Robert Siegel Auction Galleries, Oct 2012, Sale 1032, Lot 3420

$2.00 Trans-Mississippi (Scott 293). Intense color on fresh paper, beautiful centering with wide and well-proportioned margins, New York registry cancel EXTREMELY FINE GEM. THE $2.00 TRANS-MISSISSIPPI ISSUE IS EXTREMELY DIFFICULT TO OBTAIN IN SUCH SUPERB CONDITION. THIS GORGEOUS STAMP HAS BEEN GRADED XF-SUPERB 95 BY P.S.E. All of the $2.00 Trans-Mississippi stamps were printed in a single day's run on June 3, 1898. The $2.00 was printed in sheets that have narrower spacing between the horizontal rows than between the vertical columns. For this reason, it is extremely difficult to obtain stamps with top and bottom margins that equal the sides. This stamp essentially achieves that unnatural effect, which could only occur when the horizontal perforations were applied in such a way that the holes impinged on the space allocated to the rows above and below. Brookman notes "the $2.00 is not easy to obtain well-centered as many of these stamps seem to be perforated close to the top and its color is such that it cancels rather badly. This combination makes fine used copies difficult to obtain. I consider it more difficult to obtain in choice used condition than any of the high values of the Columbian issue." With 1998 P.F. and 2005 P.S.E. certificates (XF-Superb 95, SMQ $8,500.00). This is the highest grade awarded and only four others share this grade.

Sold for $9,000 (with commission).

The Scott 293 Used on next page (B112A, bottom right) has three certifications: 2015 PSE, 2017 PSAG, and 2018 PF. All certifications state: **Scott 293 genuine used Grade 95 XF – Superb.**

1898 Trans-Mississippi Exhibition Issue

Produced in conjunction with the 1898 Trans-Mississippi International Exposition, this set features themes of American westward expansion. The set is widely considered to include some of the finest engraving of any United States stamps, with vignettes based on the work of renowned artists including Frederick Remington. It was originally intended to be produced by a two color printing process, but the advent of the Spanish American War diverted stamp production resources to revenue stamps needed for the war effort and the stamps were issued in single colors. After a short 6-month period of availability, an unknown quantity of unsold Trans-Mississippi stamps were returned to the Post Office and destroyed.

William McKinley (25th President) is pictured on the 5¢ Louisiana Purchase (map Sc# 327 10¢ stamp) commemorative stamp issued on April 30, 1904. Besides Jefferson, no other President was as aggressive in acquiring territories for the U.S. McKinley annexed Hawaii for its importance to U.S. interests in the Pacific and acquired from Spain the Philippines, Guam, Puerto Rico, and Cuba. McKinley espoused an "Open Door Policy", in which all nations would freely trade with China. Shot by an assassin on September 6, 1901; he died on September 14th.

Due to the unpopularity of the 1869 Pictorial series, the Postmaster General issued new stamps. The new issues were larger and of better quality. Heads, in profile, of famous deceased Americans were chosen as the new subject matter. Nicknamed the "Bank Note" stamps, this series was printed by three prominent bank note printing companies. Sc# 141 (1870, H grill) is the first of 13 United State stamps featuring Daniel Webster. The others: Sc# 152 (1870, no grill), Sc# 163 (1873), Sc# 174 (1875), Sc# 189 (1879), Sc# 226 (1890), Sc# 258 (1890), Sc# 273 (1896), Sc# 282C (1898), Sc# 283 (1898), Sc# 307 (1903), Sc# 725 (1932), and Sc# 1380 (1969).

On July 1, 1845, the U.S. Congress established uniform postal rates. The first postage stamps didn't appear until March 3, 1847. The Postmaster General authorized Postmaster Provisional stamps to be issued at twelve different post offices. Postmaster Provisional stamps are very rare -- only 5,500 of the 1845 New York Postmaster Provisional stamp were issued.

The New Haven, Ct., 1845 (1872 Seebeck reprint), 5¢ red on white (Scott 8XU1 var.), 3rd reprint of the New Haven Postmaster Provisional was made in 1932.

The 1898 Rhode Island reprints of 10X1 were counterfeited with heavy borders on all four sides. The originals and reprints have heavy borders only on the right and bottom edges .
