenue stamps, with those issued labeled "102". Series 102 were replaced by Series 103 in 1933, Series 104 in 1934, and so forth each year that followed.

Over the years, as America's economy fluctuated, revenue taxes increased and decreased, too. The last US Revenue stamp was issued in 1962, making the end of an era.

1939

NEW YORK WORLD'S FAIR

If "all the world is a stage" and New York City the lead actor, these bird's eye vistas of Manhattan provide front row seats for an extraordinary visual performance!

Commissioned from the American Banknote Company by Eaton Paper for the World's Fair, the meticulous detail and vibrant colors of these New York landmarks show the art of engraving at its fascinant best!

1941

WINE REVENUE STAMPS

Revenue Stamps were used to off-set major government expenses. These "SERIES OF 1941" stamps were issued to help fund America's participation in World War II and then rebuild Europe.

The Internal Revenue Service charged a complex tax on wine, creating the need for many Revenue Stamps with odd fractional denominations.

The stamps were affixed directly to bottles, cases and even tankers of wine, so most were destroyed. That is why Wine Revenue stamps became very scarce in any condition.

BOYS TOWN

Boys Town is a village in Douglas County, a suburb of Omaha, Nebraska. The population was 745 at the 2010 census. It is a non-profit organization.

The beginning

Location

The village of Boys Town was established in 1917 as the headquarters of the Boys Town organization, also known as "Father Flanagan's Boys' Home", founded by Father Edward Joseph Flanagan. It is dedicated to the care, treatment, and education of at-risk children.

While started by a Catholic priest, Boys Town is not a Catholic organization with no official ties to the Catholic Church. Boys Town welcomes families and children from all faiths, races, or cultural background, even boys who were in prison for serious crimes. This was very uncommon in the early 20th Century.

Boys Town seal stamps are issued to promote and fund the organization.

BOYS TOWN

Father Flanagan saw **stamp**-collecting as a wholesome, educational hobby for the **boys** in his care. Located in the Boys Town Visitor Center, the Leon Myers Stamp Center is a museum and office. The Stamp Center promotes stamp collecting among youth and adults and supports Boys Town programs by selling donated stamps

Father Flanagan

Boys Town in 2017

USPS stamp from 1986

Born in Ireland in 1896, **Father Edward J. Flanagan** arrived in the United States in 1904. Eight years later, he was ordained a priest and assigned to the Diocese of Omaha. Father Flanagan became a social reformer and a true visionary for changing how America cared for its children and families, passionately speaking out and acting on social issues that few dared to address. He believed that children had the right to be valued, to have the basic necessities of life and to be protected. He sought to close reformatories and other juvenile facilities where children were abused and literally held as prisoners.

In 1917 he opened , which later became Boys Town, and championed the causes of children across the country.

Father Flanagan died in 1948, but his successors have faithfully carried on his legacy and the mission he started at **Boys Town**. Today, at 100 years strong, Boys Town still follows many of the same principles and practices that originated with Father Flanagan's vision.

CITRUS TAX STAMPS

During the Great Depression, Florida established an inspection program to control conditions under which oranges, tangerines and grapefruits were brought to market.

The taxes went into a special fund used to advertise the fruits. These taxes were collected using special stamps, the CITRUS STAMPS or the CITRUS ADVERTISING STAMPS.

Because these revenue stamps were affixed directly to boxes, baskets and cartons, few survived, becoming a interesting and seldom-seen pieces for collection.
